The State Fair commences to-day, and we almost entirely to giving information in relation to it. Notices of articles on exhibition, and infacturers to advertise their goods. There is now the business season will soon open.

Our paper has now a larger circulation than it ever had before at any time. We shall issue, too, an extra number daily during the Fair, and have them distributed on the grounds and at the hotels. With its new and clear type and large circulation it is one of the best mediums for advertising west of the Allegheny mountains. It has established a character as a commercial paper that has secured for it a large circulation among country merchants for and near. As soon as the political campaign is over, as it soon will be, our paper will be devoted almost entirely to commercial and business matters; and we are resolved to make it the business newspaper of this region. 12 and a lease a wanter of

FUSION! FUSION BETWEEN FILLMOREANS AND FREMONTERS. The election for State and county officers and members of Congress will take place in Pennsylvania on the 14th of October, and it is proper that both the Democrats and the friends of Fillmore in other States should know exactly how affairs stand in the Keystone State.

The Democrats have in nomination a State ticket placed in the field by themselves alone after their usual form, and having no connexion whatever with any other party, and looking for aid from no clique, or ism. They have also candidates for Congress in every district, and candidates for county officers in every county, looking exclusively for support to the Democrats. and pledged to their principles and measures, and to them alone-repudiating sectionalism.
