Before me, an Alderman, in and for the city of Pittsburgh, personally appeared Thomas McCoy, who, being swora, doth depose and say:

I told her her sixte did not like her to be Weaver; I told her her sister did not like her to be there; Margaret Donovan, or Sands, was there; also Mary Ellen Drake and Dan Dunham; they had whis-ky there; there were three fellows came in; one of them was William Canghey; the other men I did not know; Canghey was sitting in the middle of the three, and we got into a difficulty; I cannot say whether he struck first or I first; all I did not strike at Caughey, at any time, with anything very extensive, consisting only of a bed, a tin pan, respectfully solicit donations in money and provisions for the refreshment tables, and useful and fancy articles for the sale—all of which may be sent to the oye, for sub at nov20 Hall on the morning of the 18th inst. The physicians in attendance express very little encouragement as to his recovery. Yesterday, Alderman Major visited him at his residence on Logan street, and received from him the following deposition:

Before me, an Alderman, in and for the city of Pitteburgh, personally appeared Thomas McCoy, who, being sworn, doth depose and say:

I was crossing up the steps from Bayardstown, and 43-Clark's Stomach Bitters are acknowledged by all who have tried them to be the best family medicine of the age, for the cure of Dyspepsia, Costivoness, and a disordered state of the Liver and Stomach. They have no rival. The proprietors do not pretend to caution people from using other preparations that are palmed upon the public under the name of Stomach Bitters, for they have found that only one trial was needed to render such caution unnecessary.

Major.) came there; you was the first person I recognized; I recollect seeing Mr. Finch there; I ran from Caughey when he aftacked me, but cannot recollect that he made any remarks; I did not go to the house for the purpose of making an arrest; I had no warrant to arrest any one; I believe it was the intention of Caughey to kill and murder me; I drank liquor was drank after Caughey came in; all in the house for the form of the house; I do not know that any liquor was drank after Caughey came in; all in the house for the full house was that I know a man by the name of Cress; I did not go for the purpose of mresting Cress; to my knowledge there are no one aided chetted or assisted Wm. go for the jurpose of arresting Creas; to my know-ledge there was no one aided, abetted or assisted Wm.

I saw it in Caughey's hand. THOMAS M'CO'. Before me sworn and subscribed this sixth day of December, 1855.

Andrien's Great West and Sunny South.—These Panoramas have been exhibited but two nights and afternoon in our city, on account of the room being previously engaged for Parke Benjamin's lecture for the literary association, and in that short space of time it has been visited by over thousands, who pronounced it the most anasing and interesting exhibition over presented in Pittsburgh. The painting being alternately explained by Madame Andrieu, a Southern lady, or by the artist himself, a real live Frenchman, makes it peculiarly original and attractive. The tide seems to run to Masonic Hall for the children being admitted without parent or guartane children being admitted without parent or guartane.
