In attributing such valuable properties to this remedy, no rash or unwarrantable assertion is made, but is simply stated a fact; proven undentably and conclusively by the extraordinary cures, and benefits derived from its use, under the direction of its illustrious originator, Dr. Hoodhard, among all classes of European society, and from the immense mass of testimony, from all parts of the American continent, accumulated during the last ten years, in the hands of the present proprietor. The provalence of diseases to which the German Bitters are adapted, it is with sorrow we say it, is glimest universal; indeed there is scarcely a family throughout the whole extent of our country in which there cannot be found among its members that peculiar sullow and languid appearance denoting a diseased hiver, or an emaciated and suffering Dyspeptic.

Then of what mamense importance to this class of invalid that a certain and reliable remedy should be placed withit their reach; one in which no baneful or injurious drug on ters into its composition; a remedy on which the patient can rely with the utmost confidence and certainty, and be assured from actual and tangible proofs that the article he is using really possesses the virtues attributed to it. Each a remedy as "HOOFLAND'S GERMAN BITTERS." Thousands of deliars have been expended in its manufacture and diffusion throughout all parts of this continent, and the proprietor

Dr. GEO. H. KEYSER, Pittsburgh. Of all diseases the great, first cause Springs from neglect of Nature's laws. SUFFER NOT WHEN A CURE IS GUARANTEED IN all stages of SECRET DISEASES, Self-Ahuse, Nervous Dibility, Strictures, Gloots, Grayel, Diabrics, Diseases of the Kidneys and Bladder, Mercurial Rheumatism, Scroof the kidneys and Bladder, Mercurial Rheumatism, Scrottal, Pains in the Bones and Ankles, Diseases of the Lungs, Throat, None and Eyes, Ulcera upon the Body or Limbs, Cancers, Dropsy, Epileptic Fits, St. Vita's Dance, and all diseases arising from a derangement of the Sexual Organs, such as nervous trembling, loss of memory, loss of power, general weakness, dimness of vision with peculiar spots appearing before the eyes, loss of sight, wakefulness, dyspejesia, liver diseases, cruptions upon the face, pain in the back and head, formate irrogularities and all improper discharges from both sexes. It matters not from what cause the disease originated, however long standing or obstinate the case, recovery is certain, and in a shorter time than a permanent cure can be effected by any other treatment, even after the disease has bailled the skill of eminent physicians and resisted all the remeans of cure. The medicines are pleasant without odor, causing no sickness and free from mercury or balsam. During twenty years of practice, I have rescued from the jaws of death many thousands, who, in the lass stages of the above mentioned diseases had been given up to die by their physicians, which warrants in his promising to the afflicted, who may place themselves under my care, a perfect and must sneed to a second content of the second content of the property and second content of the property of the second content of the physicians and the afflicted, who may place themselves under my care, a perfect and who may place themselves under my care, a perfect and most speedy care. Secret diseases are the greatest enemial to health, as they are the first cause of Communion. Serve to nearth, as they are the first cause of Consumption, Servitule and many other diseases, and should be a terror to the duman family. As a permanent cure is scarcely ever effected, a majority of the cases falling into the hands of incompetent persons, who not only fail to cure the diseases but ruin the constitution, filling the assets with machine. nich, with the disonse, hastens the sufferer into a rapid

Consumption.

But should the disease and the treatment not cause death speedily, and the victim marries, the disease is entailed upon the children, who are born with feeble constitutions, and the current of life corrupted by a virus which betrayn itself in Scrofula, Tetter, Ulcers, Eruptions and other nicetions of the skin, eyes, threat and lungs, entailing upon them a brief existence of suffering and consigning them to an early grave.

SELF AUCES is another formidable enemy to health, for nothing else in the dread catalogue of human diseases causes. SELF ARCAE is another formidable enemy to health, for nothing else in the dread catalogne of human diseases causes so destructive a drain upon the system, drawing its thousands of victims through a few years of sufering down to an untimoty grave. It destroys the nervous system, rapidly wastes away the energies of life, causes mousal derangement, provents the proper development of the system, disqualities for marriage, society, business, and all earthly happiness and leaves the staffers wretched in body and mind, predisposed to Communiton and a train of ovils more to be dreaded than death itself. With the fullest confidence I assure the unfortunate victims of Self-Abuse that a permanent and speedy cure can be effected, and with the abandonment of ruinous practices my patients can be restored to robust, vigorous health. The afflicted are cautioned against the use of Patent Medicines, for there are so many ingenious snares in the columns of the public prints to catch and rob the numary sufferers that millions have their constitutions rained by the viic compounds of quack doctors, or the equally poisonous nontrums vended as "Patent Medicines." I have carefully analysed many of those called Patent diedicines and find that nearly all of them contain Corrosive Sublimate, which is one of the strongest preparations of mercury and a deadly poison, which instead of curing the disease disables the system for life

Three-fourths of the patent nostrums now in use are put up by unprincipled and ignorant persons, whode not nuders and even the alphabet of the materia medica, and are equally as destitute of any knowledge of the human system, having one object only in view, and that to make money regard.

The treatment they adopt is the result of upward of thirty years' extensive and successful practice in London. The most inveterate cases of Veneral Diseases eradiated in eight or nine days, and cases of a slight nature in two or three days, at a moderate expense. The cure effected without confinement or hindrance from business; also, nodes and pains in the bones and limbs, effectually cradicated.

A CURE WARRANTED.

Dr. AMOS & SON have devoted their attention exclusive by to this peculiar class of maladies, and the reliaf they have consequently been enabled to render to their fellow-creature is fully testified and greatfully acknowledged by convalescent patients and others daily arriving in town from all parts of the country, for the express purpose only of consultations while their exertions have been crowned with the most signal advantages; yet from what they have experienced inquiring into the causes of these infectious complaint (from their most simple condition to that of the most dangerous and inveterated) they have always entertained the possibility of their prevention and removal, and likewise invariably found that the most horrible and mangnant forms of disease could almost always be traced to one of the following causes:—Egucrance, neglect, or the ill effects of unskilful and improper tre SON have succeeded in discovering, in the selection of their remedies, a safe; effectual, and cantious course; omitting all combination of remedies which bear an equivocal character, as well as those whose premature or injudicious application might be productive of bad consequences in the hands of private individuals. In short, the laudible end of their remedies is the lessening of a great mass of human misery by the attentation, relief and prevention of those grievous afflictions that are in reality the secret fee of life, and which, while they so extremely surround us, call aloud for our skull and interference for their extermination.
