Arrest of Suspected Burglars. - Three young men named Bryan Mahew, James Glass and Patrick M'Cullom, were arrested vesterday in the lower part of Allegheny, by officer Scott, and taken before Mayor Adams, on suspicion of being concerned in the late burglary at Walter Glass' shoe store, in the Diamond. A number of houses in the First ward were searched, and a portion of the stolen property recovered. The young men were examined before Mayor Adams, but as the goods could not be traced difficulty with the United States has become totally to them, or any evidence elicited to fix the burglary extinct.

RIVER NEWS.

THE RIVER, WEATHER, &c .- The river remains stationar with eight feet water in the channel by the pier marks. The cold snap of the past few days has made the river as tight a a brick again. Yesterday was a clear sunshiny day, and where Old Bel's rays had a chance to operate a considerable melting business was done. The warehouses of all our shippers are plethoric with goods, and if they are not soon relieved by an opening of the navigation serious consequences might ensue. We will not predict when that event will take place. We may remark, however, that the time for the ground hog to make his appearance again is near at hand.

Three Guardsmon-Athos, Mr. McBride; Portho Whalley; Aramus, Dubois; D'Artaguan, Chas. Foste Lody Winter, Julia M. Cooke; Queen, Mrs. Cantor. ground hog to make his appearance again is near at hand. Look out!

WE copy the following items from the St. Louis papers o Saturday:

The river continues to fall rapidly at this point, and is now within about six feet of its depth previous to the rise. The weather is beautiful, and is appreciated by all, including beatinen, who are lurrying their freight on shore or absordant as the case may be, with exemplary abscrity. Several beats are receiving for the illinois, which is still closed with fee others will load immediately for points on the upper Missis sippl, which is not yet reported upon, even to the month of the Illinois. Several boats are also up for the Missouri and there will be a good number of departures for that stream during next week.

The Osage river trade is now, if it has not been heretofore during next week.

The Osage river trade is now, if it has not been heretofore, of much importance. There are now several beats of light draught loading for points on that stream.

The steamer Col. Mergan was sold to an Osage River Company at St. Louis, a few days since, for \$7,000. The Brunette was also sold at the same point, a few days since, for \$4,500, for the wood-towing trade. Capt. Wm. 8, Dozier, a well known commander on the Missouri river, died in St. Charles Mo., on the 18th ult., after a lingering illness.

Patent Finishing Plane. This invention is intended for use whore it is desired to im sart a fine, smooth, and glossy surface to the wood; but it is pplicable, with advantage, to all kind of carpenter's planes. the novelty consists in placing the cutting chisel, or bit, in front of the wedge, instead of behind, as in common planes; also in applying a metallic mouth-piece to the face of the plane, in front of the chisel, which mouth piece serves as the est for the chisel, and confines the throat of the plane. But the mouth piece is so close to the edge of the bit as to revent the plane from ripping or splittering the wood in the least degree. Indeed, we have seen the implement ap-plied to the planing of wood against the grain, and trans-

ersely to the grain, leaving the wood perfectly smooth. So riest is the operation of this instrument, that it may be apslied to the planing of veners-with entire success-a ing which cannot safely be done by the common plane the peculiar arrangement of the mouth piece, bit, and seeden affords a complete and firm bearing for the bit ans date January 16, 1855. Sig Morris F. EATON, No. 80 Fourth street, Agent for

Mr. M. F. EATON-Sir: We are Cabinet-makers, and ave used Hopper's Patent Vencer Plane, and we can recomand it to all our fellow workmen as far superior to the ol mode of scraping. A man can plane as much veneering in no hour with this plane as he could scrape in the old way in a day; and with greater case; for any man that has used the scraper knows that it cramps the hand, and will burn and blister the fingers. We would not do without these Planes if they cost three times the money they do. We have also used his Patent Jack and Fore Plane, and consider it superior to the old cap bits. You can plane against the grain of the wood as well as with it. Yours, Ac.,

Many of our most worthy citizens testify to its wonderful efficacy in all affections of the stomach and liver. As a tonic, it never has been equalled; for the relief it affords in all cases of doblity or weatherss of any kind is almost instantaneous. In nervous, themmatic and nortragic affections, it has in numerous instances proved highly beneficial, and in others effected a docided curs.
When entinent physicians prescribe, and their patients so unhesitatingly recommend, surely we may cease t doubt, and engely test its virtues for ourselves. when entiment physicana process and the strength and reagerly test its virtues for ourselvers.

A Case of Eight Months' Standing Cured by Berrhaus.—Halland Bitters.—Michael Kolly, No. 117 Grant, near Smithheld street, says: "Last July, while running on the river, on a cotton boat plying between Natchez and New Orleans, I was taken with fever and ague. For eight long months I suffered with this dreadful disease. The greater part of this time I was anable to work, and spent at least fifty dollars for different medicines, but I found no permanent relief. Three weeks ago, one of my friends insisted upon my trying Boerhave's Holland Bitters, saying that a cure was guaranteed. After taking it for one week, I must state I was a sould man. I have been at work now for two weeks, and have had no return of the chills and fever whatever."

The fact of this remedy being in such high repute among the Hollanders in Wiscomein, Michigan, Now York—in fact, in every Holland settlement in the United States—argues much in its favor.

WRAKNESS OF THE STOMACH AND INDIGESTION. Another Great Cure Effected by Boerhave's Holland Bitters.—The wife of Peter De Witto, living in Holland Town, Sheboyan county, Wisconsin, suffered much from weakness of the stomach and indigestion. She had been under a physician's care for some time, but the disease seemed to baffle even his skill. She purchased some Holland Bitters at our office, which has given tone to her stomach, her appetite and strength are returning, and we firmly believe that this is another great care effected by your medicine.

We have still to record many wonderful cures effected by this remedy, but must wait another opportunity. One thing you can rely upon, what we have published are from persons much respected in our community, and are literally true.
