THE
SIXTH ANNUAL EXHIBITION
OF THE
PENNSYLVANIA
STATE AGRICULTURAL SOCIETY,
WILL BE HELD
AT PITTSBURGH
On SEPTEMBER 30th, and on
OCTOBER 1st, 2d and 3d, 1856.
je24 ROBT. C. WALKER, Secretary.

Fifth Ward.—During the warm weather, with the thermometer at 90° in the shade, it is quite a task to walk up Penn street to Ald. Wilson and Parkinson's offices. We thought so yesterday; but after arriving there we found other people in trouble too. From what we could learn it appeared there had been a free fight at the canal basin, in which an individual who sails under the cognomen of Thomas Mundell, did, the peace and dignity of the Commonwealth to the contrary notwithstanding, beat and otherwise abuse a person named John Bannon. Thomas acted rather independent while in the office, and wished to create the impression that it was no harm to "lick" an Irishman. Parkinson, however, thought differently, and in default of bail, gave Thomas an opportunity to meditate, by sending him for a "few days" to the county boarding house. A man named George Barnett was also committed for abusing Bannon, who, from all the circumstances, appeared to be a kind of victim; at least we thought so from the fact that he presented a very battered physiognomy.

C. Baer swore that a man named Henry Mungel, did pull out a knife and pistol, with which tools, he proposed to take his life. Mr. Baer fearing that Henry might in his wrath slay him, made a surety of the peace case out of it. Parkinson filled up the papers.

Joseph Davis swore that some man, (to give his own words,) "struck me and kicked and jumped on me with his feet, and pounded my face badly." A look at Joseph's "mug" was quite enough to convince us that he was telling the truth. Alderman Parkinson issued a warrant.

Duff's Mercantile College, Pittsburgh, Pa.—No system of Book-keeping has proved so universally popular with the business community of the United States as Duff's North American Accountant, and no system of teaching takes so high a place in the confidence of merchants as that given in this institution. The long tried, well-earned reputation of Mr. Duff as an author, as an accountant, as a practical business man and as a teacher of Book keeping, gives a weight to his signature enjoyed by no other man in his profession in the United States.

Pic-Nic.—There is to be a pic-nic to-day at Baum's grove, for the benefit of St. James' Church, in Temperanceville. Cars will leave the station, on Liberty street, for the grove, at 9 and 11 o'clock, A. M., and at 3:30 and 4:30, P. M. The last train coming to town for the day will leave the ground at 7 o'clock in the evening. All who wish to spend the day pleasantly, and contribute something to a praiseworthy object should go to the pic nic.

The number of deaths in our city for the week ending August 3d was 28. Of these there were 10 males and 18 females—23 were under 10 years of age, and 5 aged between 30 and 60; 13 died of cholera infantum, 3 of dysentery, 2 disease of brain, 2 cholic, 1 scarlet fever, 1 consumption, 1 debility, 1 malignant sore throat, 1 —— fever, and 3 still born.

The property offered for sale by Mr. Foster, on the East Common, is an excellent opportunity to a gentleman wishing to secure a residence in a pleasant situation, and convenient to their business. It would be an excellent site for a church, with parsonage already built, and all for the low price of $6,500. See advertisement.

Attention is directed to the card of Mr. William Clayton, to be found in another column. Persons for whom William has painted say that he always makes a good, smooth job. He can be found at No. 107 Fourth street.

The National American Fillmore Club will hold a meeting this evening at American Hall, corner of Fourth and Smithfield streets. A gentleman from Fayette county and several others will address the meeting.

The Democratic Glee Club of the Third and Sixth Wards will meet at 7 o'clock this evening, at Wilkins Hall, and proceed to the Democratic meeting in Allegheny city.

A report of the Council proceedings, that came in late last night, together with other local news is left out this morning, for want of time to set the type.

Dr. Bell's Opinion of Hostetter Bitters.

SPRINGFIELD, ILL., April 14, 1856.

Some months since, while recovering from an attack of remittent fever, I was requested to try Dr. J. Hostetter's Celebrated Stomach Bitters, as an article peculiarly suited to the condition of convalescents from fever. It is but simple justice to say that it rapidly restored the powers of my digestive organs and at the same time kept my bowels gently open. I have no hesitation in saying that hitherto in using it in my practice, it has, in every case where I have ordered it, acted like a charm. In thus speaking freely of it, I far from puff a patent medicine, an article it by no means claims to be.

SANFORD BELL, M.D.

N. B.—We will not be accountable for numerous counterfeits of Hostetter Bitters, put up in the same shape bottle as the original. Purchasers will be able to tell the original by Dr. J. Hostetter's name being blown in full upon the bottle, or by tasting it.

THIRTY-FOURTH CONGRESS.
FIRST SESSION.

WASHINGTON CITY, August 6.—*Senate*—The proceedings have been of an unimportant character.

Mr. Seward introduced a bill which was referred to the Judiciary Committee, to provide for a change of venue in certain criminal cases now pending in U. S. Courts in Kansas. This is founded on the petition of Robinson and others, which was presented yesterday.

Mr. Hunter moved to take up the army appropriation bill.

Mr. Seward wanted to finish the internal improvement bills to-day.

Mr. Hunter insisted that the appropriation bills deserved precedence.

Mr. Douglas was for sitting out the army bills.

Mr. Clayton thought the appropriation bill should be first acted on, as there was some danger of their being lost. He expressed his dissent from the idea of having night session, for it was beyond human endurance to sit here all night this hot weather, and millions would be voted away by less than a quorum.

Mr. Hunter's motion was lost by 3 majority.

The Senate considered and passed bills containing appropriations for the improvement of harbors at Apalachicola, Charleston, S. C., Cape Cod, Providence, Georgetown, D. C., Hurlgate, Bayou La Fourche, inland passage between St. John's and St. Mary's rivers, Florida, Mobile harbor, Hudson river steam dredge, Lake Michigan, Cape Fear, a wagon road to the Pacific, and five private bills.

Mr. Fish presented a petition from the Ocean Steam Navigation Company praying for a renewal of their contract, and against the bill to make one with Vanderbilt.

The Senate adjourned.

House—Mr. Orr presented the credentials of Mr. Keitt, re-elected from South Carolina, who was sworn in.

Mr. Thorington reported a bill granting lands in Nebraska, Minnesota and Kansas for railroads, which was referred to Committee of the Whole on the State of the Union.

Mr. Bennett, of New York, reported a bill granting 1,500,000 acres of land in Mississippi for a similar purpose, which was passed—yeas 93, nays 59.

The House then went into Committee of the Whole on the Legislative, Judicial and Executive Appropriation Bill.

The clause appropriating $800,000 to pay the expenses of the Courts of the United States was read.

Mr. Grow moved the proviso that no part of this money shall be expended for prosecuting or detaining any person or persons charged with treason or any other political offence in Kansas.

Mr. Grow desired to withhold support from a Court in the Territory in order that prosecutions for alleged treason may terminate.

Mr. Phelps wanted the question met in an open and manly way. The amendment in effect proposed to shield traitors from deserved punishment.

Mr. Stanton moved to amend by adding "or any prosecution which has heretofore been instituted for political offences." He wished to express his disapprobation of an army being employed in the nefarious work of crushing out Free State settlers and to preclude the United States from paying out even one dollar to fillibustering and marauding parties.

Mr. Keitt contended that these amendments asked the House to make itself a judicial body to determine whether treason had been committed and decide in advance of the proper tribunal whether the laws had been violated.

Mr. Grow's amendment, together with Mr. Stanton's, was adopted by a vote of 69 against 57.

The Committee rose when Mr. Campbell of Ohio offered a substitute for the bill, omitting the clause making appropriations for the Kansas legislature and excluding the provisos of Mr. Dunn, Sherman and Grow, restricting the proposed expenditures.

Mr. Washburne, of Maine, raised the point that the substitute was not in order, as it was opposed to the action of the Committee of the Whole on the Union being superseded by that of Ways and Means.

Mr. Campbell replied that he did not speak for that Committee, but for himself, and explained at length his reasons for offering the substitute.

The Speaker sustained the objection taken by Mr. Washburn.

The House proceeded to act on the amendments to the Bill reported.

The House voted on Mr. Dunn's amendment that no part of the money appropriated be drawn from the treasury till the passage and Presidential approval of the act for the pacification of troubles in Kansas, which shall, among others, contain provisions restoring slavery restriction to Kansas and Nebraska. Rejected by a vote.

Mr. Grow's amendment to the appropriation for the judiciary of Kansas, that the money shall not be drawn from the treasury till the criminal prosecutions pending in the territory against persons charged with treason or alleged violation of laws passed by a body of men at Shawnee Mission, claiming to be the Legislature, shall be dismissed by the Court, and every person who has been or may be restrained of liberty by reason of such prosecution be released from confinement, was agreed to by a vote of 84 against 69.

The amendment of Mr. Sherman similar to the above was rejected by a vote of 39 against 111.

The clause appropriating $20,000 for the expenses of the Legislative Assembly of Kansas was stricken out by 90 against 58.

Mr. Grow & Stanton's amendment that no part of the money be expended for prosecuting or detaining any person charged with treason, &c., was agreed to by 82 against 62.

The bill was passed by 84 against 55, the Democrats, together with the South Americans and Messrs. Dunn and Burnett of New York, voting in the negative.

Recess till eight o'clock.

From Washington.

WASHINGTON CITY, August 6.—A private despatch says that the city of Dubuque, Iowa, gives 350 Democratic majority.

Messrs. Pryor and Ridgeway, editors from Richmond, Virginia, fought a duel at Bladensburg this morning, the distance being ten paces and the weapons pistols. No blood was drawn. The affair was amicably adjusted.

The new steam frigate Wabash, at Philadelphia, will be ready for sea in about two weeks, when it is understood that Capt. M. L. Powell will give place to Capt. Frederick Engle, now commanding the Minnesota.

The President has communicated to the Senate in reply to the resolution calling for information relative to affairs at San Francisco, together with the correspondence on the subject. A letter from the Governor of California asks the President for 3000 stand of muskets or rifles, 50 rounds of ammunition, 2 mortars, 300 shells and 2 guns of large calibre, with their ammunition and appliances, promising that they shall be paid for or returned. He likewise asks for the use of military and naval forces to suppress insurrection. The President conceiving insuperable obstacles to the action now demanded, referred the subject to the Attorney General, whose decision he approves. Mr. Cushing argues that there is no evidence in the Governor's statements or other authentic information that in what has occurred at San Francisco, there was committed or threatened any act of resistance or obstruction to the Constitution, laws or military authority of the United States.

The President is only to be moved to action by the legislature of the State in which the insurrection exists, or by the executive of such State, when such legislature cannot be convened, and when imminent or extreme public disaster can be avoided only by such interposition of the federal government. He says the whole constitutional power of California has not been exerted, and it does not appear that the Governor took any steps to convene the legislature, although that remedy might be adopted, and had its effectual application to the evils long before any such remedy could be demanded from the President.

Brooks and Burlingame Again.

BALTIMORE, August 6.—A further correspondence is published in relation to the Brooks affair. Mr. Lane says that inasmuch as Mr. Burlingame was willing to meet Mr. Brooks anywhere, he is directed by the latter to request that a place of meeting be designated, and that in behalf of Mr. Brooks he is authorised to name any place within ten miles of Washington to accept any place within one hundred miles of Washington. Mr. Campbell replies that his authority to act as Mr. Burlingame's friend ceased on the 26th ult., and he returns Mr. Lane's note, that he may communicate with Mr. Burlingame as he thinks proper. Mr. Lane again addresses Mr. Campbell, informing him that Mr. Brooks will await Mr. Burlingame's address or return to the city until Tuesday, and then make an *expose*. Mr. Campbell replies, reiterating that his authority to act for Mr. Burlingame had ceased, and that he was not informed of his address, and that neither Mr. Burlingame nor himself feared the threatened *expose*.

Conventions in Connecticut.

HARTFORD, CT., August 6.—The two State Conventions met to day, to nominate Fremont Electoral tickets; at the American Convention, Ex-Governor Dutton, presided. Each Convention appointed a Committee to report an Electoral ticket that both can unite on. Both meetings were fully and ably attended.

The American and People's Conventions have united on a Fremont Electoral ticket, Henry Dutton and Julius Catlin being electors at large. Strong resolutions in favor of freedom, free speech and Fremont were passed.

In St. Charles county, Benton has about 200 majority. One Whig and one Democratic Representative is elected in this county. In Cole county, Polk beats Ewing 300, and Benton leads Polk about 75. THE THUNDERBOLTS OF JOVE WERE forged by Vulcan, but although the unwieldly weapons of the one-eyed blacksmiths answered very well for the battles of the Gods, they were not half as effective as Colt's latest improved revolvers which weigh but a pound, and will send balls thick and fast as Parthian arrows. The improved Revolver can be had at the Enterprise Works, together with a general assortment of Guns and Rifles of every description and a fine assortment of Surgical Instruments and Cutlery.

New York Market.

NEW YORK, August 6.—There is less import inquiry for Flour, while we notice a better demand for the local and eastern trade, including a fair inquiry for the British provinces. The receipts are moderate, and the market is without important change; sales 15,000 bbls. at $5 95@6,15 for common to choice superfine State; $6,25@6,40 for extra do.; $6@6,40 for common to choice superfine Ind., Iowa, Ill., Wis. and Ohio, $6,70@7,50 for extra do., $7@7,37½ for new extra Mich., $8@8,50 for new Ohio and $8,50@9 for new Genesee, the market closing quiet and the tendency rather in favor of buyers. Rye Flour scarce and firmly held at previous quotations. Corn meal very scarce, and in brisk demand at better prices. Brandywine is nominal at $4,25, and puncheons at $17. For Wheat there is a falling off in the export demand, and the market is 3 or 4 cents lower; holders generally seem pretty anxious to realize; sales 44,000 bush. Corn has again advanced, with a brisk demand; sales 65,000 bu. mixed Western at 59@60 for hot, and 63@67½ for common to good parcels, closing buoyant. The prices of Sheep and Lambs are from 50 to 75c. lower; the market closed with a downward tendency, the average being $3,55 ℔ head.

In Rye Flour and Corn Meal there is nothing doing, both being very scarce and held firmly. Rye is wanted at 75c. per bush; but heard of no sales. Corn continues scarce, and holders of good yellow are asking 63@64 per bush., which is an advance. JOSEPH WHITE, now carrying on business in his spacious premises, (now lately enlarged,) on the Pittsburgh and Greensburg Turnpike, near the Two Mile Run, between Pittsburgh and Lawrenceville, respectfully invites the public to inspect his stock of CARRIAGES, BUGGIES, &c. And he particularly informs gentlemen *purchasers*, that one price only is made.

Fourteen years' experience in the business enables him to place before his patrons the same choice collection of Carriages which, so many years past it has been his particular department to select, from the various and most talented Eastern manufacturers. The success of his new system is complete—the economy of his arrangements will supply the best and most fashionable manufactures at moderate prices.

Unencumbered by those heavy expenses, which the *mania* for decorating houses of business has heaped upon the price of goods, (owing to large rents,) JOSEPH WHITE will sell, on ready money only, at much less than the usual prices.

RIVER NEWS.

THE RIVER remained stationary during yesterday at 22 inches—a fall of six inches since our last.

THE only arrival yesterday was the keelboat "Martha Anderson," from Steubenville.

TITANIA.—This little steamer, built here by a company to rent to pleasure parties, is now running and carrying the mail between Steubenville and Wheeling, making daily trips. Capt. John Shouse writes that they were out in a storm on the 2d, with thirty passengers on board, and she rode the water like a thing of life. Her earnings for the first week were $153.70. She consumes sixty bushels of coal per day. There will be a meeting of the Company on Friday night next to divide the proceeds.

THE Mississippi, up to latest reports received, was on a stand from St. Paul to Keokuk, and falling from there to New Orleans, with two feet on the lower rapids, four feet from that to St. Louis, and eight feet to Cairo. At this point the river has continued to fall steadily for several days, and several boats of lighter draught than any now running from here to New Orleans, are preparing to go into the trade, in anticipation of still lower water than at present, and that very soon.

The Missouri also is coming down very rapidly, and it is expected that a few days will make that stream about on a level with all the others. This will complete the prostration of the Western rivers. They will then be in a proper condition to have their obstructions removed, in fulfilment of the object of the late government appropriation.

The steamer Rochester left St. Louis on Sunday for Louisville.—*St. Louis Democrat, 4th.*

THE river is reported falling still, at all points, with no present prospects in this quarter of either rain or more water. Hence to Cincinnati but thirty inches water can be found on the shoalest bars, while navigation is almost wholly suspended above Portsmouth.

The present season bids fair to stand on record as the low water year hereafter. On Scuffletown bar, as we learn by dispatches from Evansville, there were but seventeen inches water, and a fleet of boats aground, with very little prospect of their getting off.

The steamer E. A. Ogden was sold the other day to Capt. Bissell and others for $30,000.—*Louisville Courier, 5th.*

THE MOST IMPORTANT BOOK OF THE DAY.—In these momentous times, when it is necessary for every one to thoroughly understand the various topics presented bearing upon the government of this country, it behooves every citizen to obtain a copy of BENTON'S THIRTY YEARS' VIEW OF THE UNITED STATES SENATE, a work which gives a complete history of the government, the policies and principles of the leading statesmen of the country, and an account of the rise and progress of all the leading acts which have been consummated. We repeat, that while it is a necessary book for every intelligent citizen who wishes to be enlightened on the past and present history of his country, it is also a delightfully written work, and will truly compensate any one for the low price asked for it. It is published in two very large 8vo. volumes, each containing about 800 pages, for only $5, in cloth; $6 in sheep extra; or $7 in strong half morocco. This is accomplished by the enormous sale already of 60,000 copies.

BOERHAVE'S
HOLLAND BITTERS

JE MAINTIENDRAI

THE CELEBRATED HOLLAND REMEDY FOR
DYSPEPSIA,
DISEASE OF THE KIDNEYS,
LIVER COMPLAINT,
WEAKNESS OF ANY KIND,
FEVER AND AGUE,

AND the various affections consequent upon a disordered Stomach or Liver. Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others effected a decided cure.

Nature finds no new enemy to combat, with this delightful tonic in the system. Its effects are almost magical, yet the *cure permanent*. It communicates *no violent* shock to the system, but by arousing its *vital* energy to normal action, enables it to throw off the *cause*, and thus thoroughly eradicates the disease.

When its medicinal virtues are so universally acknowledged, and particularly here, where it has become so popular a family medicine, that it is sold by many of the grocers as well as all the druggists. It would seem needless to offer further evidence, yet as there are doubtless some who have tried many advertised remedies, and still suffer from Dyspepsia in one or more of its dreadful forms, we subjoin the following certificates, the authenticity of which cannot be doubted, coming as they do from persons so well known.

WHAT IT IS DOING FOR THE SICK.

Wm. Schuchman, Esq., the well known lithographer, says: "I have frequently used Boerhave's Holland Bitters, and find it invariably relieves indigestion and debility."

Rev. Samuel Babcock says: "I found special relief from its use for a severe headache, with which I had long suffered."

J. W. Woodwell, Esq., says: "I have used Boerhave's Holland Bitters myself, and recommended it to others, knowing it to be just what it is represented."

Ald. Jonathan Neely, of Lower St. Clair, says: "I have derived great benefit from its use for weakness of the stomach and indigestion."

James M. Murphy says: "After several physicians had failed, Boerhave's Holland Bitters removed the pain from my heart and side, arising from indigestion."

The editor of the Kittanning Free Press says: "After one of the best physicians in this place had failed, Boerhave's Holland Bitters cured me of the worst form of dyspepsia."

Francis Felix, only manufacturer of the "original Extract of Coffee, says: "I know that your Holland Bitters is one of the best medicines in the world for a disordered stomach or liver."

Dr. Ludwig, editor of the "Fackel," Baltimore, pronounced it a medicine deserving the confidence of the public.

Dr. Eberhart, the leading German physician of Penna., has prescribed it frequently during the last three years, with marked success, in debilitated states of the digestive organs, or of the system generally.

The manager of Ballou's Vinegar Factory says: "I used it myself, and was therefore induced to try its effect upon my wife, (troubled with the great debility common to all of a consumptive habit,) and really it is doing her more good than anything she has over taken."

NOTICE!

Whoever expects to find in this a beverage will be disappointed, but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given Boerhave's Holland Bitters a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.
