s to establish an exclusive metallic currency, Mr. Buchanan stated the following to be his or But the Senator from Kentucky (Mr. Clay) indicated would benefit every class of society; but leaves no stone unturned. He says that the friends of the independent treasury desire to establish an exclusive metallic currency as the medium of all dealings throughout the Union, and, also, to reduce the wages of the poor man's labor so that the rich employer may be able to sell his manufactures at a lower price. Now, sir. I deny the correctness of both these proportions of the dealings of the poor may be able to sell his manufactures at a lower price. Now, sir. I deny the correctness of both these proportions of the country would admit. Of all referred to the proportion of the country would admit. Of all referred to the proportion of the country would admit. Of all referred to the proportion of the p sett his manufactures at a lower price. Now, sir, I deny the correctness of both these propositions; and, in the first place, I, for one am not in favor of establishing an exclusive metallic currency for the people of this country. I desire to see the banks greatly reduced in number, sire to see the banks greatly reduced in number, have endured during the last twenty years. and would, if I could, confine their accommodations to such loans or discounts, for limited eriods, to the commercial, manufacturing, and trading classes of the community as the ordinary

course of their business might render necessary. ofessional men tempted, by the facility of obtaining bank loans for long periods, to abandon their own proper and useful and respectable spheres, and rush into wild and extravagant speculations, I would, if I could, radically reform the present banking system, so as confine it within such limits as to prevent future suspensions of specie payments; and, without exception, I would instantly deprive each and every bank of its charter which should again suspend. Establish these or similar reforms and give us a amou Establish these or similar reforms and give us a real specie basis for our paper circulation, by increasing the denomination of bank notes, first demonified, and far more than indemnified, by the to ten, and afterwards to twenty dollars, and I time, continuing to suffer the evils which the wild excesses of the present banks have hitherto entailed upon the country, then I should consider it the lesser evil to abolish them altogether. the State legislatures shall now do their duty, I do not believe that it will ever become ncces sary to decide on such an alternative.

Mr. Clay had charged that the friends of the which it is now sought to revive, we invite specator from Massachusetts, after having attr the poor man's labor. We have been often labor in these hard money despotisms; and it is thus usual, by Miner & Co., and tiddenfenney & Co., and tidde is something new under the sun to hear the senator and his friends attribute to us a desire to alevate the wealthy manufacturer at the expense senator ought to know that there is too much intelligence.

of the laboring man and the mechanic. my soul I respect the laboring man. Labor ithe foundation of the wealth of every country : and the free laborers of the North deserve re spect, both for their probity and their intelligence. Heaven forbid that I should do them wrong! Of all the countries on the earth, we ought to have the most consideration for the laboring man. From the very nature of our in stitutions, the wheel of fortune is constantly revolving and producing such mutations in property that the wealthy man of to-day may become the laborer of to-morrow. Truly wealth often take: JAMES BUCHANAN. that the wealthy man of to-day may become the to itself wings and flies away. A large fortune rarely lasts beyond the third generation, even if it endure so long. We must all know instance of individuals obliged to labor for their daily bread, whose grandfathers were men of fortune The regular process of society would almost seem to consist of the efforts of one class to dissipate the fortunes which they have inherited.

whilst another class, by their industry and econ omy, are regularly rising to wealth. We have all, therefore, a common interest, as it is our common duty, to protect the rights of the labor ing man; and if I believed for a moment that this bill would prove injurious to him, it should meet my unqualified opposition. " Although this bill will not have as great an influence as I could desire, yet, as far as it goe-. it will benefit the laboring man as much, and probably more, than any other class of society What is it he ought most to desire? Constant employment, regular wages, and uniform, reasonrices for the necessaries and comforts of lise which he requires. Now, sir, what has been requested to be present, as a motion will be made to fix an his condition under our system of expansions and contractions? He has suffered more by then than any other class of society. The rate of his wages is fixed and known; and they are last to rise with the increasing expansions, and the first to fall when the corresponding revulsion occurs. He still continues to receive his dollar per day

sumes is rapidly rising. He is at length made to feel that, although he earns nominally as much, or even more than he did formerly, yet, from the ries of life, he increased price of all the necess cannot support his family. Hence the strikes for higher wages, and the uneasy and excited feelings, which have at different periods existed among the laboring classes. But the expansion at length reaches the exploding point, and what season thrown out of employment altogether works are stopped; our private enterprises different kinds are abandoned; and, whilst oth v procure the means of bare subsistence."

cept" charge is embraced in the extracts which Throughout the whole of it there is no sentence or word which gives even plausibility to the it is long, as it will furnish every one with a full have been fully illustrated by the experience of making such liberal quotations is to vindicate the wisdom and firmness and patriotism of Mr. uchanan. We desired to show how nobly he the United States Bank-bow faithful and ably e maintained the Democratic position on the experience, proof of ability, &c. Here is an ndependent treasury system-how clearly be comprehended and how forcibly he presented the merits of that system - and how clearly and earnman. It is, indeed, strange that the charge of a wish to reduce the wages of laboring men should

be based on anything in this speech. But it must be recollected that it was during the remarkable canvass of 1840 that this charge obtained currency. In the therecondition of the tained currency. In the therecondition of the conditions and who will be the instrument of their passions and who will be the instrument of their passions and who will be the instrument of their passions. popular mind, nothing was so absurd or prepos- and prejudices. In vain may it be expected to kinissas not to be acceptable to the degraved aste of the times. This remark is fully illustrated by the manner in which Mr. Buchanan's

Among others who undertook to answer Mr. Buchanau's speech was the Hon. John Davis, of still-born to the ground, and the political speculators Massachusetts—he that was usually known as who devised it and thoused the aims of the patriotic to unite the friends of freedom, peace and order would "honest John Davis." He assumed in his argument, directly in the teeth of the fact, that Mr. Buchanan had advocated the independent treasury on the ground that it would establish an explusive metallic currency. Starting with this subjects. Mr. Fremont's nomination will fall can conscientiously recommend it to the whole world. would bring down the wages of labor to the andard of prices in countries where the currency is exclusively metallic. To this speech, when cy is exclusively metallic. To this speech, when published, there was an appendix in which he introduced a table showing that, in some of the introduced a table showing that, in some of the exclusive metallic countries of Europe laborers only received ten cents a day. Putting was taken, and a clamor raised that the Demo- and one charged with the gravest duties and recrats were in favor of reducing the wages of sponsibilities, he possesses not one commensurate labor to ten cents a day.

mpared with their eir culation and deposites; or, in other words, a certain proportion of immediate specie means, to meet their immediate responsibilities. 2d. That the foundation

not to destroy, was my avowed motto. I know that the existence of banks and the circulation of bank that they cannot be abolished, even if this were "Such a reform in the banking system as I have

have endured during the last twenty years we have endured during the last twenty year. What is most essential to the prosperity of the mechanic and !:boring man? Constant employment, chanic and !:boring man? Constant employment, steady and fair wages, with uniform prices for the steady and fair wages, with uniform prices for the must purnecessaries and comforts of life which he must purnece which he was a second of life which he must purnece which he was a second of life which he must purnecessaries and comforts of life which he must purple which he was a second of the which he was a secon chase, and payment for his labor in a sound cur-

rency."

After restating further his arguments as presented in his speech of January 22d, Mr. Buchanan said, in reference to the reduction of the wages of laboring men:
"I contended that it would not injure, but great! benefit, the laboring man to prevent the violent at ruinous expansions and contractions to which of currency was incident, and by judicious bank re-form to place it on a settled basis. If this were done what would be the consequence? That, if the laboring man could not receive as great a nominal amount for his labor as he did in the days of ex-

to ten, and afterwards to twenty dollars, and I shall then be the friend, not the enemy of banks. I know that the existence of banks and the circulation of bank paper are so identified with the habits of our people that they cannot be abolished, even if this were desirable. To reform, and more moderate prices of the necessaries and comforts of life, which a more stable currency would produce. Can this proposition be controverted? I think not. It is too plain for argument. Mark me, sir, I desire to produce this happy result, and the uniform and wore moderate prices of the necessaries and comforts of life, which a more stable currency would produce. Can this proposition be controverted? I think not. It is too plain for argument. not to destroy, is my motto. To confine them not by ostablishing a pure metallic currency, but to their appropriate business, and prevent them from ministering to the spirit of wild and reckfrom ministering to the spirit of wild and reck-less speculation by extravagant loans and issues, is all which ought to be desired. But this is shall say: If experience should prove it to be impossible to enjoy the risellities which well regu-lated banks would after!, without, at the same time, continuing to suffer the evils which the certain that bank notes should be always convertible

into gold and silver.
"And yet this plain and simple exposition of my views has been seized upon by those who desire to make political capital out of their perversion; and it has been represented far and wide that it was my desire to reduce wages down to the prices Mr. Clay had charged that the friends of the independent treasury desired to reduce the wages of the laboring men. As this is the charge to decide between me and my traducers. The sentence of the laboring men. cial attention to Mr. Buchanan's reply. It was me the intention of reducing the wages of labor follows:

We are also charged by the Senator from independent treasury bill, has added, as an appearance of the independent treasury bill, has added, as an appearance of the independent treasury bill, has added, as an appearance of the independent treasury bill, has added, as an appearance of the independent treasury bill, has added, as an appearance of the independent treasury bill, has added, as an appearance of the independent treasury bill, has added, as an appearance of the independent treasures by Kentucky with a desire to reduce the wages of the poor man's labor. We have been often from Maryland, [Mr. Merrick.] of the prices of

Piles are known by the heat, itching and pain of the same. Bleeding piles are caused sometimes by the falling of the whole bowels, which then press the intestinal canal tight against the back bones and keeps the blood from returning up the vessels, similar to the blood being kept top of your finger when a string is tied tight round it; such is frequent, and for scrofulous bumors and ulcers to form is frequent, and for scrofulous humors and nicers we therein, then procurs a perfect ubdominal supporter, wear a compress to the rectum, and continue to use the as above; also rub it well over the loins and abdome

HENRY DALLEY, Manufacturer, O. V. OLIOKENER & CO., Manufac Sold at 25 cents per box by Dr. GEO. H. KEYSKI, 140 Wood street, and by nearly every desier in medicines throughout the United States All orders or letters for Jackmenton or advice, to be addressed to C. V. GLIUKKNEK, & CO., New York, Prof. De Grath on the Weather -- Pro

e Grath wants all sufferers from the effects of the inclem weather lately, to call and procure a bottle of his pleasant Electric Oil. It cures like maric. Price 25, 50, and \$1 Prof. De Grath feels it to be his duty to himself and o the public to state explicitly, that the article offered for sale by Mrs. Anna E. Smith, called in her advertise Grath's Electric Oil."

Mrs. Smith's pretensions to a knowledge of the prepara-ons of this celebrated remedy, arises from her connection MIRS. Smith's pretensions to a knowledge of the prepara-ions of this celebrated remedy, arises from her connection with Mr. (alunts B. Smith, formerly engaged with Prof. De Grath in keeping the books and correspondence of De Grath & Co., but usero instructed in the manifacture of the medi-cine. These parties have usether the right nor the ability to make "De Grath's Electric Oil," and no imitation of it can produce the wonderful effects of the original, as prepared by Professor De Grath himself, at his old and well known estab-hahment. No. 39 South Electric States.

53. Druggists will address their orders to him alone.
For sale by G. H. KEYSER, Pittsburgh, and all Drug-(i.i. my!2 or Reptured patients can be suited by remitting money and sending the measure around the hips, stating whether the there now lying upon beds of sickness, bulstered up in arm hairs, or creeping about their bouses from the effects of Rheumatism, Scrofula, Canker, Erysipelas, or some other ill hat "flesh is heir to," when they might be enjoying pleasant ride or an agreeable walk, and breathing the fresh and invigorating air of heaven instead of the stiffed atmos phere of the sick chamber, if they would but use a bottle or two of Kennedy's Medical Discovery. We should not mak o confident a statement were we not fully prepared to substantiate it by personal observation and the testimony these whose word cannot be disputed; and under these cit
