A County Convention of Know Nothings and Republicans met in our city on Wednesday last for the purpose of doing wonders if posible. The declared purpose is to form " fusion ! of those parties, and get up a count and State ticket that both will support at the fall election. The K N s had this County Cor vention all their own way, having hearly three to one of the delegates. The Republican writhed a little under their manifest subjurgation But Mr. B and Mr. W southeland coave i ther into quietness, and they then proceeded to elect

delegates to the State Convention, which meet at Harrisburg on the 26th inst - Six K. N.'s and one Abolitionist were elected as delegates. In this county, then, Sam has swallowed Sambo and got the lead in the fusion farce. The most interesting discussion that occurre was on the question whether a motion to adjourn was always in order. It is generally in describe in county conventions. Mr. Brady, with all hi logislative experience, have down eloquently of the affirmative of the question, and Mr. Howard

sustained the negative manfully. If Mr. B 4414 one side of a question, Mr. H. is bound to take the other. They are supposed to be rival claim ants for the honor of being "laid out" in a race for Congress this year. The question was finally referred to Mr. Bigham, but as he is surposed to

THE SATISFACTORY REMEDY-From all parts of the country, north and south, the proprie-tors are almost daily in receipt of such flattering testimoni-nials as the following, relative to B. A. Fahnestock; unequal-ed Vermifuge: Greenenon', Ala., April 18th, 1845.

Merers. R. A. Fuhnettock & Co.—I have been solling your Vermifuge in this place for five years, and take pleasure in stating, for the information of the trade and of the public, that it has been, so far as I know, one of the most satisfactory remedies in the market, and one of the most saleable medicines we have. I have also personal knowledge of its good effects in numerous cases under the treatment of our physicians, all of whom use it regularly, and always found it to be safe and reliable as a worm specific. I can recommend it as one of the safest and best in the market.
