It matters not from what cause the disease originated, however long standing or obstinate the case, recovery a certain, and in a shorter time than a permanent cure can be diffected by any other treatment, even after the disease has certain, and in a shorter time than a permanent cure can be directed by any other treatment, even after the disease has baffled the skill of eminent physicians and resisted all the reams of cure. The medicines are pleasant without odor, causing no sickness and free from mercury or balsam. During twenty years of practice, I have rescued from the jaws of death many thousands, who, in the fast stages of the above monitoned diseases had been given up to die by their physicians, which warrants me in promising to the afflicted, who may place themselves under my cure, a perfect and most speedy cure. Scoret diseases are the greatest enomies to health, as they are the first cause of Consumption, Scrofula and many other diseases, and should be a terror to the human family. As a permanent cure is scarcely ever effected, a majority of the cases falling into the hands of incompetent persons, who not only isli to cure the diseases apart in the constitution, filling the system with mercury, which, with the disease, hastens the sufferer into a rapid Consumption. In attributing such valuable properties to this remedy, 20
rash or unwarrantable assertion is made, out is simply stated
a fact; proven undeniably and conclusively by the extraordinary cures, and benefits derived from its use, under the diroction of its illustrione originator, Dr. Hoofland, among all
classes of European society, and from the immense hase of
testimony, from all parts of the American continent, accumulated during the least ten years, in the hands of the presout proprietor: The provalence of diseases to which the
German Eiters are adapted, it is with sorrow we say it, is almost universal; indeed there is scarcely a family throughout
the whole extent of our country in which there cannot be
found among its members that peculiar sallow and langust
appearance denoting a diseased Liver, or an emscieted and what their name pur The Vermiruge, for expelling Worms from the human system, has also been administered with the most satisfactory the whole extent of our country in which there cannot be found among its members that peculiar sallow and languist appearance denoting a discussed latver, or an emaciated and entiering Dyspeptic.

Then of what immense importance; to this class of invalid that a certain and reliable remedy should be placed withither reach; one in which no baneful or injurious drug enters into its composition; a remedy on which the patient can rely with the utmost confidence and certainty, and be assured from actual and tangible proofs that the article he is using really possesses the virtue's attributed to it. Such a remety of "HOOFLAND'S GERMAN BITTERS." Thousands of dellars have been expended in its manufacture and ditusion results to various animals subject to Worms. The LIVER PILLS, for the cure of Liver Com-

as "HOOPLAND'S GERMAN BITTERS." Thousands of dollars have been exponded in its manufacture and ditusion throughout all parts of this continent, and the proprietor feels the greatest satisfaction in stating that there is no state, county, or even viliage, where the Medicine has been introduced, that there caunot be found numbers willing teatify to its virtues.

It is used constantly in the practice of a large number of the most prominent Physicians in the country, who have also added their written testimony in evidence of its great rivings. In conclusion, then we would respectfully ask of wirtnes. In conclusion, then, we would respectfully ask of all those attlicted with any of the above diseases to give the Eitters a trial, and rest assured it will nover be regretted. In proof of the statements above made, all are invited to read attentively the Almanac published annually by the proprietor, for Farmers and Families, containing a great number of useful receipts, in addition to the testimony in favor of the Bitters, from the most prominent and well known individuals in all parts of the Union.
