And I thought that at parties, at soirces and balls, I was termed a repulsive disgrace.

I had riches enough, but, alas! could not count
On possessing a healthy skin;
Yet I thought that a whisper said, you may surmo
Disfigurements, be they hateful as sin. dreamt that suitors now sought my hand. But they all did repudiate my lace; For they cried, Though her features are formed mild and bland,
The yellow neck and pimpled skin are disgrace,
Then I thought that I cried in a voice void of hope,
"Cure my pimples—make my skin white and fair;"
A voice answer'd, "Use a cake of the Jones's famed Soar, And your mind will be free from despair." THRE BRICK-14,500, a superior article just Then I dreamt that I used it; O, that moment of bliss! My skin changed from its yellowish hue; My skin changed from its yellowish nue;
My neck was made clear, and my face made to kiss,
Though an angel might claim it his due;
The pimples, the freckles, the blotches, the tan,
Had decamped, and a voice by my side
Said, indeed you will now be the glory of man,
Ay, the virtue, the hope, and the pride.

CONSUMPTION.—It can hardly be credited that a salve can have any effect upon the lungs, seated as they are within the system. But if placed upon the chest, it penetrates directly to the dungs, separates the poisonous particles that are consuming them, and expels them from the system.

I need not say that it is curing persons of consumption continually, although we are told it is feolishness, I care not what is said, so long as 1 can cure several thousand persons vearly, HEADACHE.—The Salve has tured persons or the Headache of ten years standing, and who had it regularly every week, so that vomiting often took place.

Scripture is "in the Blood is the Life." If it ever becomes impure, it may be traced directly to the stop page of the insensible perspiration. Thus we set that is necessary when the blood is stagnant; or infected, is to open the pores, and it relieves itself from all impurity instantly. Its own heat and vitality are sufficient; without one particle of medicine, except to open the pores upon the surface. Thus we see the folly of taking so much internal remedies: All practically evening at 3 o'clock.
