**DR. SWAYNE'S**

**Compound Syrup of Wild Cherry.**

THIS celebrated Balsamic preparation is confidently offered to the public as a safe and reliable remedy for Coughs, Colds, Influenza, Hoarseness, Croup, Asthma, Bronchitis, Liver Complaint, Spitting of Blood, Pain in the Side, Pulmonary Affections, Whooping Cough, Broken Constitution, Dyspepsia, Debility, Chronic Diseases, &c. &c.

Dr. Swayne's compound Syrup of Wild Cherry was the first Patent Medicine introduced into Philadelphia, and is now prepared in the same laboratory, and by the same process which has given it such unbounded popularity for the last fifteen years, unmodified in any particular. Its unrivalled success has induced many persons to attempt counterfeiting it, and to imitate the style of putting it up, but the genuine medicine can be had only at the Depot, No. 146 Arch street, Philadelphia.

Remember, all genuine preparations of this medicine have the fac simile of the proprietor's signature on the outside wrapper of each bottle, and a pamphlet containing directions for use, and certificates of cures. Be sure to ask for Dr. Swayne's Compound Syrup of Wild Cherry, and see that the signature is on the wrapper.

Prepared only by SWAYNE & SON, 146 Arch street, Philadelphia.

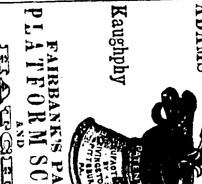
**INSENSIBLE PERSPIRATION**



THE proper figure for the correct exercise of the insensible perspiration is variously estimated by different writers on the subject. It will be sufficient for the purpose of this work to say, that the quantity of matter daily thrown off from the body and mingling with the atmosphere, is sufficient to fill a vessel of the capacity of a gallon and a half. Now, when we consider that this matter is in a state of vapor, and that it is the office of the skin to throw off this vapor, we shall be able to form some idea of the importance of its healthy action. It will be evident that any cause which checks the insensible perspiration, must be productive of disease. Now, there are many causes which check this perspiration, but there is no one which does it more frequently than a sudden change from a warm to a cold temperature. Also, a sudden change from a cold to a warm temperature, by which the pores are suddenly opened, and the system relaxed, is very apt to produce disease. Hence the importance of attending to the state of the insensible perspiration.

Of Correctives, Pittsburgh manufactured articles now in general use, Brandreth's Pills are the most extensively used. Their operation is to clear the system of all impurities, and to restore the insensible perspiration to a healthy state. Hence, when the system is overcharged with bile, they produce a copious discharge from the bowels; when the blood is impure, they cleanse it through the insensible perspiration. Thus we see that Brandreth's Pills are not local remedies, but act upon the whole system, and remove disease from whatever part it may be seated in. Hence, in all cases of disease, they should be the first remedy resorted to. Their composition is entirely vegetable, and they are perfectly safe in all cases. Full directions for using them are given with each box. Sold at Brandreth's Principal Office, No. 241 Broadway, New York, and by all Druggists throughout the United States and Canada.
