At equal rates the Pennsylvania route enjoys a decided preference with shippers, but when the markets are not unduly excited, a difference in the cost of transportation, no matter how small, decides the With two hundred miles longer river navigation, and a tonnage tax of nearly one dollar per ton against us, it is not possible to maintain the business on the Ohio river and Pennsylvania Railread route Your petitioners would find immediate relief by a reduction of the rates of freight over the Pennsylvania Railread, and to this end they pray your honorable bodies for the repeal of the Tonnage tax.

That Duck—It seems that a cowhiding affair has grown out of the recent sham duel. The gentleman who had been imposed upon so grossly, sought out his antagonist on Monday, and attempted to strike him with a raw hide, but was prevented from doing so by an officer. We understand, however, that the steamboat captain retracted the obnoxious words which gave rise to the meeting, but did not deny having been a party in the decention practiced in the

Murphy went the house, and finding there a snot gun, carried off, without giving due notice to the owner. Cool mayer, not relishing this summary manner of collecting debts, prosecuted Murphy for larceny.

Broken Up.—For some time the Allegheny river above toe Aqueduct, has been closed; yesterday af ternoon we heard a great ringing of bells, and, on making our way to the river, found that the ice had given way, and that the steamboatmen were rejoicing over it. The steamers in the Allegheny are obliged to hug the shore very close to avoid the drift ice, which was coming down in huge cakes last night.

The weather was very cold, but business nevertheless was pretty brisk. About noon yesterday the item both rivers broke, and was running out very freely. It we high up the break extended we could not learn. The Rowena left yesterday on a trial trip. She went down about five miles when she was stopped by the ice and returned. She carried but one handred pounds of steam, and, having no freight on to rd, had but little dip, but still she worked beautifully. Alf. Williamson, who held her wheel on the trip, says she handles very will. Capt. Dosier has reason to be proud of his beautiful craft. The Denmark raised steam yesterday and came around to a berth at the landing. Capt. Welsh has sold half the W. A. Eaves to Capt. M'Mekin, of Vevay, and one-quarter of the remaining half to Capt. Frank Robinson, of Warsaw, Ky. She will be placed n the Cincinnati and Kentucky river trade.

At Cincinnati, Thursday morning, the Swallow tried to swallow a huge lump of ice. It took her in the ribs on the starboard side, making a hoje about six inches square. The boat shipped four feet water. The Red Chief, while making a trip from Bayou Buthol. new to New Orleans, dropped her starboard guard over-board, together with 100 bales of cotton. The Vincennes Gazette, of Thursday, says . " The Wabasi was stationary yesterday, with water too scant on the bars for navigation. The following boats are in the river: Wm Knox, Umpire, City of Cairo, Statesman, Wm. II feelson, Kate Sarchot and the Shelby." The R. W. Adams, bound for Shreveport, when near the mouth of Cane river, broke her larboard shaft. ONLY ONE BOTTLE -0F-DR. SANFORD'S INVIGORATOR. TS REQUIRED TO CURE ANY ONE a troubled with Liver Complaints, unless the most desperate of cases, when the second bottle will, with scarce a single failure, restore the patient to health and vigor. We wish to call the attention of all to these facts, that the Invigorator is compounded by a physician who has used it in his practice for the past twenty years with a success almost credulous, and that it is entirely vegetable, being composed wholly of gums.

creditions, and that it is entirely vegetable, being composed wholly of gums.

Some idea of the strength of these gums may be formed when it is known one bottle of the Invigorator contains as much etrength as one hundred doses of Calomel without any of its deleterious effects.

We know there is nothing now befere the American public, prepared with such skill by a scientific man, particularly for diseases of the Liver, as Dr. Sanford's Invigorator, or Liver Remedy. It has attained a reputation second to no other article in the world, simply because it rest, on its own merit. To convince all by trial that it is all its proprietors claim it to be, if any of our readers are suffering from such diseases as are described in Dr. Sanford's advertisement, we know of know remedy that will so surely cure them as the

The invigorator cures Sick Headache. Take one or two teaspoonfuls at each attack and it will soon disappear. For an overloaded stomach, or when food rises or sours, take the invigorator after cating, and it will not prove disagroceable or oppressive. For Heartburn, Palpitation, or Difficult Breathing, take a tea poonful one or twice daily. For Loss of Appetite, Languor or Listlessness, the medicine is invaluable. It will restore the appetite and make the food digest well. Nightmare, take a teaspoonful on retiring, and the demons of dream-land willsall be fairles. After eating a hearty dinner, take a dose of Invigorator and it will relieve all oppression or fullness. The Invigorator is Liver Remedy of unequaled virtue, acting directly on that organ, curing Dyspepsia, Jaun lice, Billions Attacks, Dysentery, Piles, Worms, and all Female Obstructions, for which it has no equal.

We know there is nothing now before the American pub-lic prepared with such skill by a scientific man, particular-ly for diseases of the Liver, as i.r. Sanford's Invigorator, or Liver Romedy. It has attained a reputation second to no other article in the wor d, simply because it rests on its own morit. To convince all by trial that it is all fits proprietors claim it to be, if any of our readers are suffering from such diseases as are described in Dr. Sanford's advertisement, we know of no remedy that will so surely cure there as the Invigorator.

There has lately been brought to our notice a medicine There has lately been brought to our notice a medicine that seems to possess wonderful, curative and healing properties in discusses of the Liver, Stomach and Digestive Organs. It came to us with so many testimonials in its favor that we have noted its effects in some of the worst cases of continual dibility, caused by deranged liver, and in every instance the effect was to relieve or give a permanent cure, Dr. Sanford's Luvigorator, or Liver Remedy is what we return the dictines, but we are convended that this nedicines, but we are convended that this nedicine, for family use, is not overrated by the host of recommendation, it has. Our advice is, for all troubled with Indigestion, for bility or Bowel Complaint, to get a bottle and try it; our word for it, relief will be experienced.

BLESSING TO THE INVALIDS who use Dr. Sanford's Invigorator, for it will relieve them of their pains as soon as it is taken into their stomach. Pain and misery cannot exist where the invigorator is used, for it will assurely drive them away, as daylight will banish darkness, of this there can bone doubt to these whe try it, for it carries conviction with every dose taken. Another evidence is the thousands of certificates from those who use it or have been cured by it, Try one bottle, it it does not benefit, then we are mistaken.

have nearly run out, discovered, while in the East Indies, a certain cure for Consumption, Asthma, Bronchitis, Coughs, Colds, and General Debility. The remedy was discovered by him when his only child, a daughter, was given up to die. He studied hard and succeeded in realizing his wishes. His child was cured, and is now, alive and well. He has since administered the wonderful symedy to thousands of sufferers in all parts of the world, and he has never failed in making them completely healthy and happy.
