He has been legally advised not to answer questions criminating himself unless opportu-nity is granted him to be heard. He defended his osition at great length.

Mr Stanton's resolution de laring that Walcott but failed to answer satisfactorily and ordering his committal to j: II, and that he be k pt in close custody until he be willing to answer an legal and proper

questions, was then discussed. Mr. Stanton said that the power to enquire neces sarily implied the power to compel witnesses to produce all esential evidence. The House had by com mon law, the right to punish witnesses for contempt. It was proved that \$58,000 came into the hands of Mr. Walcott, perhaps innocently, but subsequently might have been applied to corrupt purposes. The committee had the right of knowing what became of the money.

DR. SANFORD'S INVIGORATOR, IS REQUIRED TO CURE ANY ONE troubled with Liver Complaints, unless the most desperate of cases, when the second bottle will, with searce a single failure, restore the patient to health and vigor. We wish to call the attention of all to these facts, that the Invigorator is compounded by a physician who has used it in his practice for the past twenty years with a success almost credulous, and that it is entirely vegetable, being composed wholly of gems.

Some idea of the strength of these Some idea of the strength of these guma may be formed when it is known one bottle of the Invigorator contains as much strength as one hundred doses of Calomel without any of its deleterious effects. Oue of the most thrilling ro nantic American National Dramas ever produced, surcharged with incidents of overpowering interest, and scenes of novel stirring intensity. It is now drawing at Barnum's Museum, New York, crowded houses

THE PLAND CRAIL WELD PATH

We know there is nothing now before the American pub-

We know there is nothing now before the American public prepared with such skill by a scientific man, particularly for diseases of the Liver, as it. Sunford's Invigorator, or Liver Remedy. It has attained a reputation second to no other article in the word, simply because it reats on its own merit. To convince all by trial that it is all its proprietors claim it to be, if any of our readers are suffering from such diseases as are described in Dr. Sanford's idvertisement, we know of no remedy that will so surely cure them as the Invigorator.

There has lately been brought to our notice a medicine that seems to possess w.nderful, curative and healing properties in diseases of the Liver, Stomach and Digestive Or gans. It came to us with so many testimonials in its favor that we have noted its effects in some of the worst cases of continual dibility, caused by derrange! liver, and in every instance the effect was to relieve or give a permanent cure, Dr. Sanford's Invigorator, or Liver Renedy is what we refer to. We always have been creditions about cures by patent medicines, but we are convinced that this medicine, for family nee, 12 not overrated by the host of recommendations thus. Our advice is, for all troubled with Indigestion, De bility or Bowel Complaint, to get a bottle and try it; our word for it, relief will be experienced.

word for it, relief will be experienced.

Blessings to the invalues who use Dr. Sanford's Invigorator, for it will relieve them of their pains as soon as it is taken into their stomach. Pain and misery cannot exist where the invigorator is used, for it will assurely drive them away, as daylight will banish darkness, of this there can bone odobt to these whe try it, for it carries conviction with every dose taken. Another evidence is the thousands of certificates from those who use it or have been cured by it. Try one bottle, it does not benefit, then we are mistaken.

For want of nonrichment your system becomes loss and flabby, and the fibres of your body become relaxed. Then follows train of diseases which the Medical Discovery is peculiarly adapted to

How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause.
