in the delivery of goods; the absence of all risk of delay, breakage or other damage, incident to the old system, where goods have to be hurriedly transhipped three times on the way, and the increateship of in which produce has been arowedly delivered by them, has induced the propriotors to increase their stock considerably this season. Their extensive warehouses at each point, (uneaqualled by any other line,) affords them fadilities to confluct their business with despatch; and to shippers the convenience of free storage, if required, until their arrangements are complete—while their long experience in the carry-ing trade, it is presumed, will be sificient guarantee to their patrons and the public that they will success fully exart themselves to give general statistiction. Produce received forwarded, steamboat charge for paid, and bills lading transmitted free of charge for commission, advancing or storage, and all communi-tions of version, advancing or storage, and all communi-tions of whe following agenus promothy attended to:
