Mossrs. B. P. Bakewell, Gilbert M'Masters, and J. R. Reed, were appointed delegates to attend a Convention of Associations of this kind, to be held in Charleston, S. C., on the 19th of April.

ning, when a good bill is offered. Although she has been among us but a short time she has become a general favorite. The bill for this evening consists of "Camille, or the Fate of a Coquette," with Miss Kimberly as Camille, Mr. J. G. Hanley as Almin Miss Turnbull and Miss Turnbull as Hortense. Also, a musica drama entitled "Leoline, or the Spirit of the Four tain," will be presented for the first time. In this piece she will execute several new songs and dances We hope to see a good house at the Theatre on this occasion, as Miss Turnbull has been unfortunate in this direction. She has had two benefits this season but inclement weather had a very powerful effect or the house both times. She deserves a good audience as she is a very useful attache of this establishment She is not only a good danseuse, but has an excellent voice, and is withal a good actress in her line. We are sorry to lose her as her place will not soon be supplied.

Munroe Stewart .- An application was made yes orday for the removal of Stewart to the Hospital Judge M'Clure said he would make the order, but the Sheriff would be responsible for his safe keeping if he was removed. Mr. Patterson refused to incur this responsibility—and Stewart still remains in prison The prisoners are much alarmed, and many of them have made application to Jailor Phillips to be discharged. This, of crurse, was denied, he not having the authority to do so. Dr. Baldwin does not consider the case of Stewart dangerous. Every effort is being made to prevent contagion. Some thirty o forty of the prisoners were vaccinated yesterday and the remainder will be treated in the same man ner as soon as it can be accomplished. We sincerely rope this loathesome disease may be confined to th present case.

Descent on a House of Ill Fame.—On Tuesday alley, which, coming to the ears of the Mayor, he immediately placed himself at the head of a detachwere arrested, two men and three women. The house was kept by the notorious Sal Barker. She refused to suffer amputation at the time the accident occurred, and per-sisted in her determination until last Friday, when mertification had taken place, and the physicians in attendance pronounced it useless to peform the operation. She died on Friday evening. Had she submitted to the operation her life would probably have

We are of spinion that this is only fair. It would certainly work well here. Daily we hear complaints of short measure in coal, which is sold by the bushel. In London and other large cities of Europe, coal is sold in bags, and a severe penalty is inflicted for sell-

MEDICAL.

OMLY OME BOTTLE DR. SANFORD'S INVIGORATOR. To cure any one troubled with Liver Complaints, unless the most desperate of cases, when the second bottle will, with scarce a single failure, restore the patient to health and vigor. We wish to call the attention of all to these facts, that the Invigorator is compounded by a physician who has used it in his practice for the past twenty years with a success almost credulous, and that it is entirely vegetable, being composed wholly of gums.

Some idea of the strength of these gums may be formed when it is known one bottle of the Invigorator contains as much strength—one hundred doese of Calomel without any of its deleterious effects.

We know there is nothing now before the American public, prepared with such skill by a scientific man, particularly for diseases of the Liver, as Dr. Sanford's Invigorator, or Liver Remedy. It has attained a reputation second to no other article in the world, simply because it rest on its own merit. To convince all by trial that it is all its proprietors claim it to be, if any of our readers are suffering from such diseases as are described in Dr. Sanford's advertisement, we know of know remedy that will so surely cure them as the Invigorator. IS REQUIRED TO CURE ANY ONE

The Invigorator cures Sick Headache. Take one or two teaspoonfuls at each attack and it will soon disappear. For an overleaded stomach, or when food rises or sours, take the Invigorator after cating, and it will not prove disagreeable or oppressive. For Heartburn, Palpitation, or Difficult Breathing, take a tea poonful once or twice daily. For Loss of Appetite, Languor or Lastlessness, the medicine is invaluable. It will restore the appetite and make the food digest well. Nightmare, take a teaspoonful on retiring, and the demons of dream-land will all be fairies. After cating a hearty dinner, take a dose of Invigorator and it will relieve all oppression or fullness. The Invigorator is a Liver Remed dy of unequaled virtue, acting directly on that organ, curing Dyspepsia, Janniice, Billious Attacks, Dysontery, Piles, Worms, and all Female Obstructions, for which it has no equal.

There has lately been brought to our notice a medicine that seems to possess wonderful, curative and healing properties in discusses of the Liver, Stomach and Digostive Organs. It came to us with so many testimonials in its favor and communications either by mail, telegraph, or other prompt attention.

BLESSINGS TO THE INVALIDS who use Dr. Sanford's Invigorator, for it will relieve them of their pains as soon as it is taken into their stomach. Pain and misery cannot exist where the Invigorator is used, for it will as surely drive them away, as daylight will banish darkness, of this there can be no doubt to these who try it, for it carries conviction with every dose taken. Another evidence is the thousands of certificates from these who use it or have been cured by it, free one hottle, it it does not benefit, then we are mistaken. ROXBURY, MASS

DEAR MADAM,—The reputation of the Medical Discovery, in curing all kind of humors, is so well established by the unanimous voice of all who have eyer just at 1 need not say anything on the subject, as the most skilful physicians and the most careful bruggists in the country are unanimous in its praise. chains and the most careful briggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of the curative power. In relieving all, and curing most of those diseases in which you are un fortunately so liable. That most exerciating disease to an affectionate mother.

NURSING SORE MOUTH,

is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and frettal naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessing to your husband and household. In the more advanced stages of CANKER

RIDNEYS, creating a sinking, gone feeling, and an indifference even to the cares of your family. Your stomach is RAW AND INFLAMED, your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains as the scrimonous fluid of the canker eats it up; then your complexion loses its bloom and becomes asllow or greenish, and your best day is gone. For want of nourishment your system becomes loses and flabby, and the fibres of your body become relaxed. Then follows a train of diseases which the Medical Discovery is peculiarly advanted to

Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip joint when you retire, irregularity of the bowels, and also, that most excruciating of diseases, the PILES. How many thousands of poor women are suffering from this disease and pining away a miscrable life, and their next door neighbor does not know the cause. I wish to impress oe your mind that good old proverb, "An ounce of prevention is better than a pound of cure." In the MEDICAL DISCOVERY

you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you any injury.

No change of diet ever necessary—eat the best you can get and enough of it.

Diskytions for the Adults one table spoonful per day— Children over ten years desert spoonful—Children from five to eight years, tea spoonful. As no directions can be applicately to all constitutions, take sufficient to operate on the bowels twice a day.
