And, reader, our only object for selling the article at that price, is knowing it to be all we state, that when you once try this you never will use aught else, whether it be merely to embelish, to dress, beautify, and preserve, to force growth, stop falling off, and cure scurfs or dandruffs, the JONES' CORAL HAIR RESTORATIVE will never fail to do all this, as hundreds will tell you with gratitude. It dresses the hair beautifully, and *makes red or grey hair grow dark from the roots.*

THE poisonous effect on the skin of common prepared chalk is not generally known by ladies; how yellow rough and unhealthy it makes the skin in time; besides, what a corpse like, pallid look it gives when applied. They should use a beautiful preparation, purely vegetable, which gives the face arms or neck, a natural life-like whiteness, and makes it smooth. It is called Jones' Spanish Lilly White, and is sold at JACKSON'S Patent Medicine Warehouse, 89 Liberty street, head of Wood; at the same place is sold Jones' Coral Hair Restorative, Italian Chemical Soap and unrivalled shaving soap.

POSTSCRIPT.

BY MAGNETIC TELEGRAPH.

Correspondence of the Baltimore Sun.

PHILADELPHIA, Aug. 26, 8 P. M.

Earthquake at Boston.—I learn from New York that at an early hour on Tuesday morning the citizens of Boston and the surrounding towns were aroused from their slumbers by a veritable earthquake, which made things animate and inanimate shake again. It caused great alarm; and considerable damage was done to the crockery ware.

News From Vera Cruz.

The brig P. Soule, Capt. Delvaille, arrived at New Orleans on the 11th inst., from Havana, whence she sailed on the 8th inst. Her advices are no later from Vera Cruz than those received by the recent arrival at New York, though she brings some additional details of interest not before received.

Paredes had to release all prisoners confined for political offences.

The news received in the city of Mexico from the frontier was such as to drive the government almost to despair. On the 27th of July a courier arrived, announcing the departure of 8000 American troops from Camargo for Monterey. General Armijo, about the same time, sent word that 6000 Americans had come down upon New Mexico—and to crown the whole, a despatch was received from the British Minister at Washington, which quenched every hope of receiving aid from England.

Gen. Mejia, who had taken the command of the army which followed Arista to Linares, had established his head-quarters at Monterey. Gen. Paredes was to direct his march thither, for which purpose he was to leave the city of Mexico on the 31st of July, making a *detour*, however, to look after the city of Guadalajara. The last brigade composing the division to be under the President's command left the capital on the 28th of July. It was 2000 strong and had several pieces of artillery. All these troops, with two or three thousand expected from Guadalajara, united to those under Mejia, it was thought would give Paredes a force at Monterey of from 12 to 15000 men. His long delay in the capital is attributed to his solicitude that his army should be equipped and provided in every particular.

In the city of Mexico there were, at last accounts, but 1200 troops, and there was some intention of raising a volunteer force.

Some troops from the army had arrived at Tampico to reinforce the garrison of that city.

On the 1st of August, the U. S. steam frigate Mississippi was lying at Isla Verde; and the sloop of war St. Mary's and brig Porpoise were cruising off the port at Vera Cruz. The frigates Cumberland Potomac left Isle Verde the morning of July 29 and anchored off the Boca del Rio; and some U. S. war schooners names not mentioned, sailed at the same time for the point Anton Lizardo.

Address of Jose Juan Landero, General-in-Chief of the Garrison of Vera Cruz and Ulloa, to the troops under his command—Companions in Arms! Sensible of the evils which afflict our beloved country and faithful to the sacred duty of succoring her and defending her sovereign rights. I have raised my voice to proclaim the plan of Guadalajara, with necessary additions, in order that it may but serve the laudable object of the nation from the frightful abyss to which intestine discord and the aggressions of public enemies have conducted her. Nothing can be expected from an administration which has abandoned our frontiers, and its valiant defenders, in the way of ameliorating the conditions of Mexicans. It has violated every social guarantee which even the most despotic governments respect. In the pursuit of liberal projects, it has treated with insulting contempt the representatives of the people, and the wholesome advice of the public press.

Children of a common country, armed by her for the purpose of watching over her felicity, honor and sovereign rights, we cannot be indifferent to her sufferings. All other hope of salvation having disappeared, we have not hesitated in withdrawing our support from an anti-popular government, in offering to the nation a means of freely exercising the alienable right she possesses of reconstructing herself on a model which shall better conform to her felicity; which shall conciliate the conflicting opinions of her sons, and establish a system of government, based on the general will, by which she may become consolidated, and develop the fertile resources of public prosperity.—Such are our objects, if our desires are realized, and our exertions are crowned with a happy result.

Comrades! We have discharged our duty; faithful sons of a country bound down with the weight of the most unmitigated oppression, we have sworn to sacrifice our lives or save her from the tyranny under which she groans, that she may be remodeled and governed on a principle of liberty. We will fulfil our obligations (vows) and whenever honor calls us, your General will share with you the danger and glory that shall attend your patriotic enterprise.
[Signed] JOSE JUAN LANDERO.

H. Williams' Select School,

NORTH East corner of Federal and Robinson streets, Allegheny, will commence its Fall session on Monday the 31st inst.

TESTIMONIALS.

From Professor R. H. Lee, Washington College, and others.

Having attended an examination of the school taught by Mr. Williams, we take pleasure in bearing our testimony to the evidence afforded by it of the unusual skill and labor of Mr. Williams. The understanding of the *principle* of the subjects which the scholars had been studying, shown by their clear answers to questions asked by others than the teachers, prove the excellence of the New England modes of teaching, in which Mr. Williams seems to be proficient.
R. H. LEE,
J. WISHART, &c.

From the Rev. Mr. Preston, Doctor Hunt, &c.

Having attended an examination of the Select School under the care of Mr. Henry Williams, held recently in his school room, corner of Federal and Robinson streets, Allegheny city, we wish to call public attention to this institution. We were highly gratified with the progress and order of his school.—This manner of simplifying and illustrating the different branches is peculiarly happy, and well calculated to give interest to the pupils. His mode of teaching them to read struck us as novel, and one that cannot fail to make good readers.

From the knowledge that we have of Mr. Williams' character as a teacher, his zeal, fidelity and success, we cordially recommend him to the patronage of the public. His location is eligible for both cities.
DAVID HUNT,
RICH'D BARD,
RICH'D BEESON.

I attended the above examination, and can truly say I was much gratified with the attainment of the pupils. WM. PRESTON.

Man's Inventions Outdone by Nature.

READ, REFLECT, BE WISE, AND USE NATURE'S GREAT REMEDY, THE AMERICAN OIL, A MEDICINE OF NATURE.

THIS Oil is obtained from a well near Burksville, Kentucky, at the depth of 185 feet below the surface of the earth, and 170 feet through solid rock. Its curative properties are truly astonishing; and as a Remedial Agent it may well be pronounced wonderful. Since the discovery of this Panacea of Nature, numbers of remarkable cures have been effected by its use. It is Innocent—Powerful—Safe and Certain in its effects. It has been used with unparallelled success in the treatment of the following diseases: Inflammatory Rheumatism, Burns and Scalds, Cholic, Piles, Flatulence, Inflammation of the Kidneys, Deafness; Consumption, Liver Complaint, Phthisic, Scald Head; Cancers, Weak and Sore Eyes, Bruises, Fresh Cuts and Wounds, Sprains and Strains, Dropsy, Pains in the Breast and Side, Tetter, Influenza, Ulcerated Sore Throat, Consumption, Bronchitis, Spasms, Ulcers, Spinal Affections, Scrofula or King's Evil, Coughs, Syphilis, Ringworm, all Bowel Complaints, all Chronic diseases, Impurities of the Blood and General Debility. It is likewise very beneficial for Female Complaints in general; acts as a great Restorative from Languor, weakness of Back and Chest, Low Spirits and Excessive Debility.

Read the following Certificates, all of which are authentic; all the persons therein named are now living, and well known in Cincinnati:

CINCINNATI, July 1st, 1846.

Sir: Having been cured of a very severe disease of the eyes and head by the use of the American Oil, I feel it my duty to the public, as well as to you, to send you the following certificate:

I hereby certify that I was severely afflicted one year ago last winter, with inflamed sore eyes and a very severe pain in my head from my eyes up to the top of my head, and continued so for several weeks. My eyes were so much inflamed and sore that I could not see to attend any business, nor could I tell one object from another a few yards from me. I called in a physician, but still got worse. I also tried a good many remedies that had cured others; but in my case they failed. In April, 1845, I heard of the American Oil. I procured a bottle, and before I had used a half a bottle I was entirely well, and still continue so. I will not be without it in my house as long as I can get the genuine article. I also gave it to one of my men that was working for me, that had the tetter in his hands so bad that when he would grip anything tight in them the blood would burst out, and the use of half a bottle cured us both. I would advise all that are afflicted in any way to give the Oil a fair trial, and I think they will be pleased with the effect it will have, &c.
JOHN MURPHY.

CINCINNATI, October 10th, 1845.

This is to certify that I have had a sore leg for six or seven years. It was sometimes so bad that I was not able to walk. I have employed several physicians, and tried a great many remedies; some would relieve me for a while, but nothing that I have tried has done me so much good as the American Oil, which I applied externally and internally once a day. When I commenced using the Oil my leg was swelled very much and was a very dark purple from my knee down below my ankle joint and had lost pretty much all feeling, and the ankle joint was stiff so that I could not move it; before I had used the Oil three weeks my ankle joint was loose and my flesh a natural color, and it is now entirely well. I have recommended it to several of my friends since; and it has proved good in every case. I would advise all that are afflicted to give it a trial, for I have used it for other complaints besides my leg, and it proved good.
G. H. BRAUMSHI,
Walnut, between 13 and 14 sts.

CINCINNATI, February 15th, 1846.

This is to certify that I was afflicted with a disease of the head; one eye of my head commenced swelling and was very painful, and very much inflamed and sore. My left eye was entirely closed up, and I could scarcely see any out of the other. It had been so for about two weeks, and getting worse daily, when I commenced the use of the American Oil, and in a few days the swelling had nearly all disappeared. My head is now well. I have used it also for sore throat, cholic and cuts. I am fully satisfied with its healing virtues. I used it by taking it internally from a half to a teaspoon full night and morning, and bathing the part affected two or three times a day. I do believe it a good medicine, and would advise afflicted to give it a trial, as there is no danger in using it. JAMES MADDOCK,

Security to Purchasers.

Entered according to Act of Congress, in the year 1844, by C. V. Clickener, in the Clerk's Office of the District Court for the Southern Dist. of New York.

Each box of GENUINE SUGAR COATED PILLS has upon it the Signature of the Original Inventor. C. V. Clickener. All others are COUNTERFEIT.

CLICKENER'S SUGAR COATED VEGETABLE PILLS are the first and only Medicine ever known that will *positively cure*

Headache, Giddiness,	Measles, Salt Rheum,
Rheumatism, Piles,	Heartburn, Worms,
Dispepsia, Scurvy,	Cholera Morbus,
Small Pox, Jaundice,	Coughs, Quinsy,
Pains in the Back,	Whooping Cough,
Inward Weakness,	Consumption, Fits,
Palpitation of the Heart,	Liver Complaint,
Rising in the Throat,	Erysipelas, Deafness,
Dropsy, Asthma,	Itchings of the Skin,
Fevers of all kinds,	Colds, Gout, Gravel,
Female Complaints,	Nervous Complaints,

And all other diseases originating from impurities of the blood.

☞ They have cured, since their introduction, over 2,000 persons, who have been given up as hopeless cases, by the most eminent Physicians.

☞ They are patronized and recommended by men of the highest distinction, among whom are—

Hon. David R. Porter,	Hon. Henry Clay,
Hon. John Q. Adams,	Hon. Daniel Webster,
Hon. Martin Van Buren,	Hon. J. C. Calhoun,
Gen. Winfield Scott,	Col. R. M. Johnson,
Hon. James K. Polk,	Gen. Lewis Cass.

☞ Their virtues are so infallible that the money will be returned in all cases they do not give universal satisfaction. Although but two and a half years have elapsed since these celebrated Pills were first introduced to the public, the sale of them in the Eastern and middle States has far exceeded Dr. Clickener's most sanguine expectations. During the past year, alone, no less than 10,000 gross of boxes have been sold in the State of New York, 6,000 in Pennsylvania, 4,000 in Maryland, 3,000 in New Jersey, 2,000 in Delaware, and 9,000 in the New England States, requiring the constant employment of 27 hands, exclusive of printers and engravers. In the same period, upwards of 200,000 copies of the "Family Doctor" have been ordered by agents in every section of the country. These facts must show, conclusively, that Dr. Clickener's Sugar Coated Pills, besides being the very best medicine in the world, are held in the highest estimation by the public.

We might extend this publication to an indefinite length, if we deemed it expedient to publish all testimonials we have received, not only from agents but individuals and families, who have experienced the beneficial effects of Clickener's Sugar Coated Pills, but we deem it unnecessary. The most incontestible evidence of their unprecedented success, are the numberless Imitations and Counterfeits which have already appeared, notwithstanding the brief period they have been before the public. Even some of our staunchest pill makers have had the audacity to imitate the Capsule of Sugar, in order to disguise the ingredients of their vile compounds, and palm them off for the "real simon pure." Such paltry shifts cannot last long without exposing their hideous deformity. Truth and honesty must inevitably prevail over rascality and deception.

For sale in Pittsburgh by WM. JACKSON, *at his Patent Medicine Warehouse*, No. 89, Liberty street, head of Wood st., Pittsburgh. Price, 25c. per box.

Dr. Clickener's principal office is 81 Barclay street, New York.

☞ Beware of an imitation article called Improved Sugar Coated Pills, purporting to be patented, as both the pills and the pretended patent are forgeries, got up by a miserable quack in New York, who, for the last four or five years, has made his living by counterfeiting popular medicines.

☞ Remember, Dr. C. V. Clickener is the original inventor of Sugar Coated Pills, and that nothing of the sort was ever heard of until he introduced them in June, 1843. Purchasers should, therefore, always ask for Clickener's Sugar Coated Vegetable Pills, and take no other, or they will be made the victims of a fraud. may9

Wilson's Pills.

THE WILSON PILLS, as a remedy peculiarly adapted for headaches and dyspeptic affections, are pretty generally known and esteemed in this community; and the proprietor, so often as he has occasion to write or speak of them, can scarcely refrain from an expression of his grateful acknowledgments to his friends for their patronage and kindness to him. His feelings are the warmer from observing the "beginning and the ending"—thrown almost in juxtaposition—of so many nostrums and kindred preparations equally loud in their pretensions, and much more industriously presented to the public; while his preparation noiselessly advances, even to remote places, soothing and comforting the afflicted, and permanently grafting itself upon the affections of new friends, thus continually widening the circle of its usefulness. Although well satisfied that his medicine has, as it were, a principle of perpetuity in it, yet he is obliged to his friends for the most *substantial* evidence of the fact.

In its natural history, if you please, the Wilson Pill differs from most other preparations in not being originally made for sale, or with a view to pecuniary profit; while as every body knows, the greatest tyro (as a general thing) no sooner begins to dabble in drugs than he casts about for some cheap preparation, or must 'get up,' as the phrase is, something—anything that will sell. Often he attempts it under an assumed or fictitious name, as though conscious his own were insufficient to sell it. The difference then between the Wilson Pill and the preparations a have just indicated, would appear to be this: The consciousness of the value of my pill originated the idea of putting them on sale for money, and at I price. The consciousness of the value of *money* originates in most instances the many preparations I have alluded to; and the *price* most likely 'to take' is always first carefully considered, and the pill or other preparation made and graduated to suit it. The one is a DISCOVERY, and comes from the great Arcana of Universal Nature; the other a *trick* or *invention*, and comes from a not very popular quality of INDIVIDUAL Nature. Reader! the difference here is great. In one instance the *value* attached to the PILL is the starting point; in the *other*, the MONEY. But it is not probable that some of the many preparations having even *such* paternity were *accidentally good*, but that possibly by this process of "getting up" as they call it, by puffing and blowing, as we clean wheat, they have been "got up" too high be fore their specific gravity had been carefully ascertained, and have blown off never to be heard of, with other chaff—some lighter, some heavier.

Whatever may be the *rationale*, I must repeat it, that I am most profoundly thankful to my friends for their discrimination in not consigning my discovery to that compendous category of "inventions that did not answer"—of "tricks that won't win."

The Wilson Pills are useful as a GENERAL remedy, and may be kept and taken, in proper doses, in families, as a preventative of general ill health, or disease of whatever name, by any member of the family, without any fear of the consequences of exposure in the ordinary pursuits of business.

☞ They may always be had in any quantity of the proprietor, in Penn street, below Marbury, and of the principal Druggists of this city and Allegheny.

NEW ORLEANS SUGAR.—20hhds N.O. Sugar for sale by (je26) JAMES MAY.

Orphan's Court Sale.

ALLEGHENY COUNTY, SS.

At an Orphan's Court, held at Pittsburgh, in and for said County, on the 1st day of August, A. D., 1846.

The petition of John Johnston, Guardian of Ann E. Thompson and Mary Thompson, children and heirs at law of Edward B. Thompson, late of Fairfield County, and State of Ohio, deceased was presented to the Court, showing:

That the said Edward B. Thompson, at the time of his death, was seized in his demesne as of fee of and, in the one undivided fourth part of a certain tract of land, situate in Versailles township, Allegheny county, Pennsylvania; described as follows: Beginning at a post at the line of Kissick's land; and running along Hickman's land, N 8½ deg. E 190 perches to a post; thence along lands belonging to the heirs of George Miller, dec'd., N 88½ deg. E 312 perches to a post; thence along J. Miller's land S 8½ deg. N 174 perches to a post; thence, N 87½ deg. W 52 perches; thence S 37½ deg. W 46 perches to a white oak; thence, by Kissick's line N 87½ deg. W 235 perches to a post, the place of beginning, containing 369 acres and 108 perches, with the usual allowance. And being so thereof seized, the said Edward B. Thompson departed this life intestate, leaving issue, the said Anne E., and Mary Thompson, minors.

AND FURTHER SHEWING: That the petitioner having been duly appointed Guardian of the said minors by the Orphans' Court of said County, afterwards, to wit: on the 1st day of November, A. D. 1842, sued fourth out of the District Court of Allegheny county, in No 662, of November Term, A. D. 1842, a Writ of Summons in Partition against the Co-tenants of the said minors, and such proceedings were therein had, that the said Court, on the 15th day of July, A. D., 1843, entered Judgment, *quod partitio fiat.* And the said Court, afterwards, on the 9th day of November, A. D. 1843, to November Term, 1843, No 121, awarded an Inquest directed to B. Weaver, Sheriff of the said county, commanding him to summon the said Inquest to part and divide the said described tract of land, according to the right of the parties claiming partition thereof; and by the Inquisition of the said Jurors, taken on the ground on the 5th day of September, A. D. 1843, the following described part of said tract of land, was allotted to and set apart to and for the said Wards of said Petitioner, to wit: Beginning at a post on Kissick's line and running thence by Hickman's land, N 8½ deg. E 51 perches; thence S 87½ deg. E 146 perches to a post; thence, S 8½ deg. W 51 perches to the line of Kisick's land, and thence N 87½ deg. W 146 perches to the place of beginning; containing 46 acres 38 perches, with the usual allowance—which Inquisition was afterward, confirmed by the said Court.

AND FURTHER SHEWING TO THE COURT; that considerable expenses have been incurred by the Petitioner in recovering possession of said last described piece of said tract, and in effecting a partition of the original tract of said land—that the Petitioner's Wards are entitled to in personal Estate, as heirs at law of their said Father, so far as is known to the Petitioner—that the said last described tract is all the real estate belonging to the Petitioner's Wards in the County known to the Petitioner; that the said last described piece of land is all woodland and unproductive and expensive; and that it would be to the interest of said minors, in the judgment of the Petitioner, to have the same sold; and praying the Court to gran thim an order to sell the said part of the said large tract of land, which has been set apart for said minors—to pay the debts and maintain the said minors, children of the said Intestate, and the citation heretofore issued having been returned according to law, therefore, the Court order and direct that the said John Johnston, Guardian of the said minors, expose the premises in said petition particularly described, to public sale or outery, at the Court House, in the city of Pittsburgh, on Monday, the 31st day of August inst., at 10 o'clock, A. M., and sell the same to the best bidder for the highest and best price—bidden for the same having first given due public and timely notice of the time and place of sale, according to the act of Assembly, in such cases made and provided, and the Rule of this Court.

Witness, the Hon. BENJAMIN PATTON, Esq., President of our said Court, at Pittsburgh, this 4th day of August, A. D., 1846.

THE SKIN AND COMPLEXION, at this (and, indeed, every other) season, is often repulsive in appearance, caused, in eight cases out of ten, by the atmosphere; and what persons suppose disease of the blood, is simply a disease of the skin. If some of the thousands who take purgative medicine, pills, and useless Sarsaparilla, were to use on their pores, a softening and clearing balm, that opens the pores, whitens the skin, and causes a healthy perspiration, that the skin never so disfigured, unhealthy, or diseased with pimples or freckles, sunburn, tan and morphew; the true and genuine JONES'S ITALIAN CHEMICAL SOAP never fails to cure and dispel them, and to make the skin clear and lovely. It acts so mildly and soothingly on the skin, that physicians use it on ladies and infants, in old cases of scurvy, erysipelas, salt rheum, sore head, ringworm, and it (mind, the genuine Jones' soap) has often effected a cure when every other remedy failed. It is indeed a blessed remedy.

Sold at JACKSON'S Patent Medicine Warehouse, 89 Liberty street, head of Wood—at the same place is sold the Moorish Hair Dye, Coral Hair Restorative, and Spanish Lily White.

PRINCIPAL OFFICE—Sign of the American Eagle, 82 Chatham street, New York.
