GILLMORE & MONTGOMERY. WONDERFUL DISCOVERY AND

DREADFUL PUNISHMENT. The New York Tribune editors have disc uttering treasonable scutiments. They find those treasonable sentiments in the following remarks of Mr. Fillmore in his late speech at Albany. He was speaking of the woolly-horse Republican Fremont party, and he said:

We see a political party presenting candidates for the Presidency and Vice-Presidency, selected for the first time from the Free States alone, with the avowed purpose of electing these candidates by suf frages of one part of the Union only, to rule over the whole United States. Can it be possible that those have reflected upon the consequences which must nevitably follow, in case of success? Can they have

the madness or the folly to believe that our Southern South, having a majority of the Electoral votes, ers for President and Vice-President; and should elect such by their exclusive suffrages to rule over us at the North. Do you think we would submit to it No not for a moment. And do you believe that your Southern brethren are less sensitive on this subject than you are, or less jenlous of their rights? therefore you must see that if this sectional party succeeds, it leads inevitbaly to the destruction of this beautiful fabric, reared by our forefathers, cemented by their blood, and bequesthed to us as a priceiess inberitance.

Those two paragraphs contain the whole sur and substance of the indictment for which the Tribure prefers in the following char acteristic and ilhotic language. The I'd of

" Mr. Fillmore is thus, by his own deliberate avow al, at heart and in intentions in all but the overtact, which yet remains to be committed a traitor. This refer to the very words of Mr. Fillmore to sustain u hardly cold from his line." And after expressing the idiotic belief that

Fremont will be elected President by northern votes exclusively, the Tribune adds: "In that event, let Mr. Fillmore try on his trease If the southern States do nothing else for us in this

campaign, they yet produce hemp. It is rather an nwkward business, said Mr. Webster, in his reply t Havne, 'this dying without touching the ground Does our hitherto calm and complacent Ex Presider wish to try the experiment Then, if Fremont is elected Fillmore is to b hanged with southern hemp for daring to oppose such a sectional party as Washington deprecated

and warned his countrymen against in his Farewell Address. Know Nothingism is "knocked on the head" indeed, if the Tribune can thus early threaten to hang its only formidable representatative!!! Well, let the "Republicans" hand the Know Nothings with southern bemp if they will. Our only concern is as to what will become of the poor Democrats if such is to be the fate of the demolished Know Nothings.

Fillmore is to be hanged for saying that a pur ly sectional party is dangerous; and that its success must necessarily lead to a dissolution of the Union. The Democrats say that every day, and fully believe it; what then must become of them ? Hanging, drawing and quartering is the least they can expect, if the Tribune and its fanatical friends could by any contingency suc-

But the question is idle. was by just such foolishness that Greeley and the Tribune who led the Scott movement in 1855. secured to General Scott just exactly the electo ral votes of four States out of thirty-one States The Tribune had in 1852 the great and sensible Whig party to mislead and ruin by its folly. now "to fool with" we cannot concede even to rence. it the disunion State of Massachusetts.
