POB THE COMPLETE CTRE OF

Coughs, Colds, Influenza, Bronchitis, Spitting Blood, Asthma, AND ALL OTHER LUNG COMPLAINTS TENDING TO CONSUMPTION

THE above Expectorant, prepared by an experienced Physician and Chemist, has now become a standard Preparation, and is offered for the COMPLETE CURF of those diseases of the THHOAT and I I NGS, which, if neglected, usually terminate fatally in CONSUMPTION. It contains no Option, Culconel, or any mineral whatever, but is composed entirely of those Roots, Herbs, and Vegetable Substances, which have a specific influence upon the lungs and their connected Mosts, Herbs, and Vegetable Substances, which have a specific influence upon the Lungs and their connected organs. Its immediate effect is to allay all irritation and gently remove the phiego and other morbid secretions, from the Throat and air-passages, thus relieving the Cough, by subduing the inflammation and other causes which give rise to it. It is approved of and recommended by Physicians of the highest standing, and may be given with perfect alety to the youngest child of the most delicate female. Less than half a bottle will generally cure any ordinary COLD or COUGH, by following the directions.

One bottle is usually sufficient for a case of Influenza.

A few doses will relieve Tickling in the throat,
or Hoarsoness.

One battle will effectually stop Spitting Blood.

Three to Sip bottles only are required in Bronchistis or Asthum.

Faur to Eight bottles will cure any case of Incipient Consumption. One bottle is warranted always to do good, and satisfy the patient that he is on the right road to a CURE. MEDICAL. as Spectacles and Surgical Operation

Useless-The Blind May Scol-It is gratifying for us to be able to announce to the public that the utility of RALLYS PATENT EYE CUPS is now tip experiment. their wonderful effects are coming daily to the knowledge of the proprietors. Strange as it may seem, it is true, that Spectacles may be dispensed with entirely and sight restore to its original power. These Cup; are simple, yet philo-sophical. They are used without pain or the least danger of injury. Below will be found several certificates which speak highly in their favor: [From the New York Evangelist.]

A vERT simple yet philosophical Instrument, has been invented by J. Ball & Co., of this city, by the application of which the cornea of the eye is gradually raised to its original; convexity, causing the focus to impinge on the retins without the aid of convex lenses. Thus by an easy process persons who have used glasses for years are enabled to dispense with them.

UNIONTOWN, PA., August I, 1854.

Being well acquainted with Mrs. Gurstead, I know that before she used **Ball's Patent Kye Cups," it was impossible for her to read without the use of spectucies, and that her-sight has been restored by the use of the Cups, so that 'she now reads print with her maked eye without difficulty.

Dear Sir—Having lost my eight by old age, I was induced to purchase your wonderful instruments, and by using the same according to your directions, I succeeded in restoring my sight so that I can read by night or day without spectacles. I have not used my spectacles for the last three or four months, which shows that the restoration is not a temporary one, but a valuable and permanent cure.
