The Speaker, in pursuance of the resolution adopted on motion of Mr. Stanton, asked him what excuse he had for not answering the question, propounded by the Select Committee, whether he had eccived any money or securities from Lawrence, tone & Co., semetime in March last, to the amount of thirty thousand dollars, more or less; and whether he was now prepared to answer that and all other testions? Witnesses were examined before the committee, after which a resolution was passed deeming it inexpedient to grant the prayer of Brooks asking for the appointment of a committee to take estimony.

Mr. Phillips made a minority report, stigmatizing

the election proceedings in Bultimore as a gross mockery upon political independence and popular overeignty, and concludes with a resolution empow ring the Committee on Elections to send for persons and papers, and to examine into the facts. The consideration of the subject was postponed ill Monday.

Mr. Hoard said that rumors were affect involving the rights and dignity of the House, and asked leave to offer a resolution for the appointment of a com-mittee to investigate whether attempts had been made by persons connected with the Executive Department, or persons acting under their advice to offuence the action of the House, directly or indirectly, by promise or intimidation, or giving or with-holding patronage.

After considerable debate the House, by a vote of 108 against 88, decided that Mr. Hourd's resolution was not a question of privilege.
