Pittsburgh Portable Boat Line, 1846.

FOR the transportation of freight between Pittsburgh and the Atlantic Cities, via Pennsylvania Improvements and Baltimore and Susquehanna Railroad.

The Proprietors of this old established Line, having completed their arrangements, are prepared to forward goods to and from the East (on the opening of the canal navigation,) on as liberal terms as those of any other responsible Line, and are determined that no care or attention on their part shall be wanting to secure a continuance of that patronage so liberally bestowed upon them for several years past.

The decided success of the Portable Boat system, so manifest in the regularity and dispatch experienced in the delivery of goods, the absence of all risk of delay, breakage or other damage incident to the old system, where goods have to be hurriedly transhipped three times on the way, and the merchantable order, in which produce has been avowedly delivered by them, has induced the proprietors to increase their stock considerably this season. Their extensive warehouses at each point (unequalled by any other Line), affords them facilities to conduct their business with dispatch; and to shippers the convenience of free storage, if required, until their arrangements are complete—while their long experience in the carrying trade, it is presumed, will be sufficient guarantee to their patrons and the public, that they will successfully exert themselves to give general satisfaction.

Produce received and forwarded. Steamboat charges paid, and Bills Lading transmitted free of charge for commission, advancing or storage, and all communications to the following agents promptly attended to

Landreth's Nurseries and Gardens.

"These extensive grounds are on Federal street near the Arsenal. * * * The earliest collection of Camellias was made here. Some of those now in Possession of those distinguished nurserymen, are ten feet high. * * * * The selection of GREEN HOUSE PLANTS is valuable and extensive.

"The *Nurseries* are all very correctly managed, supplying every part of the Union, a detail of which would occupy too much of our space; we therefore content ourselves with stating that the stock is very large, and in every stage of growth, consisting of

FOREST AND ORNAMENTAL TREES, EVERGREENS, SHRUBS, VINES AND CREEPERS,

with a collection of herbaceous plants: FRUIT TREES of the best kind and most healthy condition; large beds of seeding apples, pears, plums, &c., as stocks for budding and grafting: a plan very superior to that of working upon suckers, which carry with them into the graft all the diseases of the parent stock. * * * *

"GARDEN SEEDS of the finest quality have been scattered over the country from these grounds, and may always be depended upon. The Seed Establishment of these Horticulturists is one of the most extensive in the Union, and its reputation is well sustained from year to year.

"To obviate the chance of mixture of the farina of the plants of the same family, they have established another nursery, at a suitable distance, so that degeneration cannot take place, and which secures to the purchaser a "genuine article." Knowing thus the age, quality and process of culture of every plant, the supply from their grounds is recommended with great confidence."

* Since the date of the "Report" from which the above is extracted, the entire establishment has been greatly enlarged. The collection of Camellias embraces all the finer kinds, and consists of some thousands of various sizes; so likewise of Roses, and other desirable plants, both tender and hardy; Fruit Trees, &c.

The Seed Gardens alone cover fifty acres, and the whole is, as it has been for more than half a century, under the successive management of father and son, the most prominent in America.

PRESERVE THE TEETH.

FAR better is it to cure the toothache in one minute, by using Wheeler's Teaberry Tooth Wash, than to suffer the aching, also to cure soreness of the gums, cure softness of the gums, stop bleeding of the gums, and always keep the teeth, gums and mouth pleasant, and in the best state of health.

Whist introducing WHEELER'S TEABERRY TOOTH WASH to the public, it is the painful duty of the proprietor, to state that this article, which is the original, and only genuine Teaberry Tooth Wash, has been imitated by numerous Teaberry Tooth Washes, Teaberry Tooth Pastes, and a variety of articles with the name *Teaberry* annexed to them, when in fact this article is the first that ever bore the name of Teaberry, and is the only one which possesses the real virtue of the plant, and established all the celebrity for it, which induced others to make use of its name, though they never did present its intrinsic virtues to the public. As evidence that this is the first preparation of Teaberry for the Teeth, the copy of the certified records of the United States District Court is published.

Having made use of your much celebrated Teaberry Tooth Wash, I feel convinced that it is the best article I have ever known, and hereby warmly recommend its use to the public in general, as a pleasant and efficacious article for preserving the Teeth and Gums.

ROBERT E JOHNSTON.

For a number of years my Teeth and Gums were so much out of order as to prevent me from eating with any pleasure, and caused much pain. Having heard of Wheeler's Teaberry Tooth Wash, I do certify that I tried one small bottle of it, and in less than two weeks my Teeth and Gums were sound and good. I believe that the use of it would be an advantage to many others.
