SPEID PEPERSION OF

8 PINISE

In attributing such valuable properties to this remedy, no rash or unwarrantable essertion is made, but is simply stated a fact; proven undeniably and conclusively by the extraordinary cures, and benefits derived from its use, under the direction of its illustrious briginator, Dr. Hoofland, among an classes of European society, and from the immense mass of testimony, from all parts of the American continent, accumulated during the last ten years, in the hands of the present proprietor. The prevalence of diseases to which the German Bitters are adapted, it is with sorrow we say it, is almost universal; indeed there is scarcely a family throughout the whole extent of our country in which there cannot be found among its members that pseuliar sallow and languid appearance denoting a diseased hiver, or an emaciated and suffering Dyspeptic.

Then of what immense importance to this class of invalid that a certain and reliable remedy should be placed within their reach; one in which no baneful or injurious drug enters into its composition; a remedy on which the pationt can rely with the utmost confidence and certainty, and be assured rom actual and taugible proofs that the article he is using leally possesses the virtues attributed to it. Such a remedy as "HOOFLAND'S GERMAN BITTERS." Thousands of dollars have been expended in its manufacture and diffusion throughout all parts of this continent, and the proprietor as "HOUTIAND'S GERMAN BITTERS." Thousands of dollars have been expended in its manufacture and diffusion throughout all parts of this continent, and the proprietor feels the greatest satisfaction in stating that there is no state, county, or even village, where the Modicine has been introduced, that there cannot be found numbers willing testify to its virtues. testify to its virtues.

It is used constantly in the practice of a large number of the most prominent Physicians in the country, who have also added their written testimony in evidence of its great virtues. In conclusion, then, we would respectfully ask of all those afficied with any of the above diseases to give the Bitters a trial, and rest assured it will never be regretted. In proof of the statements above made, all are invited to read attentively the Almanac published annually by the proprietor, for Farmers and Families, containing a great number of useful receipts, in addition to the testimony in favor of the Bitters, from the most prominent and well known individuals in all parts of the Union. All Agents for the Bitters are authorized to distribute the Almanac gratuitously. Principal Office and Manufactory, 98 Arch street, Philadelphia, Pa. pana, Pa.

It matters not from what cause the disease originated, however long standing or obstinate the case, recovery is certain, and in a shorter time than a permanent cure can be effected by any other treatment, even after the disease has baffled the skill of eminent physicians and recisted all the remeans of cure. The medicines are pleasant without odor, causing no sickness and free from mercury or balsam. During twenty years of practice, I have reacued from the jaws of death many thousands, who, in the last stages of the above mentioned diseases had been given up to die by their physicians, which warrants me is promising to the afflicted, who may place themselves under my care, a perfect and most speedy cure. Secret diseases are the greatest enemies to health, as they are the first cause of Consumption, Scretia and many other diseases, and should be a terror to the human family. As a permanent cure is scarcely ever effected, a majority of the cases falling into the hands of incompetent persons, who not only fall to cure the diseases but ruin the constitution, filling the system with mercury, which, with the disease, hastens the sufferer into a rapid Consumption. speedily, and the chease and the treatment not cause death speedily, and the victim marries, the disease is entailed upon the children, who are born with feeble constitutions, and the current of life corrupted by a virus which betrays itself in Serrofula, Tetter, Ulcers, Eruptions and other affections of the skin, eyes, throat and lungs, entailing upon them a brief xistence of suffering and consigning them to an early grave.

an early grave.

SELF ABUSE is another formidable enemy to health for nothing else in the dread catalogue of human diseases causes said so destructive a drain upon the system, drawing its thousands of victims through a few years of suffering down to an untimely grave. It destroys the nervous system, rapidly wastes away the energies of life, causes mental derangement, provents the proper development of the system, disqualifies for marriage, society, business, and all cartily happiness, and leaves the sufferer wretched in body and mind, predisposed to Consumption and a train of evils more to be dreaded than death itself. With the fullest confidence I use sure the unfortunate victims of Self-Abuse that a permanent and speedy cure can be effected, and with the abandonment of ruinous practices my patients can be restored to robust, vigorous health.

The afflicted are cautioned against the use of Patent Medicines, for there are so many ingenious anares in the columns of the public prints to catch and rob the unwary sufferers that millions have their constitutions rained by the vile compounds of quack doctors, or the equalty poisons nearly all of them contain Corrosive Sublimate, which is one of the strongest preparations of mercury and a deadly poison, which instead of curing the disease disables the system for life.

There-fourths of the patent nestrum now in use are put up by unprincipled and ignorant persons, who do not understand over the alphabet of the materia medica, and are equality as destitute of any knowledge of the human system, having one object only in view, and that to make money regardies of consequences.
