Horrid Self-Murder. Wood streets. On Thursday night he was left in the store alone, and on the return of Mr. Angell, a clerk in the store, he was found in the store entirely nude. When asked why he was in this condition, he replied that the Lord had sent for him, and he was waiting was induced to don his clothing and start for his lodgings, at Mr. Duplevy's. At four o'clock in the morning, he was seen by a watchman, and as he him, he took him to the watch house, believing him to be insane. After being placed in a cell he exhib-

to be mean. After being placed in a cell he exhibited signs of mania a potu, believing himself sur rounded by animals, &c. When the Mayor examined him in the morning, he discharged him, telling him to go home immediately. He did so, and retired to his room. Mr. Dunleyy entable, to the room shortly n the room above; Mr. Dunlevy rushed up stairs, and found him sitting in bed, as bloody razor in his hand, and a ghastly wound in his throat. A physician was sent for, but he expired in five minutes. We have reldom witnessed a more terrible sight than the scene of this suicide. When we saw him life was extinct, the bed was deluged with blood, and ghastly wound, four or five inches in length, exposing the whole interior of his throat, was visible was a ghastly, sickening scene. The deceased was a druggist of great proficiency, about forty years o age, and unmarried; he had no enemies, and his many good qualities unde all who were intimate with bim his friends. He has for some time been lodging with Mr. Dunlevy, who has exercised a brotherly care over him, but, as the event proved, without any permanent good result. We hope this terrible example of the effects of intemperance may prove a terrible warning to others inclined to follow in the same

boats at this port have signed a memorial to the Leg-lature, praying for a repeal of the Tonnage Tax. We give a copy of the petition: To the Honorable the Senate and the House of Repre sentatives of the Commonwealth of Pennsylvania: The memorial of the mechanics and others en gaged in building, fitting and furnishing steamboats in the city of Pittsburgh and its vicinity, respectfully represents, that owing to the decline in the business of freighting on the Ohio river, within the past eight months, to this port, they now find themselves without employment; there being few or no orders for new beats. The number of boats built in this distance where the support of cost trict annualy is about sixty, and the amount of cost is more than one million two hundred thousand dolis more than one million two analysis thousand unfolders, nearly all of which is expended in paying for iron, lumber, fuel and other products of the State, and wages of labor. Many thousand persons have here-tofore obtained the means of subsistence in the city of Pittsburgh, and the neighboring counties of Beaver, Washington, Westmoreland, Fayette and Greene, by the construction of boars.

The decline of the trade of the Port of Pittsburgh is attributed, by all persons conversant with the movement of business, to the fact that other routes between the East and the West carry at lower rates With the view of cheapening the cost of transportation by the Ponnsylvania route, and satisfied portation by the Ponnsylvania route, and satisfied as we are of the impolicy of enac ing a tax on trade, which operates so expressively upon ourselves, and so injuriously to the interests and prosperity of the State, we respectfully, but most earnestly, pray the which operates so expressively upon outsits of the so injuriously to the interests and prosperity of the State, we respectfully, but most earnestly, pray the state, we respectfully, but most earnestly pray the Honorable Legislature to repeal the Tonnage Tax Inposed on freight passing over the Pennsylvania

Country Items. We learn from the Connellsville "Enterprise, that the Fayette County Railroad Company have se-cured at this time, individual subscription to the amount f ninety odd thousand dollars, and that the borough of Union will take ten thousand dollars stock. The Commissioners, at their last meeting, concluded to take out their charter, and we understand that a survey of the line will be commenced in a few days. This is gratifying intelligence to the friends of this enterprise; we trust that it will be prosecuted with vigor to the end.

On Monday morning last a fire was discovered by a school teacher in the basement of the Union church in Kittanning. The fire originated in a defective flue. The alarm was given, the citizens repaired to the spot with buckets, and the fire was soon extinguished. Several fires have recently occurred in that town. We think it would be advisable for them to procure a fire engine.

James Madison Morney, who was arrested by 60 police a few weeks since and taken to Uniontowa where he was confined on a charge of horse stealing, escaped from the jail of that place on Saturday night last. He was confined in the upper tier of cells, and with a piece of his bedstead he made a hole in the covering of the cell, which is stone, made his exit through this, and then through the skylight. He was seen on Sunday morning, near Brownsville, but since that time has not been heard of.

The scarlet fever is quite prevalent in Morcer county at present, and several deaths have occurred from it. The "Democratic Register" says that about a year since it raged fearfully in that vicinity, frequently taking several out of the same family.

The Belle of Washington. Our lady novelists seem to have all conceived the idea of writing a book about the same period; at least their productions find their way to the public all at once. We have before us a copy of a new work, entitled "The Belle of Washington," from the pen of Mrs. N. P. Laselle, of Washington, D. C. We have not often examined a work with more interest than this one. The scenes portruyed in this work are not mere fancy sketches, but a true picture of life in the Capital, and those who are familiar with society in that metropolis cannot fail to recognize its truth fulness. It is almost impossible to read for half an hour in this book without becoming so deeply inter ested in it as to finish it. There is a charm in the purity, nobility and innocence of the heroine which touches a tonier chord in the heart of all. In Edwin Stanmore we see the effects of a well guided ambi-tion, and his rise is but example of what exertion, combined with purity of heart and true manhood can do. The character of the gentle, lovely Ella Stanmore is also exquisitely drawn. But we cannot par ticularize further. Suffice it to say, the work is com plete in detail, exalted in moral, and interesting as a whole, and we advise all our readers to purchase and read it. The work is published by T. B. Peterson &

Co., Philadelphia, and for sale by Hunt & Miner, Masonic Hall, Fifth street. -----Wilkinsburg Academy.—The commencement ex-reises of Wilkinsburg Academy will take place on Fuesday evening, March 23d. The coatest between the American and Platonian Literary Societies will take place at that time. Jno. M. Kirkpatrick, E-q., will deliver the annual address to the Societies on the evening of the 22d. The exercises will no doubt be interesting, and we would advise all who have

leisure to attend. Sent to the Hospital .-- A policeman yesterday found man at a doggery on the corner of Wood and Water treets, where he had been for some three weeks, suffering from disease induced by liquor. Some twenty or thirty dollars were found on his person. His name is Jacob Koper. He was sent to Passa vant's Hospital, where he will be properly cared for Munroe Stewart .- A rumor obtained very general

sirculation in the city yesterday to the effect that Munroe Stewart had died at Passavant's Hospital ome time on Thursday night or Friday morning. We took occasion to enquire into the truth of the ssertion and found it incorrect. He is, however, very low, and his recovery is a matter of much The Lutz Case .- We learn that Mr. Marshall

Swartzwelder has just returned from Harrisburg, where he had been making application for a writ of error in the Lutz case. The Supreme Court granted the writ of error, which is returnable at Harrisburg on the first Monday of April. If the writ is sustained, the action of the Court here will be set as de. Daily Prayer Meeting.—Next Monday a public prayer meeting, for the convenience of business men, will be commenced in the Central Presbyterian Church, on Smithfield street. It will continue an dear, from 11½ to 12½ o'clock, and persons of every denomination are invited to attend. The exercises will be conducted by clorgymen of all churches. ----

Lecture .- Rev. James Meagher will deliver a locture in St. Patrick's Church, in the Bifth Ward, on next Sunday evening. Subject: "The Military Character of the Irish People." The proceeds will be applied for the benefit of the poor. -----Mayor's Office.—There were eleven cases in the watch house on Thursday night. OMLY ONE BOTTLE DR. SANFORD'S INVIGORATOR IS REQUIRED TO CURE ANY ONE at troubled with Liver Complaints, unless the most desperate of cases, when the second bottle will, with scarce a single failure, restere the patient to health and vigor. We wish to call the attention of all to these facts, that the Invigorator is compounded by a physician who has used it in his practice for the past twenty years with a success almost credulous, and that it is entirely vegetable, being composed wholly of gums.

one practice for the past twenty years with a success almost creditious, and that it is entirely vegetable, being composed wholly of gums.

Some idea of the strength of these gums may be formed when it is known one bottle of the Invigorator contains as much strength as one hundred doses of Calomel without any of its deleterious effects.

We know there is nothing now before the American public, prepared with such skill by a scientificman, particularly for diseases of the Liver, as Dr. Sanford's Invigorator, or Liver Remedy. It has attaited a reputation second to no other article in the world, simply because it rest on its own merit. To convince all by trial that it is all its proprietors claim it to be, if any of our readers are suffering from such diseases as are described in Dr. Sanford's advertisement, we know of know remedy that will so surely cure them as the Invigorator.

The Invigorator cures Sick Headache. Take one or two teaspoonfuls at each attack and it will soon disappear. For an overloaded stomach, or when food rises or sours, take the Invigorator after eating, and it will not prove disagreeable or oppressive. For Heartburn, Palpitation, or Difficult Breathing, take a tea poonful once or twice daily. For Loss of Appetite, Languor or Listlessness, the medicine is invaluable. It will restore the appetite and make the food digest well. Nightmare, take a teaspoonful on retiring, and the demons of dream-land will all be fairies. After eating a hearty dinner, take a dose of Invigorator and it will relieve all oppression or fullness. The Invigorator is a Liver Remed dy of unequaled virtue, acting directly on that organ, curing Dyspepsia, Janndice, Billious Attacks, Dysentery, Piles, Worms, and all Female Obstructions, for which it has no equal.

We know there is nothing now before the American public prepared with such skill by a scientific man, particularly for diseases of the Liver, as i r. Sanford's Invigorator, or Liver Remedy. It has attained a reputation second to no other article in the wor d, simply because it rests on its own merit. To convince all by trial that it is all its proprietors claim it to be, if any of our readers are suffering from such diseases as are described in Dr. Sanford's advertisement, we know of no remedy that will so surely cure them as the Invigorator.

There has lately been brought to our notice a medicine that seems to possess wonderful, curative and healing properties in disease of the Liver, Stomach and Digestive Organs. It came to us with so many testimonials in its favor that we have noted its effects in some of the worst cases of continual dibility, caused by deranged liver, and in overy instance the effect was to relieve or give a permanent cure, Dr. Sanford's Invigorator, or Liver Remedy is what we refer to. We always have been credulous about cures by patent medicines, but we are convinced that this medicine, for family use, is not overrated by the host of recommendation; it has. Our advice is, for all troubled with Indigestion, I'obility or Bowel Complaint, to got a bottle and try it; our word for it, relief will be experienced.

BLESHINGS TO THE INVALIDS Who USE Dr. Sanford's Invigorator, for it will relieve them of their pains as soon as it is taken into their etomach. Pain and misery cannot exist where the lavigorator is used, for it will as surely drive them away, as daylight will banish darkness, of this there can be no doubt to these who try it, for it carries conviction with every dose taken. Another eveloce is the thousands of certificates from those who use it or have been cured by it. Try one bottle, it it does not beneally then we are mistaken.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of the curative power, in relieving sil, and curing most of those diseases in which you are un-fortunately so liable. That most excruciating disease to an
