Adulti F. Barton It is a remedy that neither sickness, gives inconvenience, or is dangerous to the intestines.

It preserves and defends the surface from all derangement of its functions. The surface is the outlet of five-eights of the bile and used up matter within. It is pierced with millions of openings to relieve the intestines. Stop up these pores, and death knocks at your door. It is rightly termed All-Healing, for there is scarcely a disease, external or internal, that it will not benefit. I have used it for the last fourteen years for all diseases of the chest, consumption, liver involving the utmost danger and responsibility, and I declare before Heaven and man, that notin one single case has it failed to benefit, when the patient was within the reach of mortal means.
