*Clickener's Sugar-coated Vegetable Pills* — All disease have their origin in impurity of blood. However excellent the general health, there is no security against fever, where the blood is impure, as indicated by eruptions of the skin, vertigo, headache, lassitude, &c. The best purifier of the blood is Clickener's Sugar coated Pill, which is so skilfully compounded, that it does not cause griping, the great objection to all pills. The envelope of sugar prevents all nausea, so that, save from the powerful, yet easy operation, the patient would hardly be aware that he had taken any medicine at all. So well convinced is Dr. Clickener of the efficacy of his pills in all specified cases, that he is pledged to return the money, when the promised effect is not produced.

Sold by Wm Jackson, corner of Wood and Liberty streets, who is general Agent for Dr Clickener's Pills in Pittsburgh and vicinity.

☞Beware of an imitation article called "*Improved Sugar-Coated Pills*," purporting to be Patented as both the pills and pretended patent are forgeries. Get up by a miserable quack, in New York, who, in the last four or five years, has made his living by counterfeiting popular medicines. apr 13.

*Dr. Wistar's Balsam of Wild Cherry.*—The celebrated remedy is a compound balsamic preparation of the *Wild Cherry* and *Aloes of Iceland*, combined by a new chemical progress with the *Extract of Pine*. So salutary have been its effects in all cases when administered for Coughs, Asthma, Consumption, or any disease of the lungs, that many of the most distinguished physicians have approved and recommended it, and openly acknowledged it to be the most valuable medicine ever discovered. It is truly a valuable medicine, and is effecting an immense amount of good in the relief of suffering humanity.

### Important from Mexico.—Return of Mr. Slidell from Mexico.

The U S steamship Missouri arrived off the mouth of the Mississippi river on the 6th instant, from Vera Cruz, having on board the Hon John Slidell, U S Minister to Mexico, W S Parrott, Esq. Secretary of Legation, and Robert Stuart of the U S Navy. These gentlemen there took the steamer Alabama, and by her proceeded to New Orleans, where they arrived on the 7th instant. The Mississippi left Vera Cruz on the 30 ult and on transferring Mr. Slidell and suite, sailed for Pensacola.

The New Orleans papers state that Mr Slidell was finally refused by the Mexicon Government to be received as Minister Plenipotentiary, or in any capacity other than as a commissioner for the arrangement alone of questions growing out of the annexation of Texas. Mr Slidell, therefore, on being refused recognition in the capacity in which he had been sent by his government, would not treat of any other terms of admission, broke up the legation, and has returned home.

With regard to the internal affairs of Mexico, they are represented to be in as unsettled a state as ever. The Government of Paredes was considered to be very insecure. Some of the papers advocating republican views in opposition to the monarchial doctrines of *El Tiempo*, openly advocate the recall of Santa Anna, and the government is powerless to inforce its decree prohibiting discussions of that nature.

Mr Slidell was to remain in New Orleans some days, but Mr Parrott left immediately for Washington The Tribune, the editor of which had an interview with Mr Parrott says—

Mr P informs us that Mr Slidell's last communication from the city of Mexico was dated the 21st ult, covering passports for himself and suite, and a separate one for Mr P. which were forwarded to Vera Cruz, and transmitted thence by the United States Consul in that city. Mr Slidell's last communication to the Government stated that he would remain at Jalapa until the day of his departure therefrom, and no longer.

Mr Slidell's instruction's to leave the country were imperative. He was received at Vera Cruz with the usual honors of a salute. We learn likewise that Gen Ampudia with a force of three thousand men was within three day's march of San Luis potosi, and the general impression in Mexico was that no offensive measures would be commenced against Gen Taylor's army.

Great consternation prevailed at Vera Cruz in consequence of the abrubt departure of Mr Slidell, and the inhabitants were in the deepest alarm that an immediate declaration of war would ensue on the part of the United States.

### "UNBLUSHING FRAUDS!"

OFFICE OF THE CANTON TEA COMPANY,
New York, March 16, 1846.

*To the Inhabitants of Pittsburgh, Allegheny, and the surrounding country.*

OUR attention has this day been directed to an article that appeared in the "*Pittsburgh Daily American*," under date of 5th March instant, headed as above—and which has also appeared subsequently, in several of the Pittsburgh newspapers. We hasten to reply thereto.

We find that through these media we are successively charged with flagrant violations of the principles of truth and justice; but we are prepared to give you a triumphant vindication of our character. We, however, exceedingly regret that in so doing, we shall have to allude to our respected contemporaries the "*Pekin Tea Company of New York*"—their position—their history, and their manner of doing business will necessarily, in some degree, have to come under examination. All that we can do is to endeavor to keep the following developments within the limits of your neighborhood; out of which locality, we trust, for the credit's sake of *whom it may concern*, the questions at issue may remain undiscussed. Far from having a malicious intention in what we are about to divulge, we do so merely from the very justifiable motive of self protection—we would fain render *good for evil*; this we solemly declare. Taking this laudable stand we reply, first, to the charge as follows:

"They (The Canton Tea Company) have published a handbill, in which they have appropriated, *word for word*, the favorable notices of the Pekin Company's teas in all the leading journals of New York and other cities, simply altering the name of the Company from the Pekin to the Canton Tea Company."

And further down in the column this charge is repeated, though modified as follows:

"This handbill bears the impress of the Company, and appears to have been issued, if not by it, at least upon its authority."

Now we *deny ever issuing*—we deny ever *authorizing*—we deny ever *perusing* such a handbill—Truly we cannot always control the actions of our agents, at a remote distance, in relation to the methods they employ to facilitate the sale of our Teas—but as soon as we discover any thing improper in this respect, we invariably discountenance it, and urge that a strict regard to honor and uprightness might characterise all the means they use for their disposition—By one of our remote Agents, probably, the handbill in question may have been issued, *but we deny that it ever had our sanction or authority.*

We cannot, however, dismiss this subject without touching upon the morality of these notices. They are represented as emanating, *spontaneously*, from the Editors of New York and other Newspapers, and to arise from an impression of the *great commercial arrangements*, and *general appreciation of the teas of the Pekin Tea Company.* We long have asserted such right on that subject. We are prepared to prove, on oath if required, *that every favorable notice in the New York papers, referred to, were* WRITTEN *by the Pekin Tea Company* THEMSELVES, and that almost in every case the said New York papers were indebted for their insertion. When this was not literary the case the said "*favorable notices*" were inserted in consideration of an expensive advertisement being bestowed upon the papers wherein such editorials appear ed. All this we are prepared to prove by the admission of one of their own Agents (Hamilton)—secondly, by the advertising Agent they formerly employed—thirdly, by the testimony of most of the New York Editors themselves. So much for their "favorable notices in the public prints."

The method we adopted in prosecuting our business being essentially at variance with any modification of *deception*, we never resort to the publication of such notices. Every business man in New York is well acquainted with the origin as well as the motive of such editorialism, owing to which its futility never has long since ceased, and it rather diminishes than adds to the respectability of any New York establishment.

We next review the paragraph wherein we are charged as *fraudulent imitators* of the Pekin Company. It will be found nearly at the head of the said article. It reads as follows:—

"It is well known to most of our readers that the Pekin Tea Company of New York, an association of heavy capitalists of that city, have established agencies in Pekin and Canton for the purpose of selecting Teas, and putting them up there, from whence they are shipped direct to the Company at New York.—These teas have obtained a high reputation, and have become the subject of frequent notices in the public prints. The success of this Company has induced the organization of another called the 'Canton Tea Company,' who admit that they are not importers, but purchase their Teas from the promiscuous arrivals in New York, where they are put up in a manner to imitate those of the Pekin Tea Company."

Now, in the latter part of this paragraph is stated a *falsehood so glaring*, that an attempt to support it in any Atlantic city would subject any editor to universal ridicule, and in New York he would be regarded as a *consummate knave*, if not an *absolute madman*. We are astonished to find that any Pittsburgh editor, having access (as must necessarily be the case) to New York journals for years past, can be so deplorably ignorant of the fact that *the Canton Tea Company have been established in New York* FIVE YEARS!—and also, that the *Pekin Company have only existed* TWELVE MONTHS—*and that the latter house was established wholly in consequence of the success and reputation of the former.* Here then is a fraud truly unblushing —nay, verily abominable.

We are also reflected on as being an *inferior concern*, because "we select our Teas from the promiscuous cargoes which arrive." How much more commendable to come out with the plain truth than to resort to such vile *falsehoods* as appear in the beginning of the paragraph now under review. The words "The Pekin Tea Company of New York, an association of heavy capitalists in that city," &c.—(*See* the reader refer.) Is it possible that the inhabitants of Pittsburgh can swallow all this? In this city (New York) every counting-house lad, of fourteen years old, knows better. Let any individual who would satisfy himself on the subject, refer to the files of the Courier and Enquirer, Journal of Commerce, or Commercial Advertiser, which he may find at any large Hotel in Pittsburgh, and see, if in the lists of imported merchandise, he can discover that any entries of Teas have been made at the New York Custom House for such a firm as the "Pekin Tea Company." *We defy them to prove that they ever received Teas direct from China!* Who ever believes such a barefaced assertion are deservedly humbugged. As to the fact of their having an "agent in Canton," *we deny it.* Who is he? But the idea of their having another in *Pekin*, is an absurdity so monstrous, and a falsehood so glaring, as not to deserve consideration. Who ever heard of Teas being selected and shipped at *Pekin!* Outrageous nonsense!

We happen to know that the fine Teas which their agents in Pekin and Canton select, put up and ship direct to New York," are selected in Front street, in this city, at the store of Beebe & Brothers, and other wholesale Grocers, shipped thence by their carman to the store 75 Fulton street, then packed in *imitation of the Canton Tea Company's Teas* by Frenchmen and Germans, in the upper part of the building, brought down stairs, and thence dispatched to Pittsburgh and other places.

Lastly—Who is the association of New York capitalists, called the "Pekin Tea Co." professing to have $500,000 engaged in the trade! The agents and salesmen, Messrs *Douglass, Callender* and *Roe*, were previously employed at the New York Sun Newspaper establishment. Mr *Hamilton*, the out door agent, was formerly subscription clerk for Messrs Edmund Charles & Son's Bank Note List; and the *only*, and *exclusive owner* and *proprietor* of the whole establishment is *Henry Wykoff*, publisher of a paper called the "New York Republic," now extinct, and well known to the world as a controversial antagonist of James Gordon Bennet, of the New York Herald.

We exceedingly regret the necessity which compels us to come out so promptly;—we are, nevertheless, ready to procure the proper affidavits, certified before the New York City and State authorities, in confirmation of all that we have now stated, if called upon.
