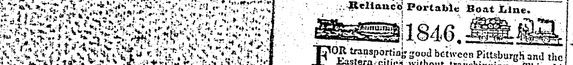
Transportation Lines.

Reliance Portable Boat Line.



FOR transporting good between Pittsburgh and the Eastern cities without transhipping. This old established line (being the oldest portable boat line on the canal) is now prepared to receive produce and merchandize for shipping either East or West. The boats by this line are commanded by skilful, experienced and sober captains, and provided with good crews. Boats and cargoes are transferred from and to canal and railroad, saving all removal and separation of goods. Trips made in as short time, and goods carried on as fair terms as any other line.

Thankful for, and respectfully soliciting a continuance of the very liberal and growing patronage heretofore bestowed upon this line, we with confidence assure those merchants disposed to favor us, that their business shall be done to their entire satisfaction. Goods carried by us, consigned to either of our houses, will be shipped to their destination free of charge for shipping, storage or advance of charges. As we hold no interest in steamboat stock, merchants may depend upon their goods always being forwarded without delay, upon good boats and at the lowest rates of freight.

Produce consigned to our house at Philadelphia for sale, will be sold on liberal terms, and advances made either at Pittsburgh or Philadelphia.

Pittsburgh Portable Boat Line.

FOR the transportation of freight between Pittsburgh and the Atlantic cities, via Pennsylvania Improvements and Baltimore and Susquehanna railroad.

The Proprietors of this old established line, having completed their arrangements, are prepared to forward goods to and from the East (on the opening of the canal navigation,) on as reasonable terms as any other responsible line, and are determined that no care or attention on their part shall be wanting to secure a continuance of that patronage so liberally bestowed upon them for several years past.

The decided success of the portable boat system, so manifest in the regularity and despatch experienced in the delivery of goods, the absence of all risk of delay, breakage or other damage, incident to the old system, where goods have to be hurriedly transhipped three times on the way, and the merchantable order in which produce has been avowedly delivered by them, has induced the proprietors to increase their stock considerably this season. Their extensive warehouses at each point, (unequalled by any other line,) affords them facilities to conduct their business with despatch and to shippers the convenience of free storage, if required, until their arrangements are complete—while their long experience in the carrying trade, it is presumed, will be sufficient guarantee to their patrons and the public that they will successfully exert themselves to give general satisfaction.

Produce received forwarded, steamboat charges paid, and bills lading transmitted free of charge for commission, advancing or storage, and all consignations to the following agents promptly attended to:

Bingham's Transportation Line.

CONDUCTED on strict Sabbath-keeping principles, though not claiming to be the only line that is so conducted. The proprietors of this old established line have put their stock in the most complete order, and are thoroughly prepared to forward produce and merchandize to and from the Eastern cities on the opening of navigation.

We trust that our long experience in the carrying business, and zealous attention to the interests of customers, will secure to us a continuance and increase of the patronage heretofore bestowed on "Bingham's Line."

Our arrangements will enable us to carry freight with the utmost despatch, and our prices shall always be as low as the lowest charged by other responsible lines.

Produce and merchandize will be received and forwarded east and west without any charge for advertising, storage or commission.

Bills of lading forwarded, and every direction promptly attended to.

Wilson's Pills.

THE WILSON PILLS, as a remedy peculiarly adapted for headaches and dyspeptic affections, are greatly generally known and esteemed in this community, and the proprietor, so often as he has occasion to write or speak of them, can scarcely refrain from an expression of his grateful acknowledgments to his friends for their patronage and kindness to him. His feelings are the warmer from observing the unbounded and the unknown almost in juxtaposition—of so many nostrums and quackeries equally found in their pretensions, and much more extensively presented to the public; while his preparation noiselessly advances, even to remote places, soothing and comforting the afflicted, and permanently grafting itself upon the affections of new friends, thus continually widening the circle of its usefulness. Although well satisfied that his medicine has, as it were, a principle of perpetuity in it, yet he is obliged to his friends for the most *substantial* evidence of the fact.

In its natural history, if you please, the Wilson Pill differs from most other preparations in not being originally made for sale, or with a view to pecuniary profit; while as every body knows, the greatest cry (as a general thing) no sooner begins to dabble in drugs than he casts about for some cheap preparation, or must "get up," as the phrase is, something—anything that will sell. Often he attempts it under an assumed or fictitious name, as though conscious his own were insufficient to sell it. The difference between the Wilson Pill and the preparations I have just indicated, would appear to be this: The one originated in the value of my pill originated the idea of putting them on sale for money, and as I progressed in the manufacture, the *money* consideration was almost lost sight of. The consciousness of the value of *money* I have alluded to, and the *price* most likely to take is always first carefully considered, and the pill or other preparation made and graduated to suit it. The one is a discovery, and comes from the great Arcana of Universal Nature; the other a *trick or invention*, and comes from a not very popular quality of INDIVIDUAL Nature. Reader! the difference here is great. In one instance the *value* attached to the PILL is the starting point; in the *other*, the MONEY. But it is not probable that some of the many preparations having even *such* paternity were *accidentally got up*, but that possibly by this process of "getting up" as they call it, by puffing and blowing, as we say in the head, Jaundice, Asthma. Sores of twenty years standing, Croup, Measles, Worms and even cases considered Consumption have all yielded to their highly renovating powers. They are also unsurpassed in their purifying properties, when taken as an occasional physic by old or young, being as well suited for the infant of one day as for the man matured in life.

By the express command of the Proprietor, they are sold at 12½ cents per box of 25 pills, with full directions. Sold wholesale and retail by

Medical.

'Tis Found at Last,

A CURE FOR CONSUMPTION.

Seven Thousand cases of obstinate Pulmonary Complaints cured in one year!

We ask the attention of the candid to a few considerations.

Nature, in every part of her works, has left indelible marks of adaptation and design.

The constitution of the animals and vegetables of the forest, is such that they could not endure the cold of the frigid zone, and vice vesa.

In regard to diseases and its cure, the adaption is more or less striking.

The Moss of Iceland, the Wild Cherry and Pines of all Northern latitudes (and "Dr. WISTAR'S BALSAM" is a compound chemical extract from these,) have long been celebrated for complaints prevalent only in cold climates. Indeed the most distinguished medical men have averred that nature furnishes in every country medicines for its own peculiar diseases.

Consumption in its confirmed and incipient stages *Coughs, Asthma, Croup* and *Liver Complaint* form by far the most fatal class of diseases known to our land. Yet even these may be cured by means of the simple yet powerful remedies (named above) and which are scattered, by a beneficient Providence, wherever those maladies prevail.

ANOTHER ASTONISHING CURE!

WISTAR'S BALSAM OF WILD CHERRY, always triumphant! cure follows cure in its onward victorious career!

DAYTON, Feb. 11th, 1845.

J. W. Whitmore.—Dear Sir: As yourare the regular authorized agent in Dayton, for the sale of "Dr. Wistar's Balsam of Wild Cherry," I take this method of making a statement of facts to you which I hope may be published to the world) in reference to an almost miraculous cure, wrought in my case by means of the above *Invaluable Balsam.*

Language fails to describe the salutary effects it produced, and the great benefit I derived from its use.

The citizens of Dayton and vicinity, well recollect that on the 8th of August last, I received serious injury from the explosion of a cannon. A portion of its contents entered my right side and breast; and in all probability, some fragments or splinters of the cannon passed through the "pleura," and pierced the Lungs.

After the lapse of about six weeks, I was attacked with a *distressing cough and a violent pain in my right side.* Some ten days after this when in a *paroxysm of coughing*, suddenly and EXCEEDINGLY broke, and a large quantity of very offensive matter, mixed with blood, was discharged; most of which found passage through the opening of the wound. From this opening there frequently passed a quantity of air, supposed to issue from the lungs. *During all this time my sufferings were almost intolerable.*

My physicians, meanwhile paid the strictest attention to me, and did all in their power for my recovery. But with all their skill they could not relieve *the seat of distress, after the lungs had become affected.* I was visited during this time by at least *twenty* Physicians.

It was now reduced to a certainty, that *inflamation of the lungs* was rapidly taking place; and that this would terminate in my life in a very short time, was in the highest degree probable.

At this critical stage, a messenger was despatched to Cincinnati, and a celebrated Physician of that place was consulted. Which he was made acquainted with my situation, he remarked that nothing could be done by medicine, as the constitution itself was sufficient to throw off the disease.

My friends now despaired of my recovery, and I had no ground of hope to survive in any days. Fortunately at this juncture, I was one of Dr. Wistar's Pamphlets, entitled "Family Medical Guide, or a Treatise on Consumption of the Lungs." As I had often heard of its being used in the concert of my Physicians, I sent to you for a bottle of the medicine described as "Wistar's Balsam of Wild Cherry." Its effects relieved me almost immediately. After I had used one bottle or *at* bottle *I ceased to need to be spat blood.* My cough, night sweats, &c., were restored to a healthy state—all from the *healing and soothing influence and powerful medicinal virtues of Wistar's Balsam.*

Were it not from the several papers I received in my shoulder and arm by the explosion, I feel confident that I might have been workingat my trade (Coachmaking,) but this has prevented.

By exposure, I have since taken several severe colds, and my *only remedy* has been Wistar's Balsam, and I have most cordially recommended the genuine article to all who are afflicted with *Colds, Coughs, or lung complaints.* I consider it an invaluable and cannot refrain from speaking in its praise. Any person desiring further information, may call on me any time. Yours truly,

CHRISTOPHER B. SMYTH.

BOWEL OR SUMMER COMPLAINT.—We confidently recommend and could refer to hundreds of our citizens who have used

JAYNE'S CARMINATIVE BALSAM,

as a certain, safe and effectual remedy for Dysentry, Diarhœa, or Looseness, Cholera Morbus, SUMMER COMPLAINT, Colic, Griping Pains, Sour Stomach, Sick and Nervous Headache, Heartburn, &c.

This is one of the most efficient, pleasant, and safe compositions ever offered to the public for the cure of the various derangements of the stomach and bowels, and the *only* article worthy of the least confidence for curing *CHOLERA INFANTUM* or *SUMMER COMPLAINT*; and in all the above diseases it really acts like a charm.

CERTIFICATE

From the Rev. Asa Shinn, of the Protestant Methodist Church.

The undersigned having been afflicted during the past winter with a disease in the stomach, sometimes producing severe pain in the stomach for ten or twelve hours without intermission, and having tried various remedies with little effect, was furnished with a bottle of Dr. JAYNE'S CARMINITIVE BALSAM. This he used according to the directions, and found invariably that this medicine caused the pain to abate in three or four minutes, and in fifteen or twenty minutes every uneasy sensation was entirely quieted. The medicine was afterwards used whenever indications of the approach of pain were perceived, and the pain was thereby prevented. He continued to use the medicine every evening, and sometimes in the morning, and in a few weeks health was so far restored, that the sufferer was relieved from a large amount of oppressive pain. From experience, therefore, he can *confidently recommend* Dr. D. Jayne's Carminative Balsam, as a salutary medicine for diseases of the stomach and bowels. A. SHINN.

Still Another Wonderful Cure of CONSUMPTION.

DR. SWAYNE'S COMPOUND SYRUP OF WILD CHERRY,

THE ORIGINAL AND GENUINE PREPARATION!

Spitting Blood, Difficulty of Breathing, Pain in the Side and Breast, Palpitation of the Heart, Influenza, Croup, Broken Constitution, Sore Throat, Nervous Debility, and all diseases of Throat, Breast and Lungs, the most effectual and speedy cure ever known for any of the above diseases is

DR. SWAYNE'S

COMPOUND SYRUP OF WILD CHERRY.

THE GREATEST CURE EVER RECORDED!—

Dr. Swayne—Dear Sir: I feel it a debt of gratitude due you—and a duty to the afflicted generally, to offer my humble testimony in favor of your Compound Syrup of Prunus Virginia, or Wild Cherry, or rather of its medicinal virtues. Some three years since I was violently attacked with cold and inflamation of the Lungs, which was accompanied with a very distressing cough, pain in the breast and head; a very considerable discharge of offensive mucus from the lungs, frequent from them, especially from changes of weather, however slight. At first I felt no alarm about my condition, but was pretty soon convinced that I was rapidly going into consumption. I grew daily weaker, and at length was scarcely able to walk about, or speak above a whisper, such was the exceeding weakness of my lungs. During this time I had tried various preparations and prescriptions, but found no relief—growing all the time worse. Just here I was advised and persuaded by a dear friend in Wilmington, to make trial of your Syrup of Wild Cherry; I must confess that previously I had been prejudiced against patent medicines, and am still against those coming out of the hands of empirics, but understanding your claims to the profession and practice of medicine, and having implicit faith in the say so of my friend, I forthwith purchased of Dr. Shaw, one of your agents, a few bottles, and commenced its use. My disease at this time was of 20 or, 24 months standing, consequently, was deeply seated. I therefore required and a number of bottles to effect a cure in my case; I found, however, considerable relief from the first four or five bottles. But being a public speaker, I frequently attempted to preach with my increasing strength and health, and thereby ruptured those vessels that had already begun to heal, in this way, doubtless, my cure was greatly retarded. In consequence of acting thus imprudently, I had to use 12 or 15 bottles before I was perfectly restored. I have no question, a much smaller number of bottles would have made me sound, but for the above imprudence. The Syrup allayed the feverish habit, done away the distressing cough, put a stop to the discharge of matter from the lungs, and gave them and the entire system, good health. Thanks be to God, who is the source of all health, and to Dr. Swayne who in the use of his valuable medicine was instrumental in restoring to them, when, in fact, I was considered by my relatives and friends as past recovery, and as one not initiated in the mysteries of the grave. And now that I feel perfectly well, I offer it with pleasure.

REV. J. P. JORDAN.

Duplin County, N. C., Dec. 13, 1845.

EXTRAORDINARY DISCLOSURES,

BEWARE OF FRAUDS.

TO DRUGGISTS.

SOME druggists are misled into the error of buying a miserable imitation of Dr. Sands's Sugar-Coated Indian Vegetable Pills, simply because they can purchase the spurious cheaper. We shall in all cases expose such dealers throughout the country, who, after being *duly informed* of the rascality of these imitators, buy and attempt to impose upon the public with such worthless trash. It is not the Sugar coating alone that constitutes the value of my Pills, but it is *my invention*, for which I claim the right.

A VOICE FROM KENTUCKY.

I have been afflicted with dyspepsia in its most aggravated form for three years past, and found no relief until I used Dr. G. Benj. Smith's "Sugar-Coated Indian Vegetable Pills." After using six boxes of said valuable pills, I am entirely cured. They are a jewel indeed.

At the request of Dr. G. Benjamin Smith's agent we cheerfully state that we visited the office of Dr. Smith in September last, while in New-York, and found him to all appearance carrying on a very extensive business with his Sugar-Coated Indian Vegetable Pills. The extent of his establishment would astonish any one not initiated in the mysteries of the pill trade.—Louisville Journal.

Dr. G. Benj. Smith—Dear Sir: You will please send us 12 gross of your valuable Pills. From present indications we shall sell a large amount of them.—We find that they go very quick. Your friends,

BULL & ALDEN.

(From Wilson, Starbird & Smith.)

Louisville, Feb. 13th, 1846.

Dr. Smith—Dear Sir: About two weeks ago we bought 2 gross of your Indian Vegetable Sugar Coated Pills. Though business is dull here at this time, yet we have sold them all. You will please send us 10 gross through Messrs. Lawrence & Keese, of your city, who will forward them to us via Pittsburgh.

Yours, respectfully,

WILSON, STARBIRD & SMITH.

This is to certify that I have used the Sugar coated pills manufactured by G. Benj. Smith, of New York, for some time, and believe them to be a good medicine; and also from enquiry in that city, I am persuaded that he is the original inventor, and therefore, is entitled to the benefit of the invention.
