Whether it is proper for the city and county to incur any further liability on account of it or not, it seems not unreasonable that they tain of the Ohio Belle, on leaving Hickman, is reshould have the power to do so, and then act as the exigencies of the case and the judgment of the people shall dictate. The city and county have already invested in it a million and fifty thousand dollars, and have also paid one instalment of interest on their bonds, amounting to thirty-three thousand dellars. If the work must stop that whole investment must be lost. And not only this investment will be lost, but the interest on it for eighteen or nineteen years must be paid hesides. This will amount-principal and interest-to over two million dollars. Shall this he increased to complete the road, and put it in a condition to pay all in time? That is the ques-

tion now presented. But there are other questions arising out of the present state of affairs. The city has no mentary notice of it: power to increase its indebtedness. How, then, can it provide for paying interest on its bonds. The interest for the half year will be due in July next, and it must raise the funds to pay it, or be protested. Our Senators and Representatives should at least provide such legislation that the money can be raised by increased taxation. will follow. The road will probably be in other will follow. The road will probably be in other hands before another legislature meets, unless of a statesman and a patriot anxious only to climinate something is done to save it, and the city and and enforce the truth. county from such a sacrifice. a perfect cure is warrance when the more quantity taken.

Nothing looks so improbable to those who have in valuative all the wonderful medicines of the day, as that a common weed growing in the mature, and along old stone walls, should care every humor in the system; yet it is now a fixed fact. If you have a humor it has to start. There are no fis nor anda, hums or has about suiting some cases and not yours. I pedided over a thousand bottles of it in the vicinity of Boston. I know its effects in every case. It has already done some of the greatest cures ever done in Massachusetts. I gave it to children a year dat; to old people of sixty. I have seen poor, puny, wormy looking children, whose flesh was soft and flabby, restored to a perfect state of health by one bottle. was soft and flabby, restored to a perfect state of neman by one bottle.

To those who are subject to a sigh headache, one bottle will always cure it. It gives great jeilef to cutarrh and dizziness. Some who have been costive for years, have taken and been regulated by it. Where the body is sound it works quite easy, but where there is any derangement of the functions of nature, it will cause very singular reclings, but you must not be alarmed—they always disappear in from four days to a week. There is never a bad result from it. On the contrary, when that feeling is over, you will feel yourself like a new person. I heard some of the most extravagant encomiums of it that man over listened to. No change of dist is ever necessary—set the best you can get. I have likehas a new person.
