DEMOCRATIC STATE TICKET. CANAL COMMISSIONER:
GEORGE SCOTT, OF COLUMBIA Co. AUDITOR GENERAL:

JACOB FRY, Jr., MONTGOMERY Co.

TIMOTHY IVES, POTTER COUNTY. THE ELECTIONS -- A GREAT CHANGE. Within the last few weeks we have had the most encouraging intelligence in regard to the prospects of the Democracy. The party is evidently gaining strength faster than ever before. We have published the election news from time to time, but may now sum up in brief the prin-

In New Hampshire the Democratic gain this year was a little over eight thousand, and the Democratic candidate for Governor was defeated by less than one hundred votes. In the city of Portland, Maine, the Democratic ticket was elected by a large majority. This was a large gain. In Connecticut, also, there was a large gain at the late election, and the Democratic candidate was only a few hundred votes behind his opponent. A corresponding gain for four months more will make the State Democratic over all opposition combined. In Ohio our success has been almost unparalleled. In nearly all the cities and large towns the Democratic tickets were elected. In Cincinnati and Cleveland the entire tickets were successful; and it is abundantly apparent that over the whole State Know Nothingism is given up, Free Soilism run to extremes that the great mass of the people will not follow, and fusion a failure. The indications are that by fall Ohio will be in the Democratic line again. Let any one look at the returns of this year's elections and compare them with last year. and he can hardly doubt that such will be the fact. And Michigan-last year so largely in the opposition-this year wheels into line as a Democratic State. The returns from the late elections there are most encouraging evidences of a great and rapid change going on with the masses of the people. From Wisconsin, too, the news is of a similar tenor. A fusion of all elements of opposition fails in the large towns. Milwaukie, Kenosha, Madison and several other places are heard from, and in all there is a Democratic gain, and in most a victory. We have already published the result in the principal towns and cities of Illinois. Chicago, Springfield and other places send forth the same tidings. Chi cago, where a year ago Judge Douglas was refused a hearing? and liberty of speech was crushed out for a time, is now a Democratic city The same news comes from lows. In most of its large towns the Democrats have triumphed In St. Louis, Missouri, the Democratic candidate is elected Mayor by about three thousand major

ity. In several of the cities of the State of New York similar results are reported - in cities too, where, judging from the past, they could Such are the tidings of late from most of th northern and some of the southern states; and they indicate a change in public sentiment most encouraging to our party, and emphatically a re buke to those fanatical isms that had misled for a time, and alarmed the sober and patriotic for of March, 1849 the safety and stability of our institutions. The sober second thought has come, and with it come tidings such as we have referred to above. The people have now had opportunity to see that the democratic is the only stable and steadfast party the party that adheres to its long tried princi ples; that seeks no alliance with factions and add Allegheny county, which was voted down and received the seeks no alliance with factions and procedure. On the other hand they see nothing but changean endless effort to get up new parties, new issues, new rallying calls; an effort made to inwelve a territory in civil war, preachers and women furnishing the rifles; the Union constantly increase. undervalued; appeals made to the passions and not to reason; a sickly effort made to keep up an excitement about slavery in a territory that will be a free State; and a constant warfare The following act passed Senate and House And not least among the causes of the great change now going on in public sentiment is the miserable farce of a revolutionary movement in Kansas. A Legislature was elected without any authority. A Governor chosen, and he addresses a message to that Legislature full of apparent.

ment in November next. THE TORNADO. -- Every mail brings us further accounts of the ravages of the tornado. It seems to have commenced in the eastern part of Ohio and swept eastward to the senboard, doing much damage in its course. At Alliance it was very severe, and at Salem considerable damage was done. The Cleveland Leader says that at Salem that upper story of a house was blown in, the wall falling into a room where a woman, who had been confined that morning, was lying, and atthough the bedstead and every article of furnities. This is said to be a grand chain of improvement, in railroading. The President of the Ohio as I are President of the Ohio as I are pentagonal attention. In Stark county, too, the force of the gale was terrific,

and much damage was done. The course of the gale was from northwest to southeast. In Lawrence, Butler and Armstrong counties, in this State, it was very destructive A man and boy were killed at Butler. The town hall was unroofed at Hollidaysburg, and the crier of the court was killed. Great damage was done in Lancaster county. We have

The Next State Fair The State Agricultural Society, on the 15th inst., appointed a committee of five persons to Stat come to littsburgh and make arrangements to have the next State Fair held here, provided that the citizens will raise two thousand dollars towards defraying the expenses. The Committee will be here on the 23d or 24th inst., and will

want to know at that time whether that amount of money can be raised here for the purpose. In 1853 the sum required was twenty-five hundred dollars, and it was procured in a few days. It is now but two thousand, and all that is wanted is that a few active gentlemen move in the matter to secure the sum required.
