We might extend this publication to an indefin- ite-length, if we deemied it expedient to publish all tersimonials we have received, not only from agents but individuals and families, who have experienced the benficial effects of Clickener's Sugar Coated Pills, but we deem it unnecessary. The most in- contostible evidence of their unprecedented success, are the numberless Imitations and Counterfeits which have already appeared, notwithstanding the brief pe- riod they have been before the public.
