COBRESPONDENTS. In reference to communications which may appear In this paper, we have one or two remarks to make --We will insert none without the name of the author be ng first made known to us, and when inserted, musta ways be taken as expressive of the views of the writer, and not the editor of this paper; unless the views so expressed are editorially remarked upon and approved

THEATRE .- Last evening being for the benefit of Mr ADDAMS, the Theatre was much crowded. The dress circle presented a most beautiful appearance. being well filled with the fashion, beauty and gallantry of the city. The play went off with all the success which has distinguished Mr Addams's engagement. It is unnecessary to say that the different characters were well filled and well performed. Mr Addams has now closed one of the most successful engagements we have ever known to be per-

formed by any actor in Pittsburgh; we never saw a man labor more to give his different characters their The Great English Victories over the Siks-Twelve full effect; his reading last night in some parts of Macbeth, was admirable, while his heavy scenes were thrilling, and the extreme passions he exhibited after the murder of "Duncan" and at the appearance of the Ghost of "Bunque," were absolutely startling .---We hope are long to have another opportunity of beholding, this great actor; his talents are fully appreciated by his Pittsburgh admirers; he ought therefore make it a point to call and see us at least every season. P. S. It will be seen by the bill that our enterprising Manager, who is always sure to give us the richest entertainments possible, has induced Mr ADDAMS to remain for two nights more. This will be gratifying to a great many, particularly when they lean that he our extracts. is to appear to night in the very affecting play of the

" Stranger." SILSBEE is in town; and is to oppear at the Theatre next week. Look out for fun!
