A. T. SPENCER & CO., Agents, 1910 Its advantages over other Soaps are:—1st. It is cheaper to use, one pound being equal to three of common rosin Soap. 2d. Half the time need only be occupied in washing when this Soap is used in place of other Soap. 3d. Labor in washing can be nearly depended with, as the clothes will require little if any rubbing, thus avoiding their wear on the wash-board. 4th. Boiling the clothes is unnecessary when this Soap is used, and hard or salt water answers equally as well as soft. 5th. Printers, Machinists, Painters and others, find it far superior to other Soaps. It speedily removes grease, tar, paint, printers' ink and dirt from the hands, leaving the skin soft, and free from chapping.

To avoid the labor of rubbing the clothes, and the use of the wash-board, the following directions should be followed:

For the washing of eight or ten of a family, take one pound of Soap, cut it into shavings, and dissolve in one gallon of hot water; put the clothes into a tub containing about ten gallons of warm water; pour in the dissolved water twice. A very dirty wrist-band, or seam, or grease spotts, may require a slight rubbing, but otherwise the clothes will come out clean and white, without rubbing or boiling. Cold water may be used in place of hot, requiring about double time in soaking. I IVERPOOL PHILADELPHIA ANI NEW YORK

In attributing such valuable properties to this remedy " 7:21 " Columbus, 1:50 AM Cinci'ti 8:00 AM Steub'villo 7:50 P.M In attributing such valuable properties to this remedy, no rash or unwarrantable assertion is made, but is simply stated a fact; proven undeniably and conclusively by the extraordinary cures, and benefits derived from its use, under the direction of its illustrious originator, Dr. Hoofland, among all classes of European society, and from the immense mass of testimony, from all parts of the American continent, accumulated during the last ten years, in the hands of the present proprietor. The prevalence of diseases to which the German Bitters are adapted, it is with sorrow we say it, is almost universal; indeed there is scarcely a family throughout the whole extent of our country in which there cannot be found among its members that peculiar sallow and languid appearance denoting a diseased Liver, or an emaciated and sunering Dyspeptic.

Then of what immense importance to this class of invalid that a certain and reliable remedy should be placed within their reach; one in which no baneful or injurious drug enters into its composition; a remedy on which the patient can rely with the utmost confidence and certainty, and be assured trom actual and tangible proofs that the article he is using really nossesses the wirtness attributed to the subsequence. ters into its composition; a remedy on which the patient can rely with the utmost confidence and certainty, and be assured trom actual and tangible proofs that the article he is using really possesses the virtues attributed to it. Such a remedy as "HOOFLAND'S GERMAN BITTERS." Thousands of dollars have been expended in its manufacture and diffusion throughout all parts of this continent, and the proprietor feels the greatest satisfaction in stating that there is no state, county, or even village, where the Medicine has been introduced, that there cannot be found numbers willing teatify to its virtues.

It is used constantly in the practice of a large number of the most prominent Physicians in the country, who have also added their written testimony in evidence of its great witnes. In conclusion, then, we would respectfully ask of all those afflicted with any of the above diseases to give the litters a trial, and rest assured it will never be regretted. In proof of the statements above made, all are invited to read attentively the Almanac published annually by the proprietor, for Farmers and Families, containing a great number of useful receipts, in addition to the testimony in favor of the Bitters, from the most prominent and well known in dividuals in all parts of the Union. All Agents for the litters are authorized to distribute the Almanac gratuitously. all stations, and running as far as Conemanger.

Dr. GEO. H. KEYSER, Pittsburgh. Of all diseases the great, first cause Springs from neglect of Nature's laws. SUFFER NOT HEN A CURE IS GUARANTEED IN
all stages of SECRET DISEASES, Self-Abuse, Nervous Debility, Strictures, Gleets, Gravel, Disbries, Diseases of the Kidneys and Bladder, Mercurial Rheumatism, Serodule, Pains in the Bones and Ankles, Diseases of the Lungs, Throat, Nose and Eyes, Ulcers upon the Body or Limbs, Cancers, Dropsy, Epileptic Fits, St. Vita's Dance, and all diseases arising from a derangement of the Sexual Organs, such as nervous trembling, loss of memory, loss of power, general weakness, dimness of vision with peculiar spots appearing before the eyes, loss of sight, wakefulness, dyspopsia, liver diseases, eruptions upon the face, pain in the back and head, female irregularities and all improper discharges from both sexes. It matters not from what cause the disease originated, however long standing or obstinate the case, recovery 4 certain, and in a shorter time than a permanent cure can be effected by any other treatment, even after the disease has baffled the skill of eminent physicians and resisted ad the remeans of cure. The medicines are pleasant without odor, causing no sickness and free from morcury or balsam. During twenty years of practice, I have rescued from the Jaws of doath many thousands, who, in the last stages of the above mentioned diseases had been given up to die by their physicians, which warrants me is promising to the afflicted, who may place themselves under my care, a perfect and most speedy cure. Secret diseases are the greatest onemies to health, as they are the first cause of Consumption, Scrofula and many other diseases, and should be a terror to the human family. As a permanent cure is scarcely ever effected, a majority of the cases falling into the hands of incompetent persons, who not only full to cure the diseases but ruin the constitution, filling the system with mercury, which, with the disease has tens the sufferer into a rapid Consumption.

But should the disease and the treatment not cause death WHEN A CURE IS GUARANTEED IN But should the disease and the treatment not cause desth speedily, and the victim marries, the disease is entailed upon the children, who are born with feeble constitutions, and the current of life corrupted by a virus which betrays itself in Serofula, Totter, Ulcers, Eruptions and other affec-tions of the skin, eyes, throat and lungs, entailing upon them a brief existence of suffering and consigning them to an early grays. an early grave.

BELF ABUSE is another formidable enemy to health, for BELF ABUSE is another formidable enomy to health, for nothing else in the dread catalogue of human diseases causes so destructive a drain upon the system, drawing its thousands of victims through a few years of suffering down to an untimely grave. It destroys the nervous system, rapidly wastes away the energies of life, causes mental derangement, provents the proper development of the system, disqualities for marriage, society, business, and all earthly happiness, and leaves the sufferer wretched in body and mind, predisposed to Consumption and a train of evils more to be dreaded than death itself. With the fullest confidence I assure the unfortunate victims of Solf-Abuse that a permanent are and each resent. With the threst connected assure the unfortunate victims of Self-Abuse that a permanent and speedy cure can be effected, and with the abandonment of ruinous practices my patients can be restored to robust, vigorous health.

I have carefully ans-lysed many of these called Patent Medicines and find that nearly all of them contain Corrosive Sublimate, which is one of the strongest preparations of mercury and a deadly poison, which instead of curing the disease disables the sys-tem for life. em for life.

In short, the landible end of their remedies is the lessening of a great mass of human misery by the atleniation, relief and prevention of those grievous alfictions that are in reality the secret fee of iliq, and which, while they so extremely surround us, call aloud for our skill and interference for their extermination.
