Office of the Pittsburgh "Morning Post." REVIEW OF THE MARKET FOR THE WEEK ENDING Thursday Evening, March 26, 1846.

The River—Since our last date the river has been receding slowly until Wednesday evening, at which time it commenced rising again, and this evening at dusk, there is 13 feet water in the channel and still rising.

At Cincinnati, on 23d, the river had fallen about 6 feet within the last three days, 3 feet within the last 24 hours, and still falling. The New Era, of the 17th, says the Illinois is falling all the way down. The Cumberland, at that account, was in good navigation. The St. Louis Republic of the 18th inst., reports the western river in good navigable order.

The weather has been mild and pleasant since our last date, with a slight rain on Tuesday evening; mostly clear.

The Trade of the Week—Country merchants from every direction are constantly arriving in our city, and every department of mercantile business seems to wear a lively appearance. The grocery, dry goods, dealers, druggists, &c., all have been fully engaged. The provision market has been quiet, with but few sales. A fair yet more moderate demand has existed for flour, with corresponding sales, prices can be repaired, and so soon as the damage of the late flood can be repaired, we shall see business still wear a more lively aspect.

Abstract—The market very quiet. Buyers are not disposed to operate at present. We are therefore again without any special sales. Sales of 1000 sacks of rye in lots at 13 1/2 cts. Sales of potash at 24 1/2 cts. No transactions in flour.

Alcohol—We quote 40° (3c) gal for high and low proof.

Beeswax—Several small lots brought 26 1/2 gal on receipt. The receipts have been very light during the past week.

Beans—The stock in market is low. Small white in demand now at 13 1/2 cts per wagon. \$1.50 in retail way. Large white and colored will readily command 11 1/2 cts. A sale of 25 bushel barrel from store at 11 1/2 cts.

Barley—The market is now well supplied. Sales have been freely made at 13 1/2 cts. A sale of 25 bushel fair quality at 13 1/2 cts. 4 mos.

Butter—The stock in market is very heavy, perhaps larger than ever before. The receipts have fallen off during the last week and the demand has improved on all butters. The week's sales amount to about 50 bbls in lots, at 94, 100/104/95c, the latter figure for a strictly prime article. The retail sale in market 12 1/2 cts for Roll and lb. lumps 15 cts.

Cheese—The demand is increasing; the stock in the market is light. Several lots have arrived this week from Western Reserve, but will hardly supply the city demands. The sales we notice amount to 133 bbls, W. R. at 7c 7/8 cts. cash on time. The retail sales are at 7 1/2 cts.

Cotton—The market is entirely bare. The only large lot in market was 200 bales Tennessee, which was taken by one person at 64 cts per lb. Several lots of inferior sold to the upholsters at 64 cts per lb. Several lots have arrived during the week, mostly for the factories.

Cotton Yarns—The market is in a very unsettled state. There is a good deal of competition among the dealers. In the fore part of the week, sales were made at 15, 3 per ct. off on Tuesday and Wednesday, sales were freely made at 15 1/2 cts. We quote 15c for No 5 to 10 as the market.

Cattle—The supply thus far has been small and prices are well up and very firm at \$4.00/\$5.00. We quote as the market, sales of 25 head at 44; 33 head at 44; 10 good at 45 per 100 lbs; two very large fine heaves brought 407 the pair. Sales of several other lots at different places at these prices. Hogs—a sale of 75 head at 4 1/2 to 4 3/4 per 100 lbs.

Coffee—We have no large transactions to report this week. The stock is very much reduced. Sales of several small lots amounting to 250 bags, at 90 and 94 1/2 cts. Large arrivals are expected to the East.

Dry Goods—The demand continues to be active and our wholesale dealers seem generally to be busy in packing to the purchasers of the country trade in view of their facilities for carrying passengers.

Drugs—In the regular way the sales in this department are much increased.

Eggs—Are becoming more plenty. Sales of 1500 dozen 10c in the fore part of the week. Large lots now, will not command 8 1/2 cts.

Festivals—A sale of 1000 lbs live Geese, 35c 4 mos. For small lots 38c/20c is usually obtained.

Furs and Skins—The receipts in this market this winter, have been much lighter than usual. A sale of a few bales of Deer Skins, at 140 1/2 per ton.

Fruit—We have no new consignments to report. A sale of 100 bushels from store at \$1.25 per bushel; the retail sales are mostly at 1 1/2 cts per bushel; dried Peaches we will quote at 30c.
