Stokes, Esq., W. B. Rankin, of Philadelphia, Henry D. Foster, and Col. S. W. Black, crush out the Black Republicans who for will be present and deliver addresses. We look a double purpose, and both iniquitous, have for a full house and cheerful faces.

THE NEGRO PARTY--SOME PROOFS. We have said that the Black Republican party thies and energies are devoted to the task of Black Rebublican party are beginning to reap elevating the negro race to a condition of entire the fruits of their treachery and baseness. political and social equality with the white race German Republican, of Cincinnati, which up to in this country. To do that we contend, and the time of its sudden transfer to the Frem on many of them admit, that practical amalgamation is necessary. We proceed now to give some ceased to exist, the intelligent and patriotic Gerproofs that such is the one aim of the so-called mans of Cincinnati refusing to sustain a journal "Republican" party—the party that supports

John C. Fremont. True, the greater portion of that party consists of Know Nothings who hate hear of awful inroads made upon their subscripthe "Dutch and Irish." But the one absorbing idea with them now is the negroes; and to prove Democratic subscribers. Judging from the that the negroes are as good as the whites in piteous appeals made in the Black Republican every respect, and to place them in an exactly papers we are inclined to believe that the venals aim. Our proofs consist of extracts well au. the dealer in woolly horses, government cattle equal, social and political condition is their one thenticated.

We find the following in the Cleveland Plaindealer, of the 17th inst. : "To see where Black Republicanism leads : firto the abolition of Slavery in the South, and the overrunning of the North with runaway Blacks; and also to see where these mad schemes are to end, wit, in the deterioration of the Whites, and the amalgamation of the races, we copy from a leading Fremont man, Giddings' right bowenin Ashtabula, the Hon. Cadwell, a member of the present Ohio Le-

gislature. Here it is.
"I thank God that the time has come in Ohio that the Negro is the White man's equal and entitled Extract of Hon. Mr. Cadwell's speech in the Ohio That is from the reported and published speech of Mr. Cadwell, of the Ashtabula district. The Cincinnati Enquirer extracts the following

from the Zeitung, a German Republican paper in we know of no interiority of race in regard to social and oivil rights. In our eye the negro and the white races stand side by side and on an equality. The depreciating inferiority of the negro race exists only in the theory of the so-called Democratic party of

That is a German editor's views of the case. We now extract from the Dayton Empire publican) a few sentences to show how Republi cans in that vicinity compare negroes with those same Germans whose votes they are courting. The Empire says:

"A Fremout Black Republican, whose name v have, said to a Democrat on Monday that 'he woul rather his daughter should marry a nigger than : that 'a nigger was a d-d sight better than a Dutch

Yet another of the same stripe told the Probate Judge of this county, a day or two ago, that he would not feel at liberty to object to his daughte marrying a respectable negro, no more than if he were white.' This is the way Fremont men talk." Henry Clay some years ago said that abolitionism would lead inevitably to amalgamation of blacks and whites.

It will be seen by the above extracts that the mation is commenced by asserting that "a negro train was coming in towards Pittsburgh. The like wild fire with the people. We will carry this is better than a Dutchman." And another man result was as follows: says "he would rather let his daughter marry a negro than a Dutchman."

And in this one frantic pursuit of the purpose to elevate the negro race to a full equality with the white race the abolition of southern slavery becomes necessary. And we quote a few sen tences to show how ripe the Black Republican mind is for that event, by force if necessary. Joshua R. Giddings has been for many years a member of Congress from Obio. Several years ago he made a speech in Congress in which the following language was used by him, and reported

war of extermination against the master; when the torch of the incendiary shall light up the towns and cities of the South, and blot out the last vestige of it as the dawn of a political millenium." For uttering those "treasonable words" Mr.

N. P. Banks, whom the republicans elected the Speaker of the House of Representatives, said in a speech in Maine within two years: "I am willing under a certain state of circum tances, TO LET THE UNION SLIDE." Here are some more of the same sort
