To Mothers.—The difficulty which every mother experiences in administering medicine to infants, is entirely obviated by Dr. Clickener's preparation, called the Sugar Coated Vegetable Purgative Pill. The pill is encoated with fine white sugar, so that it resembles and tastes like a sugar plum, which no child ever yet refused to swallow. For worms this is an assured remedy, and it has been used with excellent effect in teething. The matron of the Farm School writes to Dr. Clickener that she has used for some time, his Sugar Coated Pill in both these complaints, and always with entire success.
