T CEEN

FROM THE ARMY.-The Chaileston News of been attempted, first, to introduce among others as many primitive words as the space would allow, and then, in subsequent lessons, to illustrate by examples and rules the formation of the more among theirs about thirty lessons are exclusively devoted, and on this point this book is believed to be more copious and particular than any in common use. As these rules and illustrations are so full, many words of this class have been deemed unnecessary. On the last page the rules for derivatives have been generalized and extended, so as to include all the more important classes of words.

In spelling and pronouncing, the authority of Dr. Webster has been chiefly followed, although in some cases, as in the third sounds of e, o and v, and in a few individual words, that of Worcester has been in meeting between the Camanches there has been no meeting between the Camanches there has been no
