The Daily Morning Post.

PITTSBURGH, PA.

THURSDAY MORNING, MARCH 19, 1846.

CORRESPONDENTS.

In reference to communications which may appear in this paper, we have one or two remarks to make.—We will insert none without the name of the author being first made known to us, and when inserted, mustal ways be taken as expressive of the views *of the writer*, and not the editor of this paper, unless the views so expressed are editorially remarked upon and approved.

CLIPPER No. 2.—This is the name of another new and splendid steamer of very large dimensions, that takes her place in the Cincinnati line of packets this morning. Her dimensions are as follows: Length 210 feet, breadth 32 feet, depth of hold 6 feet, stroke 7 feet. The engine is constructed by Messrs Thos K Litch & Co, and the hull by Porter, the upholstry by Edmundson, the painting by Speer, and the joiner work by Millenger. The whole mechanical part shows for itself. But we venture to say that those who will take the trouble to pay her a visit, will readily concur with us, that she is one of the most perfect specimens of workmanship they have ever seen. She is comanded by Capt Crooks, whose long experience and popularity, cannot fail to please. The Clerk, Wm Wells, we all know to be a perfect gentleman, always kind and attentive to his guests.

Dr. Wistar's Balsam of Wild Cherry.—This celebrated remedy is a compound balsamic preparation of the *Wild Cherry* and *Moss of Iceland*, combined by a new chemical progress with the *Extract of Pine*. So salutery have been its effects in all cases when administred for Coughs, Asthma, Consumption, or any disease of the lungs, that many of the most distinguished physicians have approved and recommended it, and openly acknowledged it to be the most valuable medicine ever discovered. It is truly a valuable medicine, and is effecting an immense amount of good in the relief of suffering humanity.

☞ See Advertisement.

To Mothers.—The difficulty which every mother experiences in administering medicine to infants, is entirely obviated by Dr. Clickener's preparation, called the Sugar Coated Vegetable Purgative Pill. The pill is encosted with fine white sugar, so that it resembles and tastes like a sugar plum, which no child ever yet refused to swallow. For worms this is an assured remedy, and it has been used with excellent effect in teething. The matron of the Farm School writes to Dr. Clickener that she has used for some time, his Sugar Coated Pill in both these complaints, and always with entire success.

Sold by Wm Jackson, corner of Wood and Liberty streets, who is general Agent for Dr Clickener's Pills in Pittsburgh and vicinity.

☞ Beware of an imitation article called *"Improved Sugar-Coated Pills,"* purporting to be Patented as both the pills and pretended patent are forgeries. got up by a miserable quack, in New York, who, for the last four or five years, has made his living by counterfeiting popular medicines. mar 19

BY LAST NIGHT'S MAIL.

GREAT FRESHET.

Detention of the Mails.—The first train of cars from the East, under the new arrangement, due at 6 o'clock yesterday morning, did not reach this city until about 2 o'clock in the afternoon, having been detained by a great freshet and the breaking up of the ice in the Susquehanna, preventing the passage of the boat at Havre de Grace. The cars that left this city on Sunday evening were also similarly detained on this side of the river. We annex such accounts of the freshet, as have reached us, both in the Schuylkill and Susquehanna.

We received no Harrisburgh papers last evening, consequently have but little direct information relative to the damage in that vicinity, which is represented to be very great. The York cars which arrived yesterday afternoon, state that the freshet at Harrisburgh, was higher than ever before known at that place. The Harrisburgh stage bridge and the railroad bridge, which were under repair, are both swept away. The damage done on both sides of the river must be very great.

Tide Water Canal.—The Deer Creek bridge, eight miles from Havre de Grace, has been swept away.—A letter from the Supervisor of the Canal, writing to the President in this city, states that it will require several thousand dollars to repair the damages.

Baltimore Sun.

The Hartford Madisonian, extra, dated Sunday evening, says:

"The Susquehanna river has risen to a great height —the wharves in this town are partially inundated, and the tow-path of the Tide Water Canal is for miles overflowed with water, and great injury to the embankment is anticipated. The fishing floats belonging to gentlemen in this vicinity and the neighborhood of Darlington, have been swept away from their moorings. Yesterday the river was litterally covered with masses of timber, barrels, hogsheads, lathes, floats, frames of houses, &c. On one of the fishing floats were two negro women, who roared lustily for help—they were rescued from their perilous situation, near this town, by some of our intrepid watermen.—We learn that two spans of the Conowingo Bridge have been carried off. Fears are entertained for Port Deposite Bridge. A negro man, named Peter Carlisle, belonging to Jacob Hoke, was drowned yesterday.

Freshet on the Schuylkill.—The Philadelphia Ledger of Saturday morning states that the great storm of Friday night, attended with thunder and lightning, and the warm weather and consequent thaw throughout the country, has produced a freshet in the Delaware and Schuylkill rivers. As far as we have been able to learn, the damage done is not so extensive as was apprehended. On Saturday, the rise in the Schuylkill was 7 feet 1 1-8 inches over the dam at Fairmount, bringing down considerable lumber, &c. The shores were washed, and below the Water Works, the most of the factories and other establishments have been compelled fully or partly to suspend their operations, which of course will be resumed as soon as the water has abated. Many of the wharves were washed below the Permanent Bridge and wood and coal carried off—loss, however, inconsiderable.

The water has slightly overflowen the city water works building, but not to produce any serious detriment or damage. At the locks on the west side of the river, where the Schuylkill Navigation Company are enlarging their locks and making improvements, the damage is not serious, though it must have the tendency to retard their operations a short time. One or two of the coffer dams have been damaged and filled with water; beyond which, the injury done is but trifling No doubt the damage upon the river has been considerable, though we incline to the opinion that it has not been one quarter so disastrous as at former freshets. The present rise in the Schuylkill at and over the dam, exceeds the one of Dec 24th, 1841 by 11¼ inches.

In the Delaware the rise was also very considerable, overflowing many of the wharves along the city front, but doing no damage. It was represented that up the river yesterday, near Burdentown and Trenton, the water was still on the rise, and had overflown the railroad near Trenton, so high as to put the fire out in one of the locomotives attached to a train of cars.

It is said that several miles in extent of the wall of the canal from Columbia has been demolished; that in the vicinity of High Spire, between Lancaster and Harrisburgh, the railroad and turnpike were overflown to the height of 6 feet, and the canal completely inundated the greater portion of the whole time.

THE MESSENGER AND CIRCASSIAN.—We copy the following from the Cincinnati Union of Monday last:

The Ohio is rising rapidly again. The *"Messenger"* came down from Pittsburgh in 27 *hours*—arriving yesterday noon; a very quick passage.

☞ The "MESSENGER'S" time—27 *hours from Pittsburgh*—was made probably, to show what the boat *can* do. The passage is said to have been a very pleasant, as well as a quick one. The masters of these steamers are aware, however, that the reputation of the line was long ago established, on that score —and they should always, when pressing their trips, bear in mind *the fate of the Moselle*. We hope that no accident may occur from a feeling of competition among the rival lines. We understand the *Circassian* was close behind the *Messenger*—and the speed of these trips is very unusual.

GREAT SPEED.—The Commercial of Monday says, the fine steamer Circassian brought us a Pittsburgh paper of Saturday, yesterday, in only *twenty-six hours* from Pittsburgh, including a number of stoppages. This is the quickest time yet.
