A New License Law for Philadelphia and Pittsburgh.

We have received a copy of a bill which has been introduced into the Legislature, changing the present mode of granting tavern licenses in this city and Philadelphia, of which we make the following abstract.

Section 1 provides, that the city Treasurer shall on the first Monday of May, in each year issue licenses to retailers who sell less than a quart. It does not apply to apothecaries, and provides that licences taken out after the first Monday of May, shall be paid for in proportion to the time granted.

Section 2d requires the filing of a bond conditioned that the applicant for license shall not permit gaming, disorderly conduct, nor sell to minors.

Section 3 is as follows: All loan sellers as aforesaid, shall be taxed and pay annually, as follows:

Those who are esteemed and taken to make and effect annual sales to the amount of Forty Thousand Dollars and upwards, shall pay Three Hundred Dollars.

Those to the amount of Twenty and less than Forty Thousand Dollars shall the Second Class and pay One Hundred and Fifty Dollars.

Those to the amount of Ten Thousand and under Twenty Thousand Dollars, shall form the Third Class, and pay Seventy five Dollars.

Those to the amount of Five and under Ten Thousand Dollars, shall form the Fourth Class and pay Fifty Dollars.

Those less than Five Thousand Dollars, shall form the Fifth Class, and pay Thirty Dollars, and no license shall be granted for any less sum.

Section 4th, after providing for the city of Philadelphia, and classifying the appraisers to hold office for one, two and three years, respectively provides that in Pittsburgh the Select and Common Councils of the City of Pittsburgh in joint meeting assembled, the Legislature of the County of Allegheny, in County Board assembled, and the County Commissioners of County of Allegheny, shall each respectively on the first Monday of April next elect one person to be appraiser of tavern licences, and the person so elected shall constitute and be known as the Board of Appraisers of tavern Licenses, and they shall take an oath and be classed and divided at the time and in the manner in which the Appraisers of the city of Philadelphia are,—and the vacancies shall be filled as in the City of Philadelphia.

Section 5, 6, 7, 8, 9, 10, 11, 12 and 13 provides for the carrying out of the requirements of the act by the appraisers City Treasurer and other officers.

The two next sections are as follows:—

Section 14. Any person selling spirituous liquors or malt liquors in less measure than a quart, without a license, or after his license has expired, shall, on conviction, forfeit and pay fifty dollars; and upon any subsequent conviction, seventy-five dollars; and penalties to be recovered in actions of debt, and one half of the amount recovered to the Commonwealth and the other half to the Guardians of the poor.

Section 15. Any hotel keeper who shall knowingly suffer any person of such known intemperate habits, that he neglects his business and deprives his family of their means of support thereby, to drink spirituous liquors upon his premises, after being notified by the wife or nearest relative of such intemperate person not to permit the same, shall be subject to a fine not less than fifty nor more than seventy-five dollars, one half of the monies arising from the recovery of such fines to be for the use of the county, and the other half to be paid to the Guardians of the poor: *Provided*, that all prosecutions for virtue of this section of the foregoing Act, shall be commenced within sixty days from the commission of the offence."

Section 16 provides for the assessment of wholesale dealers by the Appraiser of mercantile Taxes, and fixes a penalty of not less than fifty nor more than seventy five dollars for each violation of the act.

Capt. Jas. Blackmore, Jr.

The Cincinnati papers contain a notice of the retirement of Capt. Blackmore from the coal business, in which he has been actively and profitably engaged for several years. His friends gave him a splendid dinner at the Broadway Hotel, Cincinnati before leaving. He possesses there, as here, hosts of warm hearted friends.

Our correspondent *Jackson*, in his well written communication reiterates the common error that President Buchanan or Senator Bigler, attempted to read men out of the Democratic party. Newspapers, may have made a test of faith not the chiefs of the party.

Evergreen Bluff Mine.

The report of the Directors of the Evergreen Bluff Mining Company, under date of the 24th ult., states the product of the mine for 1857 at 69,168 pounds of rough copper, smelt. at the Detroit Smelting Works, yielding 46,942 pounds of ingot copper, or 68 per cent. The total product of the mine since work was commenced—in October, 1855—has been 131,066 pounds of ore, yielding 88,7484 pounds, or 44 tons and 748½ pounds, of ingot copper. It will be observed that the product for 1857 exceeds that of the three previous years combined. The copper shipped from the mine has been wholly masses and barred work, besides which there has been a very large quantity of rich stamp stuff taken out, which cannot be made available until a stamp mill is erected. The quantity of it and its per centage can be determined only when it is stamped and dressed. The force employed at the mine at present consists of ten men, six of whom are miners. The present condition of the mine is stated to be such that it can be profitably worked by tribute and propositions have been received from parties desirous of taking it, but it is thought that the true interests of the company require that the mine should be worked with more system than it would be in this method. Assessments amounting to $1.25 a share have thus far been paid upon the stock, and a further assessment of 50 cents a share has been levied, payable on the 1st proximo. Should the stockholders promptly respond to this call, the Directors promise that the usual force will at once be employed, full supplies of provisions for which are now at the mine, and the work be vigorously prosecuted.

THE *Pennsylvanian*, of Philadelphia, appears in new type, and exceedingly fresh and handsome. As Bro. Rice enjoys the full confidence of the administration, he has been enabled to cut fat slices, and can well afford new clothes. When our turn comes we shall do likewise.
