PITTSBURGH:

TUESDAY MORNING.....FEBRUARY 2.

— STATE CONVENTION.—At a meeting of the Democratic State Committee, held at Buehler's Hotel, Harrisburg, January 19, 1858, it was

Resolved, That the next Democratic State Convention be held at Harrisburg, on the 4th day of March next.

Pursuant to said resolution, Delegates from the several Senatorial and Representative districts of the State will convene in the Hall of the House of Representatives, at the Capitol, on THURSDAY, March the 4th, at 10 o'clock, A. M., to nominate candidates for Judges of the Supreme Court and Canal Commissioner, and for the transaction of such other business as pertains to the authority of such Convention.

C. R. BUCHANAN, Chairman.
J. N. McCULLOUGH, } Secretaries.
R. J. HAMILTON, }

THE ARMY.

The Washington *Union* gives the numerical distribution of the army by military departments, as follows:

Department of the East, distributed among a division of two forts and fortresses	507
Department of Florida	337
In Kansas, Nebraska, Minnesota, and Arkansas	5,686
Department of Texas	2,945
Department of New Mexico	2,251
Department of the Pacific	2,547
Army of Utah	1,887
Total	15,575

Excepting Utah, there are in the other military departments 11,688 men in all but one of which it is the opinion, and advice of the General-in-Chief that the troops need reinforcement rather than diminution. The exception is Kansas, from which 2,500 troops may soon be withdrawn for the expedition against Utah. This would make the Utah army a force of 3,687 men to defend against ten to twelve thousand Mormons, fifteen hundred miles from the seat of supplies, in a country fortified by nature. The head of the army says, that the proposed augmentation of four regiments, would not more than furnish the reinforcements *greatly needed* in Florida, Texas, New Mexico, California, Oregon, Washington Territory, Kansas, Nebraska and Minnesota, *having not a company for Utah.*" The opinion of the President and Secretary of War, accord with General Scott's. Congress must assume the responsibility of refusing those forces if they are refused. Let them see to it if they will. The people begin to think it is time that Buchanan was waking up.

LEVI S. NORTH.

This gentleman who like most men in the "snow on the ridges," has experienced the "ups and downs of fortune," is we are glad to know, now at the top of the wheel. He has been for many years a resident of Chicago, where he has built an elegant theatre (not to say church) it has not proved him, for it has conducted himself in such a manner as to win the confidence and esteem of his fellow citizens. He is a candidate for Alderman in the Third Ward of Chicago, and he is a Democrat, the Chicago *Tribune* and the rest of that city have commenced a most indecent and disreputable war upon Mr. North generally, and upon his business. The mayor of the city warns the public against attending Mr. North's theatre. The Chicago *Tribune*, styles him one of the tax eaters. In defending him from the aspersions, the *Times* says: "Mr. North is a gentleman of irreproachable character, has purchased real estate in Cook county to a large extent, and has commenced agriculture and stock business on a large scale. He is not only a real estate owner but a tax payer. A very large fortune has recently been added to his former possessions, and this sum is to be fixed for investment in and about Chicago. But what care these indecent libellers; it is enough that the democratic party proposes to vote for a gentleman in whom they have confidence, and these harpies commence their work of hacking and cutting at his character. Instead of being a "tax eater," Mr North's tax bill we suppose exceeds that of the men now holding office under Wentworth. Mr. North lives in the Third Ward; he will be nominated unanimously; will be elected triumphantly, and we venture to say a better alderman than he will make, has not been elected in the Third Ward for many years."

The *Evening Reporter* appeared yesterday with new proprietors, and embellished its excellent columns with a certain lecture to the editor of the *Post*. We bow to the age and wisdom of Messrs. Sweeny and Moody.

Banks of Pittsburgh.

The Banks of Pittsburgh resumed specie payment in full yesterday. This refers to the Exchange and Mechanics Banks.

We shall pay our respects in a proper manner to William Aaron Cook in a short time. His reputation shall not suffer at our hands, but if we can do him justice, he shall have it in the most approved style

FATHER GALLITZIN.

The career of this great and good man is part of the history of our State. His piety, his benevolence, the long suffering and self-denying character of his whole life, bear witness, that whatever study have been the mode of his religious worship, he was eminently a Christian man. The following brief sketch of his history we find reproduced in a Johnstown paper from the *Gazetteer* of May 14th, 1840:

"The Rev. Gallitzin died May 6, 1840, at Loretto. He exercised the pastoral functions in Cambria county forty-two years. He was born in 1770 at Munster, in Germany. His father, Prince de Gallitzin, ranked among the highest nobility in Russia. His mother was the daughter of Field Marshal General Schmeltau, a celebrated officer under Frederick the Great. Her brother fell at the battle of Jena. The deceased held a high position in the Russian army from his infancy. Europe in the early part of his life was desolated by war—the French Revolution burst like a volcano upon that convulsed continent; it affected no families or situations for travel; and it was determined that the young Prince Gallitzin should visit America. He landed in Baltimore in August, 1792, in company with Rev. Mr Brosius. By a train of circumstances in which the hand of Providence was highly visible, his mind was directed to the ecclesiastical state, and he resolved forever on his brilliant prospects. Already endowed with a splendid education, he was the more prepared to pursue his ecclesiastical studies, under Bishop Carroll, at Baltimore, with facility and success. Having completed his theological course, he spent some time on the mission in Maryland.

In the year 1789 he directed his steps to the Allegheny mountains, and found that portion of it which now constitutes Cambria county a perfect wilderness, almost without inhabitants or habitations. After incredible labor and privation, and expending a princely fortune, he succeeded in making the wilderness blossom as the rose. His untiring zeal collected about him, in his late residence, a Catholic population of three or four thousand. He not only extended the church by his missionary toils, but also illustrated and defended the truth by several highly useful publications. His "Defence of Catholic Principles" has gained merited celebrity both here and in Europe.

In this extraordinary man we have not only confidence in the connection of the brightest hopes and prospects, but indefatigable zeal—but constraining greater and rarer—his *wonderful humility*. No one could ever learn from him or his mode of life, what he had been, or what he endeavored for **privation** and poverty.

"To intimate to him that you were aware of his condition, would be sure to pain and displease him. He who might have revelled in the pomp[illegible] of his ancestors, was content to spend thirty years in a rude log cabin, almost denying himself the common comforts of life, that he might be able to clothe the naked members of Jesus Christ, the poor and helpless. Few have left behind them such examples of charity and benevolence. On the head of no one have been invoked so many blessings from the mouths of widows and orphans. It may be literally said of him, if his heart had been made of gold he would have disposed of it all in charity to the poor.'"

— Two hundred thousand dollars in Treasury notes were paid to navy contractors, in Washington, on the 29th ult.

FROM HARRISBURG.

HARRISBURG, January 30, 1858.

The repudiation question up in the Senate—Sons of Malta.

In the Senate on Friday, Dr. Gazzam presented a petition from the Board of Trade of Pittsburgh, recommending a law to limit bank dividends to 8 per cent. per annum. This is in accordance with a part of Mr. Foster's bill to which I have before made reference.

Judge Wilkins, a petition from manufacturers, mechanics, merchants and business men of the city of Pittsburgh, for the re-charter of the Merchants' and Manufacturers' Bank of Pittsburgh. Also, one from stockholders residents of said city at Pittsburgh, for the re charter of said bank, accompanied with a verified statement of the condition of the bank on the 25th of the present month. He said that this statement showed a vast increase of the deposits of the institution, an evidence of the confidence of the people in its stability; and also showing that for every dollar of the five dollars loaned on specie in its vaults on its entire circulation and deposits. While I do not believe any new banks will be chartered by the present Legislature, many gentlemen feel favorably disposed towards the Merchant and Manufacturers Bank, and are not inclined to deal harshly with it on account of the delinquent conduct of some of its ex-officers.

Mr. Bell of Chester, submitted the following resolution

Resolved, That the Committee on Finance be instructed to enquire whether any, and what legislation is necessary to promote and secure payment of interest due on the bonds of other securities issued by the city of Pittsburgh.

Mr. Bell said he had received several letters from his constituents, holders of bonds of the city of Pittsburgh, complaining that they had not received any interest upon them for several years, and asking the adoption of some measure by the Legislature to compel the payment.

Mr. Gazzam remarked that the resolution was of some importance to his constituents, and as he observed that his colleague (Mr. Wilkins) was out of his seat, he desired its postponement for the present.

Mr Randall of Philadelphia, suggested the postponement should be fixed for some definite time.

Mr. Gazzam said it could be called up at any time.

Mr. Shaffer of Lancaster, said he had no disposition to press the matter upon the consideration of the Senate immediately, yet his constituents had a interest in the subject, and suggested that it be permitted to go to the committee.

Mr. Gazzam referred again to the fact of the absence of his colleague, and remarked that the party which had sent his colleague there was mainly the cause of the non-payment of the interest on the bonds of the city of Pittsburgh. He made the motion to postpone because of the absence of his colleague.

Mr Bell said he particular objection to the postponement. But on this question he knew no party. He was sorry to hear that the Democratic party was to blame in this matter. If so, it was to their disgrace. It might be that some members of the party were to blame, but he rather supposed that the blame did not to the whole party. He should resist the motion to postpone.

Mr. Gazzam expressed astonishment that Senators could not appreciate his position. He desired the postponement wholly on account of the absence of his colleague. He reiterated the charge that the Democratic party of Allegheny were to blame for the non-payment of the interest on these bonds. The last Democratic County Convention passed resolutions opposed to the payment.

Mr Randall made the suggestion of postponement to the 22d of February because the whole subject could be at an early day. He believed the city of Pittsburgh and the county of Allegheny were daily becoming more indifferent to their obligations, and he desired to awaken them to a proper sense of them. His constituents had a deep interest in the question. He would name Tuesday or Thursday next for the consideration of the resolution.

Mr. Cresswell, of Blair, moved that the resolution be postponed indefinitely. The Senator whose constituents had an interest in the payment of the interest, had commenced in the wrong way. They should take the matter before the proper tribunal. He could see no good that any report from the committee could do.

Mr Shaeffer said he represented a constituency, many of whom were deeply interested in this subject. He desired the reference of the resolution of the Senator from Chester, (Mr Bell,) to the Finance Committee, as eminently right and proper—and the ask payment of the interest on the bonds of Allegheny county, the subject matter of legislative enquiry. The right to issue the bonds, and the privileges connected therein, emanated here, and any violation of duty, or a failure on the part of the county of Allegheny to perform any portion of a contract to the citizens of this Commonwealth should be inquired into *here*. And while he was willing to agree to the postponement temporarily, as a mark of respect due the distinguished and honorable Senator from Allegheny, (Mr Wilkins,) who was now absent, he must oppose the motion of the Senator from Blair, (Mr Cresswell,) to postpone indefinitely.

A rambling discussion now ensued, in the course of which the motion to postpone indefinitely was withdrawn.

The resolution was the postponed for the present. When it again comes up, Judge Wilkins will offer the following amendment:

And, further to inquire into the debts and obligations of the counties, boroughs, and the other cities of the Commonwealth, besides Pittsburgh, and more particularly to inquire what Legislation is necessary to promote the payment, by the City of Philadelphia if its debts due to mechanics, laborers, and others in better currency than depreciated city warrants.

Mr. Foster will read in place on Monday a bill to incorporate the Keystone Lodge, Number One, of the Sons of Malta, the Supreme Grand Council of the Order in the Eastern Pennsylvania. The corporators are James D. Cotter, R. S. M'Dowell, J. Heron Foster, J. B. Dunlevy, Wm B Gormly, David Campbell, C. S. Eyster, R B Roberts Henry A Wesner, Wm B Barrell, A S. Bell, Sam Baitler, John H Baily, Alfred B. M'Calmont, John Layton, Eli Young, James A Dunlevy, Edward Campbell, jr., John Eakin, Thomas A Rowley, John M'Irwin, Hugh S Fleming, Thos. Steel, Daniel O'Neill, and about forty others. It is intended that this Grand Council shall have power to grant charters to subordinate lodges in the counties of Allegheny, Armstrong, Westmoreland, Beaver, Lawrence, Bedford, Somerset, Blair, Butler, Cambria, Clarion, Clarfield, Forest, Jefferson, Elk, Montour, Crawford, Sullivan, Warren, Erie, Fayette, Fulton, Greene, Huntingdon, Indiana, Snyder, Mercer, Venango, Pike, Washington, Wayne, in such form and manner as they may deem proper.

There was no business relating to the West of importance transacted and the House adjourned quarter before twelve.

A Kansas resolution, endorsing the sentiments of the Westmoreland Democracy, was offered and referred to the Special Committee of seven, appointed the other day. They are Calhoun, of Armstrong, Guyt, Northampton, Miller, of Crawford, Jackson, Clinton, Rhodes, Northumberland, Lawrence, Dauphin, and Turner, Lycoming—a majority of whom are opposed to the admission of Kansas under the Lecompton Constitution. The Republicans are more anxious than the Democrats on the great "goose question," but our party maintains its equilibrium notwithstanding their uneasiness.

PAXTON.

Important to Newspaper Publishers.

A few days since a copy of the Indianapolis *Journal*, in which a prospectus of the paper had been enclosed, was returned to the publishers, charged with letter postage, the person to whom it was directed having refused to pay the charge. The publishers, having been in the habit of sending prospectuses in the paper, and knowing that it was common to transmit handbills, notices, &c., in newspapers, could not see the justice of the punishment in this case, referred the matter to the postmaster general, through Mr. Colfax. The department sustained the postmaster, and decides the practice unlawful, and that every offence subjects the offender to a fine of five dollars.

— The City Bank of New Haven has obtained a verdict of $36,000 against the Bank of Akron, Ohio, in the Superior Court of New York city, the suit being brought to enforce payment on four bills of exchange, of that amount, in the American Exchange Bank, which the cashier of the Akron Bank had pledged as security for a loan of $30,000 in small bills, in 1861.

We give place with pleasure to the following beautiful lines, and hope our fair correspondent may favor us with further communications:

OUR ÆOLIAN HARP.

Affectionately inscribed to Miss Amelia Allen.

BY LYDIA M. HOYT.

We place our harp—our Æolian harp—
In our chamber window to-night,
And dreamily over its wind-swept chords
Steals a sad, sad tone and light;
And our eyes are closed to the outward world,
And our eyes have the spirit's sight

Mournful, yet sweetly, a chastened spell
Over our spirit hearts is thrown—
We see the angels of the vanished years,
That we used to call our own.
Before they were sweeping the waters away,
And hushed to the river's moan.

The dead are with us—the lifeless dear—
In their garments pure and white;
Gently they pass with their spirit tread,
Before our wonder-lit sight,
And we feel the touch of their cool soft hands
On our warm, flushed brow at night.

Morning noon, dew wind-swept harp
Their toll'st of a far, bright strand
And a loved spirit, that rest there now
On the hills of the Better Land;
Ah! his brow will never a shadow wear
By the rise of the sun fanned.

— The Nebraska House of Delegates have expelled Mr. Robertson, of the Omaha *Nebraskian*, from the sittings of that body, for calling one of the members a "small potato."

— The price of gas has been reduced in Baltimore ten cents on a dollar.

— The Plug-Ugles of Kentucky have been holding a convention at Frankfort. They have issued a platform, enumerating a great variety of things which *must* be done, but they do not say who is to do them. It is a good specimen of "great cry and little wool" politics.

—An "Albino," or white deer, three times the weight of an ordinary deer, has been shot between Red Bluffs and Yreka, California, after chasing it ten hours. Not a hair on the deer was other than white; even the eyes were white, resembling those of a glass-eyed horse, the sight being of an orange color

— The total shipment of treasure from California, for the year 1857, is $45,498,143; there is a decrease since 1856 of $41,246. These totals have no reference to the gold shipped to China, East Indies, Australia, and South American States.

—The Minister of Guatemala, at Washington, D. C., is busily engaged, it is said, packing up for his Government Sea Island cotton seed, sugar cane plants, cotton gins, and machines to hull rice and coffee, with a view to improve in agriculture. A perfect Solomon in his profession.

—The city of Cleveland, Ohio, commenced the year out of debt, every matured obligation having been paid.

WHAT IS IS DOING FOR THE SICK.—Wm. Schenck, Esq., the well known Indianapolis, says: "I have frequently used Hoofland's Holland Bitters, and find it invariably relieves indigestion and debility."

Rev. Samuel Babcock says: "I found special relief from its use, for a severe headache, with which I had long suffered."

J. W. Wedsell, Esq., says: "I have used Burhave's Holland Bitters myself, and recommended it to others, knowing it to be just what it is represented."

Alderman Jonathan Neely, of Lower St. Clair township, says: "I have derived great benefit from its use for weakness of the stomach and indigestion."

Jas. M. Murphy says: "After several physicians had failed, Burhave's Holland Bitters removed the pain from my heart and side, arising from indigestion."

The editor of the Kittanning *Free Press* says: "After one of the best physicians in this place had failed, Burhave's Holland Bitters cured me of the worst form of dyspepsia."

Francis Feltz, the only manufacturer of the "Original Extract of Coffee," says: "I know that your Holland Bitters is one of the best medicines in the world for a disordered stomach and liver."

Dr. Ludwig, editor of the *Fackel*, Baltimore, pronounces it a medicine deserving the confidence of the public.

Dr. Eberhart, the leading German physician of Pennsylvania has proscribed it frequently during the last three years, with marked success, in debilitated states of the digestive organs, or of the system generally.

The manager of Bolton's Vinegar Factory says: "I used it myself, and was therefore induced to try its effects upon my wife, (troubled with the same debility common to all of a consumptive habit,) and really it is doing her more good than anything she has ever taken."

☞ MEDICAL EXCELLENCE CANNOT BE CONTROVERTED—one of the most startling cases is narrated of Dr. M'Lane's Vermifuge by Dr. John Butler, of Lowell, Trumbull county, Ohio. The case was that of a young lady who had been very sick for EIGHT YEARS, and had consulted a number of physicians, who had treated it as one of Dyspepsia. Dr. Butler was then called in, and for a time did well; but with his great discernment that it was one of Parasites. He was however, soon forced to the conclusion that his patient was suffering from worms, and after much persuasion prevailed upon her to take two doses of Dr. M'Lane's Vermifuge, prepared by Fleming Bros., Pittsburgh. This medicine had the effect of removing from her a tremendous number of the largest size. After she passed them, her health immediately returned. She is since married, and continues to enjoy excellent health.

The testimonials of so many of our Physicians in its favor, induced us to try it, and now conviction is certain that it is one of the greatest blessings ever given to Dyspeptics, for it made a complete cure before the first bottle was taken, and now we can eat anything suitable without trouble, while before nothing but the lightest food would digest, and often this gave pain. Now what we want to say to all our readers is, if Liver Complaint or Dyspepsia trouble you, do not fail to try this the greatest remedy in the world. jan18:lmdaw

☞ NO FAMILY SHOULD BE WITHOUT HOOFLAND'S GERMAN BITTERS.

Children sick and with the Summer Complaint entirely cured by them.

CAMDEN, N. J., March 14, 1855.

Dear Sir—It is with much pleasure that I inform you of the great benefits derived from the use of your German bitters in my family. During the greater part of last summer, my son, aged two years, was severely afflicted with the Summer Complaint in the worst form, for which various remedies prescribed by Physicians and others were used, but with no avail. I also sent him to the country, but it proved of but little benefit. Having a bottle of German Bitters in the house, I was persuaded to try that, which to my astonishment EFFECTUALLY CURED HIM. He continued to take the Bitters some time afterward and became healthy. I have the greatest confidence in the Bitters, and feel no hesitation in saying that no family should be without them.

Respectfully, yours, JOHN W. PARIS,

NEW ADVERTISEMENTS.

THE NEW AMERICAN CYCLOPEDIA.

New Edition of Vol. I Nearly Ready,
THE FIRST EDITION BEING EXHAUSTED.

D. Appleton & Co., 346 and 348 Broadway, New York,

HAVE JUST PUBLISHED, BY SUBSCRIPTION ONLY:
VOLUME I.—("A—Aragony")
OF THE NEW
AMERICAN CYCLOPEDIA,
A POPULAR
Dictionary of General Knowlege,
EDITED BY
GEORGE RIPLEY AND CHAS. A. DANA,
Assisted by a Numerous but
SELECT CORPS OF WRITERS.

THE OBJECT OF THE NEW AMERICAN CYCLOPEDIA,

is to exhibit, in a more condensed form, the present state of human knowledge in every field of literature and science, ART, LITERATURE, PHILOSOPHY, RELIGION, POLITICS, AGRICULTURE, MEDICINE, BIOGRAPHY, COMMERCE, MATHEMATICS, GEOGRAPHY, MANUFACTURES, ASTRONOMY, TRAVELS, LAW, HISTORY, CHEMISTRY, TRADE AND MECHANICS.

With this design, the numerous Encyclopedias, Dictionaries of special branches of study, and popular Conversations Lexicons, in the English, French and German languages, have, of course, been diligently consulted and compared. But the

NEW AMERICAN CYCLOPEDIA

Is not founded on any European model; in its plan and elaboration it is strictly original. Many of the writers employed on this work have enriched it with their personal researches, observations and discoveries.

As far as is consistent with the roughness of research and exactness of statement, the popular method has been pursued. By condensation and brevity, the editors have been enabled to introduce a much greater variety of subjects than is usually found in similar works, and thus to enhance the value of

THE NEW AMERICAN CYCLOPEDIA

As a Manual of Universal Reference. At the same time, an entertaining style has been aimed at, wherever it would not interfere with more important considerations. Special care has been bestowed on the department of Living Biography.

In the preparation of the present volume, nearly a hundred of collaborateurs have assisted, including persons in almost every part of the United States, in Great Britain, and on the Continent of Europe, whose names have attained an honorable distinction, each in some special branch of learning. No restriction has been placed on them, except the abstinence from expression of private dogmatic judgments, and from the introduction of sectarian comments, at war with the historical character of the work. In this fact, it is hoped, will be found a guaranty of the universality and impartiality of the

NEW AMERICAN CYCLOPEDIA,

Which the publishers do not hesitate to say, will be

SUPERIOR IN EXTENT, VARIETY, AND
EXACTNESS OF INFORMATION,
TO ANY SIMILAR PUBLICATION IN THE ENGLISH LANGUAGE.

The first volume, now just issued, includes nearly
