Reprer 7 borse ran against and knocked down the lad. The rate, hossier, suspenders, spol cotton, work baskets, needing the wheel of the cart passed over the right side of right wheel of the cart passed over the right side of the boy's head, crushing in his scull and scattering the boy's head, crushing the boy's head, crus

his brains over the street. His body was picked up by a gentleman in the vicinity, and carried to his father's residence, in the Diamond. The Coroner FURNITURE held an inquest upon the body, and a verdict of death from accident was rendered. The lad's name was Thomas H. M'Coy, and was between seven and eight years old. He was a bright intelligent boy, and his parents are almost distracted

Theatre.-We were never more suprised and pleased than at the efforts of Mr. Jos. Delavan, who gave an inimitable imitation of Mr. C. W. Conldock in his great performance of Luke Fielding on last Tuesday evening. The manner, gesture, voice and appearance were all forthcoming. Seldom have we seen such a recognition given to any of the young men in that peculiar line, as he was the recipient of. We understand next week he will re appear, and give a more extended idea of his capabilities. Encourage native talent.

The Pekin Tea Store, No. 38 Fifth street, has been receiving for the last two or three days large quantities of Teas, direct from the importers, which re offered for sale at prices lower than usual. This store has been so long established, and is so well known to our citizens as "The Tea Emporium" of the city, that they need not be reminded of the excellent qualities of Tes kept constantly on hand. In WHOLESALE GROCERS, addition to the large stock of Tea just received they have also received a large stock of Sugar and Coffee of the very best qualities.

-----The Strawbery Gathering, this afternoon and evening, in the City Hall, for the benefit of the sick in the Infirmary, promises to be a very pleasant affair. The Economites, with their accustomed kind-the place quite attractive. Ice cream, cake and Fereir and Ague.—We understand that the fever

and ague has commenced in some portions of the which he describes the above disease.

by a letter received after the prosp

the same individual making it a but

As the summer advances commercial transaction become more languid. and thus we are admonished that the business season is nearly at an end. The Flour market has however been moderately active, 2,00 known of success by any individual who simply attempted the publication of a single directory, but that if, after all, he should think proper to go forward, my canvassers would cheerfully inform him with increased stiffness and a tendency to advance the America's news, which represents an advance in \$10,50@\$11. ward, my canvassers would cheerfully inform him in regard to my method of collecting and compiling information, &c. I did not suppose he would pro-ceed at all, yet I have not a word to say in opposi-tion to his doing so, and do not mean to stand in his way. He will succeed better from the notices which the European markets for Breadstuffs generally. We also learn that heavy purchases of Wheat and other grain have been made at Buffalo, and other Lake cities, for exportation. In Bacon, also, our market way. He will succeed better from the notices which has been but limited. Of stated to be commenced by a transient individual, has exhibited a fair degree of activity, though with.

Ryethere have been 1216 bushels sold from wharf, depot and stands the business. The "M.'s" capacity for carriage is knowing nothing of the city, in opposition to a well out any change in prices.

Nown citizen.

Our rivers have now reced

protty well known, and should not have feared our our Western waters. This will, of course, affect our prefer having it done by a citizen—the preference is a natural one. I hope they will support him in the The news throughout the country is very favorandertaking, so he will be encouraged in sustaining the work. He is probably as competent as any other business man to publish a Directory for the bas been gathering some interesting facts, from has been gathering some interesting facts, from which we learn that throughout the heavy grain States of the North and East, the Wheat crop is unithe whole world. Should be not after the first issue formly represented as in a most promising condition. conclude to continue the work, and should the cit Towards the Southwest, where the crop had more zens think it worth while to have one established be one who, though not a citizen, has some experience nearly approached maturity, serious apprehensions in the business we may, possibly, hereafter un dertake to furnish one similar in character to the were beginning to be felt, on account of thre drought; but the rains were becoming me-

o year in their principal hotels, &c. C. S. WILLIAMS. Dr. Fitch,-Dr. C. M. Fitch, with whose success in doing some mischief. In South Carolina the Rice blood Merino. the treatment of pulmonary afflictions our readers are Wheat crop is not favorable. In Georgia Wheat all familiar, leaves for Buffalo on the 28th inst., so looks well. In Florida the yield of Breadstuffs will that those wishing to consult him have little time to largely exceed that of any former year. In Alabama lose. The following letter from a gentleman wel the Cotton crop is unfavorable. In Mississippi Cotknown in this city is abundantly worthy perusal: ton and Corn are much better than last year. The SAW MILL RUS, April 18. accounts respecting Louisiana are conflicting; some To the Editors of the Post : In December, 1854, papers speak of the cut worm as destroying both Cotconsulted Dr. C. M. Fitch, for a severe cough wit which I had been troubled about five months. ton and Corn, but more frequently the Cotton is desuffered much, also, from pains about the ches scribed as very promising. In Texas the ravages of eakness, shortness of breath, &c., &c. Under D the grasshopper are much complained of. In Ohio Fitch's care I was relieved in less than a mont not only of my cough but of all other unfavorab Grass and Wheat Lever stood better, and a great breadth of Wheat is sown throughout the State; the ymptoms, and have been perfectly well since. My ather, a gentleman 64 or 65 years of age consulted by Fitch at the same time, for asthma, which had Corn crop is in doubt. The Wheat crop in Tennes see is suffering from the ravages of the fly, but with coubled him for many years, but although Dr. Fits this exception, appears well. Michigan appears to gave him but little succuragement, on account his age, he nevertheless took treatment and has been almost entirely free from his arthma ever since and enjoys better health than be had done for years have suffered from the severity of the winter more

than any other State, the Wheat having been killed wherever it was unprotected by the snow; the injury, however, is not supposed to extend to more than one-eighth the crop. In Indiana the crops are very promising, there being no injury in any quarter. n Illinois the winter Wheat is reported as looking remarkably well; the farmers are now putting in the eight. Of these two died of Consumption, and one largest crop of Spring Wheat ever seen in that State. of Missouri, the St. Joseph Gazette says: "The growing crop of Wheat is the most promising that The sale, by order of the Sheriff, of the stock of has ever been seen in the country." > BEEVES. The offerings were 409 head, of which 270 were old to the city butchers, and the balance to country dealers and farmers. The prices for the best quality were \$4.50, ross; for good beeves, \$3,75; for medium, \$3,50, and fo ommon, **₹**3.12¹4. SHEEP... The offerings were 214 head, all of which were old; the best quality bringing \$1,25 \$100 fbs; medi 2.75, and ordinary \$1,50@2 % head. HOGS.. There were no Hogs offered.

REMARKS... We have no change to note either in th

uality or price of the offerings this week. New York, June 19.—Flour: Common and medium ides have advanced 5@10c, with a brisk demand for expraces have advanced 56 DC, with a brisk demand for export and home consumption; sales 14.00 bbls at \$5.55.50 for common to choice State; \$5.756.26 for extraon to choice State; \$5.756.26 for extraon to choice State; \$5.756.26 for extraon superfine to good extra Michigan \$5,000 \$5.75 for common to good superfine Indiana, Illinois, Wisconsin and Ohin; \$6.400,\$8,30 for common to good extra do, and \$8.750,\$9.75 for extra \$1. Lonis, the market closing firm, with a fair demand. In Canadian Flour there is rather more doing, but the prices do not show any important or material change; sales 800 bbls at \$5.500,\$5.750 for common superfine to good extra. Southern Flour perhaps a shade firmer on medium grades; sales 1000 bbls at \$5,100,\$5.75 for mixed to choice brands, and \$5,800,\$5.75 for fancy and extra. Southern Flour normally the same, with small sales. For Wheat there is a brisk export demand, and the market is 25,800 to \$1.00 to the \$1.00 for real small sales. For Wheat there is a brisk export demand, and the market is 25% be there; sales 10,000 bits at \$1.05 for real Southern; \$1.00 for Amboy do.; \$1.756\$\$\$1.85 for white do.; \$1.474 for Canadian club, \$1.486\$\$1.35 for common to fair white Canadian; \$1.376\$\$\$31.46 for red and white Indian; \$1.375, for Milwankie cittle; \$1.25 for Chicage spring in store, \$1.20 for do. delivered, and \$1.47 for white Hilmois, the market closing buoyant, and with a good inquiry. In Rye there is a fair business doing at full prices; cates \$0.000 has Western at \$86052; for Northern \$3.5cm to formed and \$4.000.

It is expected that Apples and Peaches will also be produced abundantly. In Pennsylvania, the general accounts are that there is a present prospect of large crops. The season is backward, but that is said to be very favorable to the Wheat which was sown in immense quantities last fall. The peach crop is considered a total failure, but Apples promise abundance. The New Jersey crops are favorable. In New Ragiand the season is backward, and any opinion yet formed as to the fate of the crop is in the season is backward, and any opinion yet formed as to the fate of the crop is in the season is backward, and any opinion yet formed as to the fate of the crop is in the season is backward, and any opinion yet formed as to the fate of the crop is in the season is backward, and any opinion yet formed as to the fate of the crop is in the season is part of the crop is in the season is backward, and any opinion yet formed as to the fate of the crop is in the season is part of the crop is in the season is backward, and any opinion yet formed as to the fate of the crop is in the season is backward.
