CHAS. A. COLTON, Treas'r. he day. The following machines were entered: Doits & Dunham's patent reaper and mower com-bined; manufactured by Wardrop Stout & Williams

Pittsburgh, Pa.
Ketchum's combined reaper and mower. Atkins' self-raking reaper and mower.

Manny's patent adjustable reaper and mower.

After a fair trial of the different machines in reaping, in a fine large wheat field, about half a mile wilkinsburgh, Mr. Kelly drove up his team, to which was attached a wagon, laden with good things to est, which were passed round to the crowd. gratis The lanch was plain, but clean and substantial. *After the trial of the machines in reaping, all ad Journed to a mendow to see some mowing done. The machines all performed well, the crowd were much pleased with their experience in harvesting, and not he slightest circumstance occurred to mar the pleasure of the occasion. At 5:45 acconnection was made with the cars, and all arrived at home in time for tea. The committee to judge and award pre miums met at Hare's Hotel last evening, and made the following report :

To the President and Board of Managers Allegheny County Agricultural Society: The undersigned Committee, appointed by you set Mowing and Reaping Machines, respectfully re port, that in accordance with the public notice given, a trial of Respers and Respers and Mowers combined, was made on the premises of Mr James Kelly, near Wilkinsburg, to-day.

We are unanimous in according the Silver Medal

to Atkins' machine for reaping, as combining most of the paints required, and the Silver Cup to Manny's Mowing Machine as being the best reaper and mower combined.

We feel it but just before closing our report, to say that both the reaping and mowing by Ketchum's, and Dietz & Dunham's were highly creditable, and ren-

ered general satisfaction.

The draught of the different machines, as shown by the Dynamometer, was as follows, viz:

Thursday, July 10, 1856. Of the action of the Committee we have only a word to say. The prizes were to have been awarded for the best resper and mower combined. To our mind Atkins' machine failed in mowing entirely while Dietz & Dunham's did it, reaping equality well, and the mowing was infinitely better than that of any other exhibited.

... Attempt at Rape .- A rather good looking German woman named Maria Zeiss appeared before Ald. Parkinson yesterday, and charged one Samuel Laughlin with an attempt to rape her person. Laughlin is a brakesman on the Central road, and the woman was a passenger on the immigrant train which arrived yesterday afternoon. She swears that fineling unwell, about 2 A. A warrant was issued.

The report of the committee relative to Brooks' assault on Senator Sumner was resumed.

Mr. Comins, of Massachusetts, said he had heard no terms of condemnation of the assault which did injustice to the perpetrator. In contemplating the report of the committee and the issue, all local, political and personal feelings ank into insignificance.

Ho asked not sympathy for Mr. Sumner, nor the vindication of Massachusetts, but he implored every member who loved peace, quiet and order, to join as the committee and the issue, all local, political and personal feelings ank into insignificance as one man and roll back the tide of ruffian violence which was becoming prominent, prevalent and arrogant.
