"J. W. HARMAN" is the name of a new steamer just out; she is now at the wharf, and is one of the best boats brough out lately. She is called after Mr. Hallman, of the firm ot Coleman, Haliman & Co., and is a credit to our city mechanics. She is now loading and preparing to leave for the "far down" ports of the "sunny south" on Thursday. Her hull was built at Elizabeth, by Mr. W. B. Walker, and is one of the best jobs of the season,—it measures 154 feet on deck, 35 feet beam and 51/2 feet depth of hold. She will be propelled by three high-pressure boilers, 38 inches in diameter and 28 feet long. Her cylinders are 20 inches in diameter ter with a 6 foot stroke. She is also provided with a niggar engine for hoisting freight; with extra hose connections at the stern in case of fire—besides large bilge pumps worked by the doctor engine. INVENTIONS AND PATENTS MR. More F. Eaton—Sir: I am a Plano manufacturer, and have lately used Hopper's Patent Bench Plane, and at your request I will state what I think of it. For planing some repeated by Dr. C. M. JACKSON, Philadelphia, will effectually cure Liver Compilaint, Dyspepsia, Jaundrey, Chronic or Nervous Beblilly, Diseases of the Kidneys, and all diseases arising from a Disordered Liver or Stomach. eveneers it is the best thing in use, in fact the only kind of Plane that can be well used for that purpose; and one man can plane as much venoering in one day with it as he could scrape by the old method in six days. It leaves, too, a much more even, smooth and solid surface than the scraper, and one that will absorb less varnish or paint. It is for all kinds of fine wood work the best Piane I know of. It is so constructed that it takes up, and can take up, but a very thin chip, and can be used against the granus well as any way. This makes it peculiarly valuable in planing veneers. I shall never scrape any more veneers while this Plane can be

obtained. It must come into general use, saving so much time and doing such nice work as it does. IL GOODALL, Third st., No. 128. Yours, FOR CONVEYANCE OF PASSENGERS AND FREIGHT

Many of our most worthy citizens testify to its wonderful efficacy in all affections of the stomach and liver. As a tonic, it never has been equalled, for the relief it affords in all cases of debility or weakness of any kind is almost instantaneous. In norvous, rheumatic and neuralgic affections, it has in numerous instances proved highly benefitial, and in others effected a decided cure.

When eminent physicians prescribe, and their patients so unhesitatingly recommend, surely we may cease to the patients and universal patients for ourselves.

Holland Bitters.—Michael Kelly, No. 117 Grant, near Smith-Aeld street, says: "Last July, while running on the river, on a cotton beat plying between Natchez and Now Ordeans, I was taken with fever and ague. For eight long months I suffered with this dreadful disease. The greater part of this time I was unable to work, and spent at least fifty dollars for different medicines, but I found no permanent relief. Three weeks ago, one of my friends insisted upon my trying Beorhave's Holland Bitters, saying that a cure was guaranteed. After taking it for one week, I must state I was a sound man. I have been at work now for two weeks, and have had no return of the chills and fever whatever."
