Time recently struck a snag, near Fort Madison, and was so badly injured that it was with difficulty she could be kept from sinking. By means of stuffing mattrasses in the breach in her hull, she was got down to Montrose. She will be taken to Rock Island for repairs.

The Cumanches, who have committed many ravages in this vicinity of late, are said to have left for the mountains of Texas with their prisoners and plunder. Many of the women and children from the admining ranchos, driven in by the Incians, are still here.
