Special Meeting of Councils.

A special meeting of the City Councils was held in ne Council Chambers last evening.
In Select Council, Mr. M'Auley in the chair. The resolution passed in the Common Council relative to an exchange of the stock in the Ohio and Pennsylvania Railroad was taken up and amended by altering the date to the 19th inst., and appointing Messrs. Brown and Moorhead. In this action C. C. concurred, after receding from the former action, and appointed Messrs. Errett, Dickson and Dignum on e committee. The Aqueduct resolution coming back from the

their former action, and appointed Messrs. Kammerer and Miller a committee of conference. The Common Council appointed Messrs. Errett and Campbell on the Conference Committee. The Conference Committee reported in favor of referring back to the Aqueduct Committee, with power to act, which report was adopted, after a suspension of the rules. In this action S. C. concurred. An opinion of the City Solicitor concerning the grading and paving of streets was read, adopted and placed on file. C. C. concurred. A petition for the grading and paving of Barker's

alloy from Duquesne Way to Penn street, was referred to Committee on Grading and Paving. C. C. oncurred. A petition for the laying of water pipes on Barker's alley, from Pann street to Duquesne Way, was referred to the Water Committee. C. C. concurred. A petition for the laying of gas mains on Duquerne Way, from Irwin strest to Barker's alley, was referred to Gas Committee. C. C. concurred.

In Common Council, Mr. M'Kelvy in the chair. The resolution in relation to building a new arch, under the aqueduct, provided the cost does not exceed \$800, laid over on second reading at last meeting, was taken up, when Mr. Errett moved to amend by adding "providing the revenue during the year hould reach that amount." On motion of Mr. M'Candless, the consideration of the matter was indefinitely postponed, and referred to the Aqueduct Committee and the City Regulator, with instruction to examine into the condition of the aqueduct. Mr. Errett presented an ordinance fixing the fees of constables for returning unlicensed vehicles, and as much like a dead main going about, as anything we can making the returning of these vehicles the duty of the Chief of Police and day police or constables. After some discussion the ordinance was laid on the

> Mr. Campbell presented the following resolutions, which were adopted: Resolved, That the Finance Committee be requested to communicate with the City Solleitor whother or not, in his opinion, there is any just and legal defense which the city can or should make to e actions against the city for interest on rail bonds referred to in the correspondence with Robb & M'Connell communicated to Councils at last meeting.
>
> Resolved, That if, in the opinion of the Solicitor, uch defense can be made, the Finance Committee is hereby authorized to employ counsel to assist the Solicitor in conducting said defense.

S. C. concurred in this action. o The committee appointed with reference to granting the Allegheny Valley Railroad the right of way down Pike street, reported that an ordinance was already in existence, granting the road that right. Attached to the report was a resolution recommend. ing that no further action be taken until a conference is had with the company. The report was accepted Mr. Dickson offered a resolution authorizing the Finance Committee to contract for the erection of a weigh scale on or near Morton street, in the Ninth Ward, to be paid for from the revenue of the same, which was adopted. S. C. concurred. The ordinance relative to licenses, which had been laid on the table, was amended by striking out section second, read a third time and passed. A resolution was adopted authorizing the City Printing Committee to enquire into and report the probable cost of getting up and publishing a new and

troller not to pay the bill for printing ordinances for 1857. Council adjourned.

All about an Umbrella. Yesterday morning an information was made by Mr. D. Stewart, proprietor of a Variety Store on Fifth street, against a young German named John A. was arrested, and on the examination Mr. Stewart testified that on or about last Christmas, Young went to his store and said he wished to purchase an umbrella. He looked at a silk umbrella, worth \$4,50, which he agreed to take, but offered in payment counterfeit money, which was refused. He then concluded not to take the silk umbrella and purchased a cotton one worth \$1,75. After purchasing a ring and brenstpin he went out, while Mr. Stewart's attention was directed elsewhere, taking with him the silk umbrella and leaving the other. Yesterday a search warrant was issued, and the umbrella was found in the house of Thomas A. Hinton, his employer. The boy admits that he offered counterfeit money, but says he did not know it was bad; he also says he took the umbrella in mistake but had not time to return it. The Mayor, thinking that he might have found time to walk two squares, in the course of three months, for the purpose of returning it, bound him over to court in the sum of \$100.

Bad Streets.—The Allegheny Bridge Company, with a laudable desire, we suppose, of bettering the con-dition of Federal street, during the winter filled up that street with fine gravel and sand, between Isabella street and the bridge. The sand, by the recent thaw, has become coarse mud to the depth of eight to ten inches, causing much annoyance both to pe-destrians and vehicles. The draymen in order to get clear of the bad street have encroached on what is supposed to be the sidewalk, making it an impossibility to pass along without getting over shoe-top in mud. We call the attention of the proper authoriies to the fact, and hope to see it remedied.

Burglary.—On Saturday night, between nine and eleven o'clock, the hardware store of Whitmore, Wolff, Duff & Co., on Wood street, was robbed of goods to the amount of \$350, consisting principally of one cutlery of various kinds, mostly pocket knives. It is thought that the robbery could only have been committed by persons well acquainted with the house and precincts. The proprietors have some clue to the party engaged in the burglary, and they will probably be brought to justice in a short time. No violence was used by the burglars, and appearances indicate that the door had been opened by a false

The Three Fast Men .- To night is the last perrmance of this favorite piece, which has caused more excitement, more laughter, and made more money than any piece ever before performed in the city—not even excepting "Uncle Tom's Cabin."
The piece abounds with jokes, bonmots and puns, which excite merriment with which to while away the evening hours; for after all the great secret to be aimed at in a Theatre is amusement. People go there for that purpose and no other, and the "Three Fast Men" is the piece in which to derive it.

Penn Literary Society .- The contest of the above literary society will take place this evening, at their Hall, in the First Ward School Building. The exercises will consist of dialogues, essays, orations, de-bates, &c. A good band of music will also be in attendance, and, altogether, the performances will be excellent and pleasing. Those persons holding tickets of invitation are cordially invited to attend.

Arrest of a Madman. On Sunday afternoon, information was conveyed

o Mayor Weaver at his residence by a man named James Neeson, that an insane man named Gallagher, living on Prospect street, had in his possession a large butcher knife, with which he threatened the life of all who approached him. They said that they had employed officers Gallagher and Giblen, of the inderendent police, to arrest him, which they were unable to do. Neeson wished a warrant issued for his arrest, which the Mayor at first declined, learning that other officers were engaged, but at last consented, and wrote a note to officer Hague, requesting him to arrest Gallagher. He took with him officers Wray, Richardson and Hamilton, who soon captured him. After the Mayor's police had secured him. Common Conneil amended, the Council adhered to officer Grennan, of Alderman Lewis' office, tried to take Gallagher away. Hague refused to give him up, and took him to the tombs. He was sent to the Hospital yesterday morning. Yesterday an informa-tion was made against Hague and Wray for "rescue," by Grennan, before Alderman Lowis. They entered bail for their appearance at Court. The independent police officers state that when they went to make the arrest they already found the Mayor's police there and arrested Gallagher, and that Wray and Hague afterwards took the prisoner from him. We are sorry to see these collisions between the different bodies of police, as they can result in nothing but bitterness and ill-feeling between them. Gallagher was arrested some time ago, and sent to the Western

An Appropriate Present.—During the session of ouncils last evening, Mr. Campbell, on the part of the members of Council, presented to the venerable messenger of Councils, Capt. E. F. The Captain replied in a few very appropriate remarks, in his own peculiar style The liberal artist who took and presesented the like-ness is Mr. Lawyer, of Market street. The picture was hung up in the Common Council Chamber by the Captain, back of the President's chair, where it-will

Serious Accident .- On last Saturday morning Mr. William Brown, of Monongahela City, met with a serious accident. He was endeavoring to remove a log which was frozen to the ground on the side of a hill, when it suddenly started, and Mr. Brown not being able to get out of the way, it rolled over him. One of his thighs was fractured, and he was injured otherwise. His friends do not expect bim to recover. Mr. B. has resided in Monongahela City several years, and has for some time been Burgess of the city. He at one time resided in Allegheny, and is well known to many of our citizens.

Child Burned to Death .- We learn from the Bedford "Gazette" that one day last week, Elizabeth Gates, a colored girl, ten or twelve years of age, whilst engaged about a fire in her father's house, in Shover's Valley, in that county, was so badly burned by her clothes taking fire that she died in a short time after the accident. The deceased had charge of a number of children younger than herself and was bar father main stay and support, his "worse" half her father main stay and support, his "worse" half having deserted him some time ago.

Godey's Lady's Book,-This excellent magazine is on our table for April. This is one of the best magaon our table for April. This is one of the best maga-zines published, and is a welcome visitor at every fireside. The engravings are very fine, and the col-ored fashion plates are alone worth the price of sub-scription. We would suggest to all of our lady read-ers who desire to subscribe to a superior family magazine to procure "Godey" at once. It is published by Louis A. Godey, Philadelphia.

The Concert this Evening .- The concert of Pro fessor Wamelink and his pupils is announced for this evening, and we hope the house may be well filled. Those who attended his first concert during the winter, will not fail to be present, and many friends of the two charities for whose benefit it is given-Passavant's Infirmary and the Mercy Hospital, will be there. We would say to all who desire to spend an evening in a rational and agreeable manner, go to Lafayette Hall to night.

RIVER NEWS.

HARDY & M'GREW, Steamboat and Gen-RIVER, WEATHER, ETG.—Yesterday morning the glorious news came that the gorge at Brown's Island had broken loose, and that the river was agoing lear. The thaw together with the rain of Sunday and selected was swelling both streams very rapidly, and at dark last night there was ten feet water in the channel and the ice is running out rapidly. The weather is very warm and notwithstanding the rain freight went down to the boats. The Dacotah went out yesterday on a trial trip. She runs very well, she has taken her place at the wharf ready to receive freight.

The Neptune went out for St. Louis last night loaded to the guards. The Luzerne also came in from Brownsville and the Telegraph went out. Cards were left on board all the boats in port yesterday, notifying the officers and crew that there would be prayer meeting at the Bethel every evening this week, and inviting them all to attend. The Col Bayard will be down from Elizabeth to-day, and Among the boats leaving to-day for below are the Gazel inglo-Saxon, Messenger and Sky Lark. In some places at the wharf boats are lying two deep.— Capt. Forsyth is notifying the owners of barges that they must remove them to make room for such boats as are in port, and the first that comes.

We understand that the boats yesterday drew lots to know which boats should go out first, so that each might have its turn, but that the meeting broke up with considerable dissatisfaction, and every man pitched in for himself. Sie bran-The Commerce is loading for Wabash river. This is the only direct chance for shipment up that river, that will occur for some time. The steamer Arkansas belonging to Capt. Haynes and The steamer Arkansas belonging to Capt. Haynes and Messrs. Dean & Hale, of Ciucinnati, was sunk to ber boiler deck a few days since at Plum Point Bend on the Mississippi river. Sho was bound for Jefforson Burrack and Utah, and was loaded with government troops. The was valued at \$16,000, and was fully insured. She is a total loss.

OMES ONE BOTTLE DR. SANFORD'S INVIGORATOR. TS REQUIRED TO CURE ANY ONE it troubled with liver Complaints, unless the most desperate of cases, when the excord bottle will, with scarce a single failure, restore the patient to health and vigor. We wish to call the attention of all to these facts, that the Invigorator is compounded by a physician who has used it in his practice for the past twenty years with a success almost credulous, and that it is entirely vegetable, being composed wholly of grams.

croutous, and that it is entirely vegetable, being composed wholly of goms.

Some idea of the strength of these gums may be formed when it is known one bottle of the Invigorator contains as much "trength as one hundred doses of Calomel without any of its deleterious effects. we know there is nothing now before the American pub-lic, prepared with such skill by a scientific man, particularly it or diseased of the Liver, as Dr. Sanford's invigorator, or Liver Remedy. It has attained a reputation second to no other article in the world, simply because it rest on its own merit. To convince all by trial that it is all its proprietors claim it to be, if any of our readers are suffering from such diseases as are described in Dr. Sanford's advertisement, we know of know remedy that will so surely cure them as the Invigorator.

The invigorator cures Sick Headache. Take one or two teaspoonfuls at each attack and it will soon disappear. For an overloaded stomach, or when food rises or sours, take the invigorator after eating, and it will not prove disagreeable or oppressive. For Heartburn, Palpitation, or Difficult Breathing, take a tea poonful once or twice daily. For Loss of Appetite, Languor or Listlessness, the medicine is invaluable. It will restore the appetite and make the food digest well. Nightmare, take a teaspoonful on retiring, and the demons of dream-land will all be fairies. After eating a hearty dinner, take a dose of Invigorator and it will relieve all oppression or fullness. The Invigorator is a Liver Reme dy of unequaled virtue, acting directly on that organ, curing Dyspepsia, Jaundice, Billions Attacks, Dysentery, Piles, Worms, and all Female Obstructions, for which it has no equal.

We know there is nothing now before the American public prepared with such skill by a scientific man, particularly for diseases of the Liver, as tr. Sanford's Invigorator, or Liver Remedy. It has attained a reputation second to no other article in the word, simply because it rests on its own merit. To convince all by trial that it is all its preprietors claim it to be, if any of our readers are suffering from such diseases as are described in Dr. Sanford's advartisement, we know of no remedy that will so surely cure them as the Invigorator.

There has lately been brought to our notice a medicine that seems to possess wonderful, curative and healing properties in discusce of the Liver, Stomach and Digestive Organs. It came to us with so many testimonials in its favor that we have noted its effects in some of the worst cases of continual dibility, caused by deranged liver, and in every instance the effect was to relieve or give a permanent cure, Dr. Sanford's Invigorator, or Liver Remedy is what we refer to. We always have been credulous about cures by patent modicines, but we are convinced that this medicine, for family use, is not overrated by the host of recommendations it has. Our advice is, for all troubled with Indigestion, Poblity or Bowel Complaint, to get a bottle and try it; our word for it, relief will be experienced.

word for it, relief will be experienced.

Blessines to the Invalida who use Dr. Sanford's Invigorator, for it will relieve them of their pains as soon as it is taken into their stomach. Pain and misery cannot exist where the Invigorator is used, for it will as surely drive them away, as daylight will banish darkness, of this there can be no doubt to these whe try it, for it carries conviction with every dose taken. Another evidence is the thousands of certificates from those who use it or have been cured by it, Try one bottle, it it does not benefit, then we are mistaken. PRIOS ONE DOLLAR PER SOTTIA.
