J. H. MOORE, Supt. P. Ft. W. & C. R. R. DAN'L McLAREN, Supt. C. H. & D. R. R. THE CHEMICAL OLIVE ERASIVE R SOAP, manufactured by B C. & J. 11. rawyer, receives the preference over all other kinds ever offered for family use.

Its advantages over other Soaps are:—1st. It is cleaper to use, one pound being equal to three of common rosin Soap. 21. Half the time need only be occupied in washing when this Soap is used in place of other Soap. 3d. Labor in washing can be nearly dispersed with, as the clothes will require little if any rubbing, thus avoiding their wear on the wash-board. 4th. Woiling the clothes is unnecessary when this Soap is used, and hard or salt water answers equally as well as roft. 5th. Printers, Machinists, Painters and others, find it far superior to other Soaps. It speedily removes grease, tar, paint, printers' ink and dirt from the hands, leaving the skin soft, and free from chapping.

To avoid the labor of rubbing the clothes, and the use of the wash-board, the following directions should be followed:

For the washing of eight or ten of a family, take one pound of Soap, cat it into shavings, and dissolve in one gallon of hot water; put the clothes into a tub containing about ten gallons of warm water; pour in the dissolved Soap, and stir thoroughly. Let them soak twenty to thirty minutes, wring out, and rinse in warm water once, cold water twice. A very dirty wrist-band, or soam, or grease spots, may require a slight rubbing, but otherwise the clothes will come out clean and white, without rubbing obbiling. Cold water may be used in place of hot, requiring about double time in soaking.

The prevalence of diseases to which the German Bitters are adapted, it is with sorrow we say it, is almost universal; indeed there is scarcely a family throughout the whole extent of our country in which there cannot be found among its members that peculiar sallow and languid appearance denoting a diseased liver, or an emaciated and antiering Dyspeptic.

Then of what immense importance to this class of inval d that a certain and reliable remedy should be placed with their reach; one in which no baneful or injurious drug en core into its composition; a remedy on which the patient can rely with the utmost confidence and certainty, and be assured from zetual and tangitid proeful the patient can rely with the utmost confidence and certainty, and be assured from zetual and tangitid properly and the patient can rely with the utmost confidence and certainty and be assured from zetual and tangitid properly and the patient can relia

It is used constantly in the practice of a large number of the most prominent Physicians in the country, who have the most prominent Physicians in the country, who hav also added their written testimony in evidence of its great also added their written testimony in evidence of its great virtues. Of all diseases the great, first cause Springs from neglect of Nature's laws. SUPPER NOT: HEN A CURE IS GUARANTEED IN all stages of SECRET DISPLACED OF THE PROPERTY OF all stages of SECRET DISEASES, Seif-Abuse, Nervous De bility, Strictures, Gleets, Gravel, Diabries, Diseases of the Kidneys and Biadder, Mercurial Rhenmatism, Scrofula, Pains in the Bones and Ankles, Diseases of the Lung, Throut, Nose and Eyes, Ulcers upon the Body or Limbs, Cancers, Dropsy, Epileptic Fits, St. Vita's Dance, and all diseases arising from a derangement of the Sexual Organs, such as nervous trembling, loss of memory, loss of power, governi weakness, dimness of vision with peculiar spots appearing before the eyes, loss of sight, wakefulness, dwanershi, liver nervous trembing, loss of inemory, loss of power, general weakness, dimness of vision with peculiar spots appearing before the eyes, loss of sight, wakefulness, dyspersia, liver diseases, eruptions upon the face, pain in the back and hear, founds irregularities and all improper discharges from both sexes. It matters not from what cause the disease originated, however long standing or obstinate the case, recovery is certain, and in a shorter time than a permanent cure can be effected by any other treatment, even after the disease has baffled the skill of eminent physicians and resisted all the remeans of cure. The medicines are pleasant without oder, causing no sickness and free from mercury or balsam. During twenty years of practice, I have rescued from the jaws of death many thousands, who, in the last stages of the above mentioned diseases had been given up to die by their physicians, which warrants me is promising to the afflicted, who may place themselves under my care, a perfect and most speedy cure. Secret diseases are the greatest enemies to health, as they are the first cause of Consumption, Scrofula and many other diseases, and should be a terror to the human family. As a permanent cure is scarcely ever effect ed, a majority of the cases falling into the hands of incompetent persons, who not only fail to cure the diseases but ruin the constitution, filling the system with mercury, which, with the disease, hastens the sufferer into a rapid Consumption.

But should the disease, and the treatment, not cause death But should the disease and the treatment not cause death speedily, and the victim marries, the disease is entailed upon the children, who are born with feebie constitutions, and the current of life corrupted by a virus which betrays itself in Scrofula, Tetter, Ulcers, Eruptions and other affections of the skin, eyes, throat and lungs, entailing upon them a brief existence of suffering and consigning them to an early grays. western Lakes; making the most disast, charted to and Rellake forwarded to and Rellake fours by which freelf the can be forwarded to and from the Great West.

SELF ABUSE is another formidable enemy to health, for The afflicted are cautioned against the use of Patent Medicines, for there are so many ingenious snares in the columns of the public prints to catch and rob the unwary safferers that millions have their constitutions reined by the viecompounds of quack doctors, or the equally poisonous nostrums vended as "Patent Medicines." I have carefully analysed many of these called Patent Medicines and find that nearly all of them contain Corrosive Sublimate, which is one of the strongest preparations of mercury and a deadly poison, which instead of curing the disease disables the system for life.

Three-fourths of the patent nostrums now in use are put up by unporincipled and ignorant persons, who do not underup by unprincipled and ignorant persons, who do not under stand even the alphabet of the materia medica, and are equally as destitute of any knowledge of the human system, having one object only in view, and that to make money regard ing one object only in view, and that to make money regardless of consequences.
