The Corrigan Tragedy. The short item in yesterday's paper announcing the rumor that Corrigan had, on Saturday night, put an end to his own existence by taking poison, turns out to be a fact; and briefly as possible we will give our readers a sketch of the man, his trial for murder, conviction, sentence and death. On hearing the report of the suicide we did not know but it might possibly have been originated by some one who wished to "fool the reporters," as it is sometimes attention to it. There he began an active business career as an undercontractor, and made some money, which he invested in land, in the neighborhood of Greensburg wife, who was known as "big Mary" in the neighborhood, and knowing that the two were in the habit of quarrellig very fiercely, suspected that all was not right. The sequel proved their suspicions were well. founded. On the 12th of February 1855, he was tot upon his trial at Greensburg, and after a full, fair was found guilty of murder in the first degree, and llowing Saturday was sentenced, by Judge alty of the law.
