MEDICAL.

In attributing such valuable properties to this remedy, no rash or unwarrantable assertion is made, but its simply stated a fact; proven undeniably and conclusively by the extraordinary cures, and benefits derived from its use, under the direction of its illustrious originator, Dr. Hoofland, among siclasses of European society, and from the immense mass of testimenty, from all parts of the American continent, accomplated during the last ten years, in the hands of the present proprietor. The prevalence of diseases to which the German Bitters are adapted, it is with sorrow we say it, is almost universal; indeed there is scarcely a family throughout the whole extent of our country in which there cannot be found among its members that peculiar sellow and languist appearance denoting a diseased liver, or an emaclated and suffering Dyspeptic.

Then of what immense importance to this class of invalid that a certain and reliable remedy smould be placed withit their reach; one in which no baneful or injurious drug enters into its composition; a remedy on which the patient can rely with the utmost confidence and certainty, and be assured from actual and tangible proofs that the article he is using really possesses the virtues attributed to it. Such a remedy as "HOOFLAND'S GERMAN BITTERS." Thousands o dollars have been expended in its manufacture and diffusion throughout all parts of this continent, and the proprietor

as "HOOFLAND'S GERMAN BITTERS." Thousands of dollars have been expended in its manufacture and diffusion throughout all parts of this continent, and the proprietor feels the greatest satisfaction in stating that there is no state, county, or even village, where the Medicine has been introduced, that there cannot be found numbers willing testify to its virtues.

It is used constantly in the practice of a large number of the most prominent Physicians in the country, who have also added their written testimony in evidence of its great virtues. In conclusion, then, we would respectfully ask of all those afficient with any of the above diseases to give the Bitters a trial, and rest useared it will never be regretted. In proof of the statements above made, all are invited to read attentively the Almanac published annually by the proprietor, for Farmers and Families, containing a great number of caseful receipts, in addition to the testimony in favor of the Bitters, from the most prominent and well known individuals in all parts of the Union. All Agents for the Bitters are authorized to distribute the Almanac grautiously. Principal Onice and Manufactory, 96 Arch street, Philadelphia, Pa.

SUFFER NOT HEN A CURE IS GUARANTEED IN

certain, and in a shorter time than a permanent cure can be
effected by any other treatment, even after the disease has
baffled the skill of eminent physicians and resisted all the r
means of cure. The medicines are pleasant without odor,
causing no sickness and free from mercury or halsom. During twenty years of practice, I have rescued from the jaws
of death many thousands, who, in the last stages of the
above mentioned diseases had been given up to dis by their ing twenty years of practice, I have rescued from the jaws of death many thousands, who, in the last stages of the above mentioned discusses had been given up to die by their physicians, which warrants me in promising to the afflicted, who may place themselves under my care, a perfect and most speedy cure. Secret discases are the greatest exemies to health, as they are the first cause of Consumption, Sercitia and many other discases, and should be a terror to the numan tamily. As a permanent cure is scarcely, ever effected, a majority of the cases falling into the hands of incompetent persons, who not only fail to cure the discases but ruin the constitution, filling the system with morcury, which, with the disease, hastens the sufferer into a rapid Consumption. Onsamption.

But should the disease and the treatment not cause death speedily, and the victim marries, the disease is entailed upon the children, who are born with feeble constitutions, and the current of life corrupted by a virus which betrays itself in Scrofuls, Tetter, Ulcers, Eruptions and other affections of the skin, eyes, throat and lungs, entailing upon them a brief existence of suffering and consigning them to an early graye. en early grave.

SELF ABUSE is another formidable enemy to health, for nothing olse in the dread catalogue of human diseases canses so destructive a drain upon the system, drawing its thousands of victims through a few years of suffering down to an untimely grave. It destroys the nervous system, rapidly wastes away the energies of life, causes mental derangement. wastes away the energies of the causes mental derangement, provents the proper development of the system, disqualities for marriage, society, business, and all earthly happiness, and leaves the sufferer wretened in body and mind, predisposed to Consumption and a train of evils more to be dreaded than death itself. With the fullest confidence, I assure the unfortunate victims of Self-Abuse that a permanent and speedy cure can be effected, and with the abandonment of runous practices my parious can be restored to robust. and speedy cure can be effected, and with the abundonment of ruinous practices my patients can be restored to robust, vigorous health.

I have carefully annivered many of these called Patent Medicines and find that nearly all of them contain Corrosive Sublimate, which is one of the strongest preparations of mercury and a deadly poison, which instead of curing the disease disables the system for life.

Three-fourths of the patent nostrums now in use are put in by unprincipled and ignorant persons, whodo not understand even the alphabet of the materia medica, and are equally as destitute of any knowledge of the human system, have ing one object only in view, and that to make money regardless of consequences.
