Disinterment of the Bodies of the M'Keesport Murderers. Mrs. Wolff, sister of Charlotte Jones, who was executed on Friday, came to this city some time last week for the purpose of having the bodies of Charlotte and Fife conveyed to Monongahela city for interment, after the execution. She had not the neans to effect this, and the bodies were accordingly taken from the scaffold to the Methodist graveyard, where they were decently buried. After their interment, a subscription was raised by some of our liberal citizens, for the purpose of enabling Mrs. Wolff to remove the bodies, when, on application to Sheriff Patterson, the Sheriff gave an order to Mr. R. N. Avery, giving him permission to take up and remove the bodies. About cleven o'clock on Friday night the bodies. It seems that the Mayor had been informed by some officious person that the bodies were being re hoved, and that he, with a sense of his duty, gathered p a detachment of police and went to the grave yard for the purpose of preventing this supposed desecration of the grave. We think the persons in terested in taking up the bodies might have selected was discharged on his own recognizance to appear a less suspicious time than midnight for accomplishing a witness on Tuesday morning; Cassel was held ing their work, but there may be semething in the report that a party of medical students intendevisiting the spet for the same purpose, and that the expedition was hurried forward for the purpose forestalling them, and also to keep the matter private as possible, and cheat the gaping curiosity gossips of a sight which they would have flocked t witness in daylight.

-----Country Items. The dwelling house on the farm of Mr. Jacob Nit zell, in East Lackawannock township, Morcor county was destroyed by fire on Thursday last. Mr. Henry Young and his family, who occupied the house, were absent at the time, and their entire household proporty, wearing apparel, except what they had on, and about one hundred bushe's of core were consumed. It is not known how the fire originated. Disgracoful Proceedings .-- Mrs. Wolfl Attacked by a Mob. Conspiracy and Kichapping. Quite an interesting case came to light on Saturay, the circumstances of which, as far as we can as-

certain them, we give below: Some five years ago, a mulatte man, named George W. Farris, escaped from his master, a wealthy planter, by the name of Reiglan, near Tuscumbia Alabama, who was also the reputed father of Farris. He was a fine mechanic, came to Pittsburgh, married and settled. Shortly after he came here, he was followed by a man named George Shaw, who used every ssible means in his power to entice him into the outh; but without success, until a year since, when, y showing forged letters to Farris, he induced him to go to St. Louis, and from there to a small town in that vicinity called Brunswick, for the estensible purpose of procuring work as a bricklayer. Here he was arrested by the United States authorities, and taken back to Alabama. His wife remained here during of the part he had taken in the abduction of her hus-

When arrested be handed to his wife a pocket book, which he aftervards stated was filled with Georgia and Alabama money, supposed to be the proceeds of this nefarious transaction. It is stated that at one time he offered to a woman in this city one hundred dollars if she ould decoy Ferris to her house, where he could administer chloroform to him and carry him off. He elso offered to Mr. John Dignam and another man bricklayers, fifty dollars, if they would decoy him off into Virginia, under pretence of working there. This same Shaw was arrested in July, 1855, for breaking into the house of Mrs. Gardiner, in the Ninth Ward. When arrested, a bottle of chloroform and some burglars' tools were found in his posses sion, but by some mismanagement he was acquitted. MEDICAL. OMLY ONE BOTTLE

DR. SANFORD'S INVIGORATOR TS REQUIRED TO CURE ANY ONE

REQUIRED TO CURE ANY ONE at troubled with Liver Complaints, unless the most desperate of cases, when the second bottle will, with scarce a single failure, restore the patient to health and vigor. We wish to call the attention of all to these facts, that the Invigorator is compounded by a physician who has used it in his practice for the past twenty years with a success almost credulous, and that it is entirely vegetable, being composed wholly of gums.

Some idea of the strength of these gums may be formed wheal it is known one bottle of the Invigorator contains as much strength as one hundred doses of Calomel without any of its deletarious effects.

We know there is nothing now before the American public, prepared with such skill by a scientific man, particularly for diseases of the Liver, as Dr. Sanford's Invigorator, or Liver Remedy. It has attaited a reputation second to no other article in the world, simply because it rest on its own merit. To convince all by trial that it is all its proprietors claim it to be, if any of our readers are suffering from such diseases as are described in Dr. Sanford's advertisement, we know of know remedy that will so surely cure them as the Invigorator.

The Invigorator cures Sick Headache. Take one or two teaspoonfuls at each attack and it will soon disappear. For an overloaded stomach, or when food rises or sours, take the invigorator after eating, and it will not prove disagreeable or oppressive. For Heartburn, Palpitation, or Difficult Breathing, take a tea-poonful once or twice daily. For Luss of Appetite, Languor or Listlessness, the medicine is invaluable. It will restore the appetite and make the food digrat well. Nightmare, take a teaspoonful on rotiring, and the demons of dream-land will all be fairles. After eating a hearty dinner, take a dose of Invigorator is a Liver Remedy of unequaled virtue, acting directly on that organ, curing Dyspepsia, Jaun'lice, Billions Attacks, Dysentery, Piles, Worms, and all Female Obstructions, for which it has no equal.

We know there is nothing now before the American public prepared with such skill by a scientific man, particularly for diseases of the Liver, as Ir. Sanford's Invigorator, or Liver Remedy. It has attained a reputation second to no other article in the word, simply because it rests on its own merit. To convince all by trial that it is all its proprietors claim it to be, if any of our readers are suffering from such diseases as are described in Dr. Sanford's advertisement, we know of no remedy that will so surely cure them as the

There has lately been brought to our notice a medicine that seems to possess wonderful, curative and healing properties in diseases of the Liver, Stomach and Digestive Organs. It came to us with so many testimonials in its favor that we have noted its effects in some of the worst cases of continual dibility cancel by daranged liver, and in very that we have noted its effects in some of the worst cases of continual dibility, caused by deranged liver, and in every instance the effect was to relieve or give a permanent cure, Dr. Sanford's Invigorator, or Liver Remedy is what we refer to. We always have been credulous about cures by patent medicines, but we are convinced that this medicine, for family use, is not over-rated by the host of recommendations it has. Our advice is, for all troubled with Indigestion, Debility or Bowel Complaint, to get a bottle and try it; our word for it, relief will be experienced.

BLESSINGS TO THE INVALIDS who use Dr. Sanford's Invigorator, for it will relieve them of their pains as soon as it is taken into their stomach. Pain and misery cannot exist where the Invigorator is used, for it will as surely drive them where the Invigorator is used, for it will as surely drive tnem away, as daylight will banish darkness, of this there can be no doubt to these wheetry it, for it carries conviction with every dose taken. Another evidence is the thousands of certificates from those who use it or have been cured by it, Try one bottle, is it does not bonefit, then we are mistaken. PRIOR ONE BOLLAR PER BOTTLE.

THE GREATEST

OF THE AGE. R. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy Every kind of Humor, PROM THE WORST SCROFULA DOWN TO A COMMON PIMPLE.

He has tried it in over eleven hundred cases, and never falted except in two cases, (both thunder humor.) He has now in his possession over one hundred certificates of its value, all within twenty niles of Beston.

Two bottles are warranted to cure a nursing sore mouth. One to three bottles will care the worst kind of Pimples on the face. Two bottles are warranted to cure the worst canker in the nouth or stomach.
Three to five bottles are warranted to cure the worst kind. One to two bottles are warranted to cure all humorin. Two bottles are warranted to care running of the ear half. plotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.
One bottle will cure scaly eruption of the skin.
Two or three bottles are warranted to cure the worst kind

f ringworm.

Two or three bettles are warranted to cure the most des Two or three bottles are warranted to cure salt-Bheum. Three to four bottles are warranted to cure salt-Bheum. Five to eight bottles will cure the worst case of scrofula. A benefit is always experienced from the first bottle, an a perfect cure is warranted when the above quantity is taken ROXBURY, MASS DYAR MADAM.—The reputation of the Medical Discovery, in curing all kind of humors, is so well established by the unanimous voice of all who have over used it, that I need not say anything on the subject, as the most skilful physicians and the most except Druggists in the country are unanimous in the said of the said animous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of the curative power. in relieving all, and curing most of those diseases in which you are un fortunately so liable. That most excruciating disease to an NURSING SORE MOUTH.

Is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful maps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessing to your husband and household. In the more advanced stages of CANKER it extends to the stomach, causing DYSPEPSIA, which is nothing but canker of the stom h; then to the

KIDNEYS, reating a sinking, gone feeling, and an indifference even to the cares of your family. Your stomach is RAW AND INFLAMED, jour, food distresses you, and you can only take certain kinds, and even of that your system does not get half the courishment it contains as the scrimonous fluid of the canker cats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nontrishment your setup becomes loss und flabber want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follows train of diseases which the Medical Discovery is peculiarly adapted to

Palpitation of the heart pain in the side, weakness of the spine and small of the back, pain of the hip joint when you retire, irregularity of the bowels, and also, that most excruciating of diseases, the

PILES. How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress or your mind that good old proverb, "An ounce of prevention is better than a pound of cure." In the MEDICAL DISCOVERY you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you any injury.

No change of diet ever necessary—eat the best you can get Story of Borbave's Holland at—the house now occupied by and enough of it.

Discrime for Use—Adults one table spoonful per day—Children over the years dessort spoonful—Children from five to eight years, tea spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.
