PONIOS WON'T DO! They hever did do potson called Minams or Malaria. Neutralize this poison by its natural antidote, and all disease caused by it disappears at once. Rhodes Fever and Agne Cure's its its Antidote to Malaria, and moreover it is a perfectly harmises inedicing. The certificate of the celebrated chemist, J. R. Chillon, of New York, to this effect, is attached to every bottle; therefore if it does no good it can do no harm.

This is more than can be said of Quinine, Arsenic, or any tonic in existence, as their use is ruinous to the constitution and brings on Dumb Ague, which never allows a person, to feel perfectly well for a single moment. In illustration of these truths I annex some extracts from a latter just received from a Physician:

Georgerown, Ohio, March 17, 1856.

from a Physician:

Grong srown, Ohio, March 17, 1856.

JAS. A. RHODES, Esq.—Dear Sir: Yours of 2d inst. is a hand. The Cure survived late less year and the difficulty i getting any one to try it was greatly increased from the fact that a remedy had been introduced which was growin in force with the or hills on height patter than uniter Obstantia. getting any one to try it was greatly increased froit this fact that a remedy had been introduced which was growing in favor with the public, as being better than using Quinine,—not knowing I presume that the remedy they used to escape taking Quinine, contained the drug itself!

This remedy, known as Smith's Tonic, would thavarisb, y break an agus, but it did not cure it, as it would often return with renowed vigor. This, one circumstance I deemed in your favor, if I could institute a test comparison between it and your Cure. The following is the result:

Three persons took your Cure, all of which were cases of Quotidian Intermittent Fover, of many weeks standing. They had tried Quinine, and other remedies, occasionally missing a chill, but it was (as in all such cases) slowly wearing them out, and laying the foundation of other and sevier maladies. I did succeed in effecting, a-radical cure of all three of these cases with your remedy, and they have not had a chill since. In all three of these cases the Smith's Tonic had been used, and would, as before fatted, break the chill, but after a period or two had elapsed'it would return. I think there will be no difficulty now in giving to your cure the vantage ground of any other remedy now in use here, &c., &c.

RHODES PEVER and AGUE CURE, or ANTIDOTES TO MALARIA, the only harmless remedy in existence, is cupally certain as a PREVENTIVE, as a CURE. Take it when you feel the chills coming on, and you will never have a single one.

W. W. WALLACE STEAM MARBLE WORKS.

319, 321 and 333 Liberty street, Opposite Smithfield street, MONUMENTS, TABLETS, and GRAVEand Vaults for Cameerica, made to order.

Purniture and Washstand Tops, and Imposing Stones made by machinery, in less time and better style than can be don by mere manual labor. Particular attention is paid to the manufacture of

minufacture of MARBLE MANTLES, of which we have a large variety of beautiful patterns. Builders and others are invited to examine our stock, as we leel persuaded that after doing so, and learning our prices, (\$15 and upwards,) but few who are able to own a good house, will be willing to remain long without procuring one or more Marble Mantles. They require no scrubbing nor painting; are always nest; are an ornament to a room; are not liable to take fire, and cost but little more than a good wood mantle.

The to Office is throughout the States, and in Chicago at the Company's Office. No. 48 Learborn street, opposite the Trenont House—and at the Depot of the Illinois Central Railroad, foot of Water street.

Responsible Baggage Men will always be at the Depots of the Various Roads going into Chicago, to Check Baggage through to any point desired on the line.

R. P. MORGAN, Jr., Superintendent.

DORTABLE FLOURING MILLS.—The subscriber has on hand, and is manufacturig, Portable Flouring Mills, of an improved quality; they are very compact, run light, grind fast, (five to fifteen bushels per hour,) an be driven by steam, water or horse power, and will prove a valuable sequisition to iron masters, lumbermen and large back feedles. Orders filled at 319, Liberty street, Pitteburger

and the largest cities in the Northwest.

MEDICAL AVER'S CHERRY PECTORAL.

THE SHEETS is offered to the community with the confidence we feel in an earticle which seldon integrity frailize the happiest effects that can be desired. So what is the field of its use fulness, and so numering the cases of the country abounds in persons, published to first the country abounds in persons, published to first the country abounds in persons, published to forger insuffice of its kind, is too against the country along the property of the country of the published and included bodder for the carried fundity of most call men, than the alarming of the same of discouses had now amputive complaints, nor insusary one class of discouses had

cal men, than the alarming freezeners requiry or ment call men, than the alarming freezeners and the sumptive complaints, nor leasing one-class of discovering more of their invisitions and care, But any expectangular camedy has been provided, on which the public could depend for protection from alarming important specifications, and call the introduction of the OHERRY LISTONIAL This article is the product of a long, laborious, and, Lebiers successful endeavor to furnish the community with mental country of the last statement the American penhara more

This article is the product of a long, laborious, and, I believe, successful ondeavor to furnish-the dimministy with faith a roundy. Of this last statement the American people are now themselves prepared to index, and I supped with confidence in their decision. If there is any dependence, so be placed in what men of every place and station pertily it has done the them; if we can trust our own senses, whom we see dangist one affections of the throat and lungs yield to lit; if we can depend on the assurance of intelligent Physicians who make it their business to know—til short, if there is any relisace upon anything, then it is irrefutably proven that this mediains does relieve and does curn the class of discussed it designed for poyond any and all others that are known to manistrat. If this we true, it cannot be too freely published, not too widely known. The afflicted should know it. A remedy that cure is pricease for them. Parents should, know it, for health can be priced to no one. Not only should it be derentated here, but everywhere, not only in this country, but in all countries. How faithfully we have acted on this conviction, is shown in the fact that already this article has made the circles of the globo. The sun aware sets on its limits! No continent is without it, and but few peoples. Although not in so general use in other nations as in this, it is employed by the more intelligent in almost all civilized countries: It is extensively employed to both America,—in Europoy Asia, Africa, Australia and the far-off blands of the sea: "life' is a dear to its possessors there as here, and they grap at a valuable to ment wat reconstition remedy with own was a wide. United ments were reconstituted. avery employed to both america; in Europe; Asia; Affrea, Australia and the far-off inlands of the sea: Life's an dear to its possessors there as here, and: they grasp at a valuable remedy with even more avidity. Unlike most propagations of its kind, it is an expensive composition of costly material. Still it is afforded to the public at a reasonably low prock and what is of vastly more importance to them, its quality is never suffered to decline from its original standard of excellence. Every bottle of this medicine, now manufactured as good as ever has been made hereofore; or as we are capable of making. No toll or cost is spared, in maintaining it in the best perfection which it is possible to produce. Hence the patient who procures the genuine Chemer Product, can rely on having as good an article as how ever been had by those who testify to its curse.

By pursuing this course, I have the hope of doing some good in the world, as well as the satisfaction of believing that much has been done already.
