LOCAL AFFAIRS.

SATURDAY MORNING:::::::::::::AUGUST 23.

The Alleged Counterfeiting Case.

We mentioned yesterday that a number of persons in this city and Allegheny had been arrested on a charge of manufacturing and uttering counterfeit coin, on testimony sworn to by Adam Grossmeyer. Grossmeyer had offered to give information for a consideration, but was forestalled by being arrested himself on a charge of passing bogus quarters. He is the husband of the woman who charged Dr. Berger, some weeks since, with taking improper liberties with her person, which, on an examination before an Alderman, was dismissed. This information charges Robert Weddell and Joseph Spratley, of Allegheny, and James McDermott, of the Fifth ward, Pittsburgh, with being engaged in the business, and on Tuesday they were taken into custody for a further hearing yesterday afternoon, before Alderman Parkinson. The first case taken up was that of Adam Grossmeyer, on an information made by officer Hobaugh, Messrs. C. McClure Hayes and Samuel C. Wingard appearing as his counsel.

A number of witnesses were sworn and examined, but no facts elicited tending to show his guilt. In consequence of the absence of some witnesses on the part of the United States, Grossmeyer's case was adjourned until Monday next, at 2 P. M.

The case of the United States against James McDermott and Robert Weddell, was then taken up and Grossmeyer cross-examined on the information he had previously made. The following was elicited:

Adam Grossmeyer—*Cross-Examined*—Have been living on Walnut street, Pittsburgh, for the last year; worked in the mill; have seen Weddell and him together in Allegheny nearly a year ago; it was on Chesnut street; they passed me; never seen them together since that time; saw McDermott have bogus coin about ten days ago; he was in his own house, about noon of the day; it was the only time I ever saw him with any; he had it in his hand when I saw him; can't say where he got it; they were a couple of one dollar pieces; no other person was present; it was in the bar-room; was at his house some time in July; I was at Spratley's house twice; he wasn't in; it was also in July; saw James Mason's wife there; was sent to Spratley's house; also saw Weddell there; I saw the bogus coin made by Joseph Spratley; saw Spratley make it and Weddell was present; I saw Mr. Weddell have some base coin at his own house; that was a few days after being at Spratley's; I saw a number of women there; saw one, and heard several others talk; have known Mr. Weddell by sight, going on two years; he lives in Allegheny, in the second street back from the river; can't say how often I have conversed with Mr. Weddell; never saw him pass any bogus coin; never of my own knowledge knew him to sell bogus coin; he was sitting in the room at Spratley's, looking at him making the coin; saw Weddell with bogus coin at his own house in July; it bent in my hand; they were \$2½ and \$1 gold pieces, and halves and quarters in silver; never saw him pass any; never knew him to sell any; and never saw him "run" any; saw him with it in his hands; Weddell never offered me any; can't either read or write.

Messrs. E. H. Stowe, E. P. Jones and John Coyle, appeared for McDermott and Weddell.

Ald. Parkinson decided to hold them in \$300 bail for a further hearing on Monday next, at 2 o'clock P. M. It was promptly given, and they were set at liberty. There was no testimony offered except Gossmeyer's against them.

Daly's Stocking Factory.—Many of our readers, even in the city, do not know that this is so extensive an establishment as it really is. Indeed, we were much astonished yesterday, on taking a walk with Mr. Daly through the many different rooms of the factory. The sales room is situated on the corner of Fifth street and Market alley, while the large brick building on the opposite side of the street, is used for manufacturing an endless variety of hosiery, hoods, bonnets, coats, shirts and drawers, comforts, scarfs and fancy articles, all of the finest wool.

His business increasing, Mr. D. found it necessary to enlarge his store, and has rented several additional rooms in the building east of his old stand. These rooms are used principally for the making up of fancy articles that are wove and knit in the establishment on the north side of Fifth street, which department is superintended by a lady of worth and experience, who has just arrived from Philadelphia. One feature in this business we cannot see through exactly. The work made in this concern is sent to Philadelphia, Baltimore and other eastern cities, where our merchants buy it, bring it back home and sell it to their western customers. They might, perhaps, save freight and risk by calling at the corner of Fifth street and Market alley, and thus keep the profit at home. Over one hundred operatives, male and female, are constantly employed, among whom we could not fail to notice many beautiful and intelligent looking young ladies.

Gun and Cutlery Establishment.—We yesterday took a look through the large and extensive gun and cutlery establishment of Messrs. Bown & Tetley, No. 136 Wood street. After examining the fine stock of guns, pistols, cutlery, gun materials, &c., in their large sale room, we proceeded through the different shops, and first found a blacksmith and grinding shop. On the second story a large machine shop for finishing all kinds of cutlery and doing all kinds of job work for customers. On third story, gun manufactory, iron working and finishing. The fourth story is used as a store room for guns and stocks, and for packing. This establishment can turn out one hundred guns per week, and the enterprising proprietors, with their thirty men, are pushing matters vigorously. They have now packed, and ready to ship to St. Louis, four hundred very fine rifles, while they are now working on an order of 160 flint lock rifles for the Indian trade in Kansas. They also keep on hand, for their own use and to supply the country trade, a large assortment of gun materials. Their work is sent to all sections of the country, and Messrs. Bown & Tetley are fast securing for themselves excellent reputations as first class mechanics.

Wilkins Hall was again crowded last night with the radical Democracy. Mr. M. M'Laughlin, of Dubuque, Iowa, made a stirring speech—one that was replete with argument and genuine eloquence. Dr. M'Cook also addressed the meeting in his usual eloquent and happy manner. The Fourth ward Allegheny Glee Club and the Third and Sixth ward Glee Club were also present, and sang a number of spirited and patriotic songs, in a way that only our own Democratic Glee Clubs can sing them.

The President of the Allegheny Glee Club, Wm. Blakely, and the Musical Director, Morrison Foster, we judge, understand and act well their parts, from the almost perfect time kept, and splendid effect produced. All success to our Allegheny friends. They are doing a noble part in the campaign.

Served Him Right.—On Thursday evening, while a venerable and repected physician of this city, was discussing the politics of the day with a brother Democrat in front of the Post Office, he was interfered with by a Black Republican named Bloss—an itinerant vender of abolition maps and pictures, from Rochester, New York—who insulted the Doctor. He was rewarded for his intermeddling by a slap that we hope will teach him better manners in future.

Manchester Buchanan Club.—The friends of Buchanan and Breckinridge assembled Thursday night and organized a campaign club for the borough of West Manchester. There was a large attendance and a spirited meeting. Mr. Alexander McMurray was elected President, and F. Walker, Corresponding Secretary. Due notice will be given through our columns of the stated meetings of the club.

Democratic Primary Meetings.—The primary meetings to select delegates to the Convention which assembles next Wednesday at the Court House, will be held in the different wards, boroughs and townships this afternoon. The hours in the cities are between 5 and 7 P. M.—in the country between 4 and 6 P. M.

Fine place for Meetings.—The Democracy have erected a stand for speaking on the vacant lot on Grant street, opposite the Cathedral. It is a capital place for holding meetings.

The Courts meet this morning.

Hostetter's Celebrated STOMACH BITTERS are no more classed among the new and novel things of the day, but, on the contrary, stand among the first remedies of this age, being placed there by virtue of merit made manifest by experimental results in the practice of our most eminent physicians, as well as personal trials upon themselves, which guarantees for these Bitters a permanent position among the most valuable preparations composing the vocabulary of medicine, and not doomed to pop into oblivion with hundreds of useless nostrums gotten up only for sale. The proprietors do not claim for them to cure all, but for a regulator of the stomach and a strengthener of the system, they acknowledge no superior. For a morbid inaction of the bowels, resulting in pains and griping and often cholera morbus, or even cholera, the timely use of these Bitters, as per directions on bottle, will be a certain preventative, and should be used by everybody, especially at this season of the year, when vegetables and fruit compose the principal diet. EXTRA SESSION OF CONGRESS.

Army Bill Passed the House!

THE KANSAS PROVISO ATTACHED.

WASHINGTON, August 22.—The two Houses of Congress re-assembled to day, at twelve o'clock, in accordance with the President's proclamation. The galleries of both Houses were crowded to excess, and intense interest is everywhere manifested.

The Senate was called to order at 12 o'clock, 38 Senators being present. The President's proclamation convening the two Houses of Congress in extra session, was read.

On motion of Mr. Hunter, the Secretary of the Senate was ordered to acquaint the House that a quorum was assembled, and that the Senate was ready to proceed to business.

Mr. Hunter submitted a resolution suspending so much of the 21st rule as requires six days to elapse from the commencement of the extra session before receiving the consideration of the bills, &c., remaining undetermined at the close of the last session, so far as relates to the army appropriation bill.

Mr. Seward said that as he had no desire to expedite the passage of that bill in such a way as to interfere with free action of the House, he should call yeas and nays on the resolution, remarking that he paired off with Mr. Toombs, and should not, therefore, vote.

The resolution passed. Yeas 35, nays 6.

A resolution was adopted continuing the standing Committees of last session.

A joint resolution from the House providing for the signature of such bills as failed, for want of time, to receive the signature of the presiding officer of each House, or of the President of the United States was concurred in.

The Senate then adjourned.

House—The Speaker called the House to order at 12 o'clock, and announced that that body had assembled in pursuance of the President's proclamation, which was read by the Clerk. The roll was then called, and 179 members answered to their names.

On motion Mr. Phelps, it was ordered that the Senate be informed that there was a quorum of members present, and that the House was ready to proceed to business.

On motion of Mr. Campbell, of Ohio, the Speaker was directed to appoint Standing Committees, similar to those of last session.

A joint Committee was appointed from both Houses, to wait on the President and inform him that a quorum of each had assembled and were ready to receive any communication he may be pleased to make.

Mr. Smith, of Virginia, made an ineffectual effort to introduce a resolution looking to the employment of Vanderbilt's proposed line between New York and the ports of Europe, for carrying the mails.

Various other propositions were broached and objected to in general, the members expressing the hope that no new business would be introduced.

Both Houses are waiting for the President's message.

A message from the President was received and read.

On motion of Mr. Campbell, it was referred to the Committee of Ways and Means.

Mr. Phelps wished to introduce an Army Appropriation bill similar to the bill pending at the adjournment, with the exception of the Kansas proviso.

Mr. Washburne, of Me., objected.

The House then took a recess for an hour.

Upon re-assembling Mr. Campbell, of Ohio, asked leave to report the same bill which died on Monday, in consequence of disagreeing amendments of both Houses.

Mr. Stephens would not yield his consent to report a bill with the Kansas restrictive proviso.

Mr. Campbell. If the House wish to vote it in on them rest the responsibility.

Mr. Stephens—I want an army bill proper.

Mr. Cobb, of Georgia, was anxious to concur with the Senate in suspending the 21st rule. The House could then proceed at once to vote on the contested question.

After some conversation, the Committee of Ways and Means being called for reports in regular order, Mr. Campbell, of Ohio, reported the bill.

Mr. Orr raised the question that the proviso proposed to change the existing laws, and therefore was not germane to the bill.

The Speaker overruled the point of order, and Mr. Orr, appealing from the decision, the appeal was laid on the table. Yeas 97, nays [illegible]

The House then, by a vote of 101 to [illegible], went into Committee of the Whole on the state of the Union.

Mr. Campbell, of Ohio, made an ineffectual attempt to have a substitute for the bill adopted, containing a section declaring the laws of the Kansas Legislature void, and providing for a reorganization of that Territory [illegible] a new election, as entirely as if no election had heretofore been made.

The bill precisely as lost on Monday, including the Kansas restrictive proviso, was then reported [illegible] Committee of the Whole and passed. Yeas [illegible], nays [illegible].

The House then adjourned.

TO-DAY'S PROCEEDINGS.

WASHINGTON, August 22.—*Senate*—The Army Appropriation bill was received from the House.

Mr. Hunter said there was no necessity for the [illegible] [illegible] Monday last. It was not his purpose to debate the [illegible] [illegible] the Kansas [illegible]

Mr. Seward agreed with Mr. Hunter that the [illegible] [illegible]

[illegible]

A message was received from the House that they [illegible]

Mr. Hunter thought that under the circumstances the bill should be allowed to fail, and moved that the Senate adhere.

Mr. [illegible] said the House had taken a very unusual, unparliamentary and indefensible course. [illegible]

Mr. Hunter replied that if he believed a Committee of Conference would agree, he would consent, but [illegible]

[illegible]

Mr. Cass regarded this as the most solemn crisis that had ever occurred in the history of the country, and he hoped that the people would awaken to a sense of their danger before it was too late.

Mr. Wade argued that instead of the House trying to dictate to the Senate, the Senate were trying to dictate to the House. He urged the propriety of receding so as to pass the bill.

The Senate, without coming to a conclusion, adjourned.

House—On motion of Mr. Kelly, a resolution was adopted requesting the Speaker to draw his warrant in favor of Thomas Childs for mileage and per diem for the last session, during which time he had not appeared in the House in consequence of illness.

A message was received from the Senate announcing the passage of the Army Bill, with an amendment striking out the Kansas restrictive proviso.

The question was then taken on the House on receding from the proviso, and it was lost. Yeas 94, nays 96.

Mr. Campbell, of Ohio, moved to reconsider the vote and lay that motion on the table. Carried by two majority.

A message was received from the Senate with regard to the Army Bill.

Mr. Campbell, of Ohio, moved that the House insist on their proviso, and ask for a Committee on Conference.

Mr. Cobb, of Georgia—Allow me to make a motion that the House recede and regard this as a test question.

Mr. Campbell. I'll not yield my point at this stage of the game.

Mr. Campbell's motion was lost by three majority.

Mr. Cobb, of Ga., moved that the House recede. Lost by 91 against 96.

Mr. Washburn, of Me., moved that the House adhere to its disagreement.

Mr. Orr—What will be the effect of adhering? (Cries of order.)

Speaker—Debate is not admissable.

Mr. Cobb, of Ga.—You reject the bill.

Mr. Washburn's motion was agreed to by 97 against 93.

Mr. Bocock voted in the affirmative with a view to move for a reconsideration, but did not succeed in obtaining the floor for that purpose.

Mr. Washburn moved to reconsider the vote by which the House adhered to the proviso, and to lay that motion on the table. Affirmative by one majority.

Mr. Sherman asked leave to offer a resolution for adjournment *sine die* this afternoon at 4 o'clock.

Mr. Millson made an ineffectual effort to reconsider the vote by which the House refused to insist on the Kansas amendment, and ask for a Committee of Conference.

Mr. Orr, during the proceedings said the House will doubtless to-morrow be under the necessity of proceeding with general legislation. Repeated unsuccessful motions were made to adjourn and a short recess was taken to await the result in the Senate. Afterwards the House reassembled and immediately adjourned.

Flood in the East.

ALBANY, August 22.—A very severe rain storm has prevailed for the last thirty-six hours, only ceasing this morning. It has caused great damage to the crops, bridges, roads, mills, &c. The lower island is overflowed, and the garden crops destroyed. The docks and piers here are all under water, and goods are being rapidly removed from warehouses, as the waster is fast rising. It has risen eight feet since seven o'clock last evening.

Maine Nomination.

PORTLAND, Me., August 22.—The fusion convention of Whigs and Democrats, at Rockland, in this State, have nominated Henry Ingalls, Democrat, for Congress.

From Washington.

WASHINGTON, August 22.—According to the communication of the Secretary of War sent to Congress to day, the standing army in regiments is over 13,090 men, of whom more than 12,000 are engaged in protecting the frontiers against the depredations of Indians.

The agent of the Central Kansas Committee arrived to-night, and will lay before the President, to-morrow, certified documents showing the critical position of the settlers in Kansas, and asking his interposition to protect them from the threatened invasion by the Missourians.

Many telegraphic despatches have been received by Western and Northern members encouraging them to stand firm by the Kansas restriction of the Army Bill. All the Democrats in the House voted against the Army Bill to day. Mr. Davis, of Maryland, was the only Southerner who voted in the affirmative. The events of to-day have dissipated all previous calculations as to the probable length of the extra session.

The publication of the Washington *Sentinel* has been discontinued.

The Senate has ratified the extradition treaty with Baden, and postponed that with the Sandwich Islands till next session.

Messrs. Ball, Dunn, Tyson, Oliver, of Mo., and Potter, members of the House, returned this evening. Others have been telegraphed to, to hasten back.

A majority of the Senate, rather than agree to the Kansas proviso, are willing to lose the Army bill and adjourn. The Democratic Senators will hold a caucus to-morrow relative to the subject. The Republican members continue to receive despatches advising them to stand firm. The critical condition of the Army bill is every where discussed.

Startling News from Kansas.

CHICAGO, Aug. 22. The Leavenworth "Journal and Herald," Westport "Border Ruffian," Independence "Dispatch" and other Western Missouri papers are full of startling and conflicting accounts. Flying rumors from Kansas generally agree that the Missourians are badly worsted in the recent battles. The buildings in Ossowatomie and Lecompton, are generally fortified. It is believed that the block fort at Lecompton is occupied by Col. Titus Woodson. Thirty of Buford's men were captured here and the State prisoners released, though there is no positive statement confirming it. Circulars, extras, and handbills, signed by Atcheson, Stringfellow and others or pro slavery leaders, have been issued, calling on Platt county, Jackson, Lafayette, Johnston, Clay, Buchanan, Saline and Carroll counties to rally and rendezvous at New Santa Fe, Jackson county, on the 20th and march instantly into the territory, with the motto "no quarter." Capt. Russell has despatched a messenger to Lexington.

The St. Louis "Republican," of yesterday says it is not concealed that the Border counties make common cause with the pro slavery men in the Territory and this week there will be 1000 men in pursuit of the Abolitionists. There have been no accounts from Free State sources.

Excitement in Mobile.

BALTIMORE, August 22. Mobile papers of Sunday last give details of the expulsion of Strickland & Co., from that city. The *Tribune* says a delegation was sent by the Vigilance Committee to the store of Strickland & Co., to report to them the decision of the Committee that they must leave in five days, but the culprits had already fled. Strickland on Friday evening, proceeded in the storm to the Light House, and was put on board a schooner which immediately hoisted sail and disappeared. Upon, his partner, has doubtless, says the same paper, put a long distance between himself and the outraged community. Another paper says the character of the books was such that it was thought not only injudicious, but unsafe and dangerous to make it public. Among the members of the Committee are Dr. J. H. Woodcock, Hon. J. W. Lesesne, Dr. G. [illegible] Levert, Wm. L. Cleveland and 20 other prominent citizens. A large meeting of citizens was held in the Court House on Saturday night, which unanimously approved of the course of the Committee. The Mayor addressed the meeting, advising all law abiding citizens to use their best efforts to preserve order, and assuring them that the action of the Committee was satisfactory.

Important Treaty.

RIVER NEWS.

THE RIVER has remained stationary with 30 inches water in the channel. The weather, last evening, was clear without any immediate prospect of rain.

THE steamer "Eolian" arrived and departed from and to Brownsville, and "D. Lynch" from Elizabeth.

The "John Bissel" left for Wheeling.

THE new steamer "Belmont" is now at the wharf, and leaves for Wheeling this morning, at 10 o'clock, in charge of Capt. G. W. EBBERT, while Mr STANDISH PEPPARD will officiate as Clerk. The reputation which these gentlemen enjoy as attentive, accommodating and polite officers, is a sure guarantee that the new boat will be properly managed. The "Belmont" was built under the especial superintendence of Capt. Jacob Poe, a gentleman who has followed the river from his boyhood to the present time, and consequently knows just how a boat should be built. Capt. P., in addition to his knowledge of the river and steamboats, comes from patriotic stock, he being a descendant of Adam Poe who killed the Indian Big Foot. The new steamer is of very light draught, drawing only fifteen inches of water, with ample power. The cabin is well furnished, and arranged in the very best style, combining both ease and elegance.

THE St. Louis *Democrat*, of the 20th, says:

The river rose two or three inches yesterday, and was at 6 P. M., apparently on a stand. We may reasonably presume, from indications, that the river will to-day be again falling, and where it will stop, is impossible to predict. It is not probable that any of the rivers will recede much more, as the late rains were very heavy, and appear to have fallen over a great extent of country, through which the upper rivers flow.

A bar which lately formed across the mouth of Red river, has completely closed that stream against the admission of boats. The Southern Belle, which was there on the 4th, reports the steamers Lydonia, Linden, Bayou Belle, Wabash Valley, Union and Pitser Miller, all sticking there, and the crews of all were together in the river digging out a channel.

THE Louisville *Courier*, of the 21st says:

The river was slowly falling yesterday—the recent rains having been of no avail, it appears—with only five inches on the falls. The weather yesterday was clear and quite cool. Along the lower Ohio the river has been rising a few inches. The Cuba and Princess, the last arrivals, report the navigation of the sand-bars less difficult than heretofore, with two feet water on Scuffletown bar. This is perhaps owing to the superior qualifications of these boats, as they are enabled to run anywhere that is a little damp.

BOERHAVE'S HOLLAND BITTERS

JE MAINTIENDRAI

THE CELEBRATED HOLLAND REMEDY FOR
DYSPEPSIA,
DISEASE OF THE KIDNEYS,
LIVER COMPLAINT,
WEAKNESS OF ANY KIND,
FEVER AND AGUE,

AND the various affections consequent upon a disordered Stomach or Liver, Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others effected a decided cure.

Nature finds no new enemy to combat with this delightful tonic in the system. Its effects are almost magical, yet the *cure permanent*. It communicates no violent shock to the system, but by arousing its *vital* energy to normal action, enables it to throw off the *cause*, and thus thoroughly eradicates the disease.

When its medicinal virtues are so universally acknowledged, and particularly here, where it has become so popular a family medicine, that it is sold by many of the grocers as well as all the druggists. It would seem needless to offer further evidence, yet as there are doubtless some who have tried many advertised remedies, and still suffer from Dyspepsia in one or more of its dreadful forms, we subjoin the following certificates, the authenticity of which cannot be doubted, coming as they do from persons so well known.

WHAT IT IS DOING FOR THE SICK.

Wm. Schuchman, Esq., the well known lithographer, says: "I have frequently used Boerhave's Holland Bitters, and find it invariably relieves indigestion and debility."

Rev. Samuel Babcock says: "I found special relief from its use for a severe headache, with which I had long suffered."

J. W. Woodwell, Esq., says: "I have used Boerhave's Holland Bitters myself, and recommended it to others, knowing it to be just what it is represented."

Ald. Jonathan Neely, of Lower St. Clair, says: "I have derived great benefit from its use for weakness of the stomach and indigestion."

James M. Murphy says: "After several physicians had failed, Boerhave's Holland Bitters removed the pain from my heart and side, arising from indigestion."

The editor of the Kittanning Free Press says: "After one of the best physicians in this place had failed, Boerhave's Holland Bitters cured me of the worst form of dyspepsia."

Francis Felix, only manufacturer of the "original Extract of Coffee, says: "I know that your Holland Bitters is one of the best medicines in the world for a disordered stomach or liver."

Dr. Ludwig, editor of the "Fackel," Baltimore, pronounced it a medicine deserving the confidence of the public.

Dr. Eberhart, the leading German physician of Penna., has prescribed it frequently during the last three years, with marked success, in debilitated states of the digestive organs, or of the system generally.

The manager of Ballon's Vinegar Factory says: "I used it myself, and was therefore induced to try its effect upon my wife, (troubled with the great debility common to all of a consumptive habit,) and really it is doing her more good than anything she has ever taken."

NOTICE!

Whoever expects to find in this a beverage will be disappointed, but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given Boerhave's Holland Bitters a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.

DR. I. SCOTT, a regular graduate and physician of extensive practice and experience, induced by a commendable desire to alleviate human suffering, as well as to excel, has perfected an

IMPROVEMENT ON THE ORIGINAL LIVER PILL AND VERMIFUGE OF DR. C. M'LANE.

Having prepared these remedies as the medical partner of Dr. C. M'Lane for many years

OUR IMPROVED LIVER PILLS AND VERMIFUGE possess greater efficacy and are more mild in their operation than the Liver Pill and Vermifuge prepared according to the original recipe of Dr. C. McLane. We make this declaration understandingly, and recommend them to the afflicted as being both pleasant and curative, and believe them superior to any other Liver Pill or Vermifuge ever prepared.

Read Certificate of Dr. C. McLane, below.

THE THUNDERBOLTS OF JOVE WERE forged by Vulcan, but although the unwieldly weapons of the one-eyed blacksmiths answered very well for the battles of the Gods, they were not half as effective as Colt's latest improved revolvers which weigh but two pounds, and will send balls thick and fast as Parthian arrows. The improved Revolver can be had at the Enterprise Works, together with a general assortment of Guns and Rifles of every description, and a fine assortment of Surgical Instruments and Cutlery.
