SIXTH ANNUAL EXHIBITION **PENNSYLVANIA**

STATE AGRICULTURAL SOCIETY WILL BE HELD

AT PITTSBURGH On SEPTEMBER 30th, and on OUTOBER 1st, 2d and 3d, 1856.

BOBT. C. WALKER, Secretary. After a tour of some weeks through the Northern and Western States, we passed through New Brighton on Friday evening, and remained there for a few hours, during which time we were delighted t witness the cuthusiasism and zeal manifested in that stronghold of Black Republicanism by a Spartan band of putriotic Democrats, who are determined. notwithstanding the strong current of fanaticism that exists in that locality, to support the glorious cause of freedom and nationality. That great prin ciple of justice that guarantees equality to all the States, ascendency to none, and which is now rapidly gaining a permanent feeling in the hearts and minds of the American people, from the Atlantic to the Pacific, which will result in the triumphant election of that emineut statesman, Buchanan, to the Presidency on the 4th of next November. Miss Mary J. Glass, the accomplished and intelligent daughterof John P Glass, Esq., showed me a large and elegant flug made by the ladies of New Brighton to adorn a bickery nois, one handred and sixty feet high, which is to be raised there next Wednesday at two protock. A very large meeting is expected, and many of our best orators are invited. We do hope that Pittsburgh will be fully represented there on that occasion, as ample and extensive arrangements are made for the convenience of large delegations from the neighboring counties. Hurrah for the Democracy of New

A Good Idea.-We have heard it suggested that the Councils of this and Allegheny city have in convisit this city upon the opening of the Pittsburgh, Fort Wayne and Chicago Railroad in November next. This movement upon the part of our city a thorities, merchants and manufacturers, would doubt less be of the highest importance and attended with solid advantages to all parties. We have been much behind sister cities in these matters, and have sorely felt the pressure of our isolated condition. There are thousands in the Great West who would relish a trip of this kind, where an opportunity to inspect our forges, iron mills, glass manufacture: and thousand workshops for which our city is noted, and for the products of which the completion of the Pittsburgh. Fort Wayne and Chicago Railroad will afford a chean and direct outlet.

Fifth Ward Buchanan and Breckinridge Club. A regular meeting of the Fifth Ward Democracy was held at their Club Room on Saturday evening The meeting was addressed by Mesers, Rosenban and Lippert in the German language in a very able and powerful manner, followed by Mesars. John J. Mitchel and D. Ihmsen. Mr. I. is one of the old line Whige who have so nobly taken their stand upon the Democratic platform. At the conclusion of his Under a large portion of the land. hearty good will. C. Magee, Esq., being present, was unanimously called upon for an address, where upon the goutleman came forward amid the cheering of the audience, and entertained them for three quarters of an hour with a sound, argumentative address. All the speakers were exceedingly happy in their remarks, and the greatest enthusiasm pre vailed. JOHN A. PARKINSON, President.

Pittsburgh Theatre Mr. and Mrs. Compay's new play, " The Marble Heart," -- The auditory at the Theatre, of Friday night, were treated to an intellectual feast of the highest order, and they exhibited their appreciation of the beanties of the play, and the faultless acting of the stars by frequent and enthusiastic bursts of applause. We have no space at present to enter into an elaborate criticism of the principal characters, per a detailed statement of the plot. Sudice it to say, the piece abounds in thrilling interest and day sentiment, and we are sure, from the impression at made that night, it will draw an overflowing house to night. It is destined to greater popularity than any play that has ever been produced

An Immense Fremont Meeting .- We are informe by an eye-witness that quite a hurra for the woolly horse candidate was to come off at a school house on Squirrel Hill, in Peeldes township, the other evening. The sprakers, Meers, Eyster, Miller and Negrous, morning goods, shows, talks, scars, house furning goods, morning goods, medie work, hourse truthed and afth secondaries of all kinds of demests, and or ley, were on hand, candles lit, but audience wanting, date-, but " nary" a word for poor Fremont. The speakers were dumbfounded, and disappeared in the gloom, with the consolation that they had a large procession on Wedge day last, and would have had a good meeting at the school house, if money and

Another chap who sailed under a banner of "the fruits of ten cents a day," we thought would be a bad bargain at that, trom the familiarity with which he handled some rot gut which which he had wish him.

A Re satiful Hickory Pole, 108 feet high, was raised at a meeting of the Democracy of South Pitt. burgh, on Saturday evening. R. A. Bausman was called to the chair. T. K. M'Cann, Esq., being louddy called for, delivered a powerful and argumentative spoech. E. P. Jones, Esq., followed in his usual happy style. Mr. Wolff spoke in German, and was followed by Dr. Keyser. The pole was raised on the lot of moved Wilson, an old-line whig, who has joined the National Democracy. The South Pitts burgh tilee Club was in attendance.

We daily hear of insults being put upon Demoeratic accomblages, in the rural districts, by Black these shrink 13 -- and that is the course pursued by our friends in Allegheny city. Early in the campaign there appeared to be a systematic attempt to annoy Dimocratic speakers, but the summary expulsion and ungentle treatment of a few chaps has entirely abuted the nuisance.

Meeting in Zelienople.—We are informed that a large Democratic mass meeting was held at Zeliensoile, is flatler county, on the 18th inst. A large number were present, and the meeting was addressed by Jno. 1. Sabits in German, and James A. Gibson, of Allegheny county. The greatest enthusiasm prevailed during the entire meeting.
