LOCAL AFFAIRS.

John Kinsey, a citizen of Lawrenceville, came t the city on Thursday evening, and put up at Karn's For the Morning Post. Boilers and Boiler Iron. Those who manufacture and buy steam boilers ought to be well informed of the quality of iron which is to be used; and as it is not possible for them to conduct the preparation of the sheets themselves, they have to depend upon the assertion of the iron manufacturer—hence boiler makers should purchase their plates from no manufacturer whose ve-CHITIS and ALL OTHE GLONIC AFFECTIONS connected with, or prodisposing to PULMONARY DISEASE.

Many of these explosions are caused by short, or orude, imperfect iron, which it is impossible for the boiler maker to guard against by a mere superficial inspection of the sheets. Even the working of the iron in the working of the working of the iron in the working of the iron i the various operations in the workshop cannot be relied upon as a sure indication of its quality; for any iron may resist punching, shearing, bending and riveting very well, and still be unsuitable for a steam boiler. The quality of the iron must be attended to Mr. Demmler, No. 180 Liberty street. He has long the purchase anything in this line to call on the purchase anything in the purchase

Other iron may possess that we are out of HOOFLAND'S GERMAN BIFTERS, the same characteristics, but, as a general rule, all wrought iron which does not retain its fibres and tenacity after being heated and cooled, is, for the subdectoring for some time, (we think about two years,) outh just under consideration, worthless. This is a good all the doctors in the country, but all of no avail. He lacked rule by which to test boiler plate; and if our boiler as much like a slead man going about, as anything we can makers would only attend to and be governed by it, compare him to. His discusse appeared to be an overflowing we should have fewer explosions for the future, in the writer's estimation.

Country Items. Joseph Cooper, having taken a dislike to some one living on the premises of Mr. Baker. near Webster, Westmoreland county, threatened to put him out of his house. Mr. Baker forbade Cooper to come about his premises, which order the latter disregarded, and on going back Baker ordered him away. He refused o go, when Baker took a poker and drove him off. his retreat Cooper picked up a stone and threw at Baker, triking him above the left eye and breaking his skull. Baker is still living, but in a critical condition. Cooper was arrested and lodged in jail at

Peter Congman, a wagon maker, living in Kittanning, fell down last Saturday night, and falling upon his hands, broke both arms off above the wrist. Mr. Noble W odward, says the Monongahela " Re publican," was badly injured on Monday morning of

last week. He was driving his wagon under the log-slide at the saw mill in East Williamsport, when his body was caught and crushed between the wagen and the timber of the slide. He was carried home insensible, but is now sensible. A serious collision occurred on the Central Ohio | fresh, by Railroad last Saturday evening, about ten miles west of Zanesville. A wood train running east, to which

Scarlet fever is prevailing to a considerable extent among children at Shelocta, in Indiana county. Several cases have also made their appearance in

f Coshocton county, Ohio, met with an accident a few days since. Miss B. was stepping from the porch of the jail building, and had just raised her hand to her head to adjust her bonnet, when a gun loaded with shot was discharged by a boy named Wagonner, near by, the contents entering her hand and neck. Her hand was badly lacerated, and several of the shot entered her neck. The raising of her hand in all probability saved her life. She was at first supposed to be fatally injured, but is now in We learn from the Monongahela "Republican,"

that while Mr. Joseph B. Cortney was at work on one of the buildings of the Gibston Mills, near Bellevernon, a few days since, the scaffold gave way, pre-cipitating him to the ground, fracturing his collar one, and otherwise injuring him. On Saturday of last week two little girls, children of Mr. Macauley, attempted to cross the ice at Mavin's Mill, near Wellsburg, Va., but when near the middle broke through. The children could not be rescued, and a Mr. Kose was nearly drowned in

his efforts to rescue them. On last Saturday, a house in West Newton, the property of Mr. William Thompson, was burned to

the ground. It was occupied by a man named Pni-lanzo Paul, as a chair factory. The building was not insured. It contained about one hundred col-Which he will sell very low for OASH. In addition to his tocks, Hinges, Knives and Forks, and Spoons, and a large supply of Sansage Curters and Stuffers;

From a personal examination of the facilities of this College to impart a thorough business education to young men, and from a personal acquaintance with the Principal and several of the Professors, we are enabled to recommend the Institution to those who need the important instructions therein imparted." Benefit of Mr. Hamilton.—Mr. Hamilton takes a benefit at the Theatre this evening, and a new and attractive bill is offered for the occasion, consisting of a new drama by William B. English, entitled Rosina Meadows, or the Village Maid," in which Miss Helen sustains the leading character, and Mr. Hamilton that of Jethro Baxter; "The Belle of Ireland," with Miss Lucille as Kate O'Brien, with the song of "Kate Kearney;" and "Robert Macaire," with Mr. Hamilton as Jacques Strop. In the first piece Miss Helen will introduce the song of "Home, Sweet Home." Altogether, this is a good bill, and will attract a large audience. These stars will ream in our city for three evenings more-Monday, Tuesday and Wednesday-when they will leave for ew York city, where they have an engagement.

Improvements .- The Pittsburgh, Fort Wayne and Chicago Railroad Company, animated by a desire to increase the comforts of passengers have erected sevcral additional gas lamps on their passenger platorm. These lights were required, as heretofore it I.IQUOR MERCHANTS, has been scarcely light enough to protect passengers wriving by night trains from the thieves and swindlers that infest the depots. They have also erected a new shed on the Grant street platform. This will only temporary. Two bells have also been suspended at the Penn and Liberty street crossings, which are rung by the watchmen when a train approaches. A man has also been stationed at the ederal street crossing in Allegheny with a red flag, which he waves when a train is coming.

Col. Forney's Lecture.—A lecture by John W. Fornder the direction of the Young Men's Mercantile Library Association. The same lecturer was announced some weeks since, but did not get here on account of more pressing engagements. We hope he will not disappoint us this time. The subject which he has chosen, "American Statesmen," is a good one, and one which he is well qualified, from his long intimacy with the great men of our country, to do jus-tice to. We feel assured that he will not exhibit the artizanship manifested by a recent lecturer here the, in alluding to American statesmen, mentioned only those helding his particular creed of politics. The workmen on Foster's New National Theatre

re using their strongest exertions to hasten the work; and under the superintendence of the Gov. ernor the work is progressing rapidly. We learn that "old man" Bailey, always a favorite in Pittsourgh, will return at the opening of this Theatre. Shad .- Mr. Reed, of the great oyster depot, prem ises a lot of extra fine shad this morning at twenty-five cents apiece. The shad at this season are delightful eating, and we promise the clear fish for an

ppreciating community. Convalescent.-Louisa Williams, the colored girl stabbed a few weeks since by Perry Hartman, has Pittsburgh, Columbus & Cincinnati been rapidly recovering, and is now quite well. Yesterday she was able to walk out. Hartman will be tried at the coming term of Court.

The Courts have not been in session for the past few days. To-morrow, however, the District and Orphans' Courts meet, and on next Monday the March term of the Criminal Court will commence.

He retired to bed early, after placing his pocket book, containing between thirty five and forty dollars, under his pillow for safety. When he arose yesterday morning, he found his pocket book missing, and instead of going on his journey he was obliged to remain and hunt up the thief. Suspicion fell upon one Reuben H. Birdsell, who slept in another bed in the same room, and got up earlier than Kinsey. Kinsey made information before the Mayor, charging Birdsell with the larceny, a warrant was issued, and he was ar rested. On being searched, however, the money was

It speedily removes grease, tar, paint, printers' ink and dirt from the heads, leaving the skin soit, and free from chapping.

To avoid the labor of rubbing the clothes, and the use of the wash-board, the following directions should be followed:

For the washing of eight or ten of a family, take one pound of Scap, cut it into shavings, and dissolve in one gation of not water; put the clothes into a tub containing about ten gallons of warm water; pour in the dissolved Scap, and stir thoroughly. Let them soak twenty to thirty minutes, wring out, and rinse in warm water once, cold water twice. A very dirty wrist-band, or seam, or grease spots, may require a slight rubbing, but otherwise the clothes will come out clean and white, without rubbing or boiling. Cold water may be used in place of hot, requiring about double time in soaking.

DR. SANFORD'S INVIGORATOR. IS REQUIRED TO CURE ANY ONE Lativo transfer to the second bottle will, with scarce a single failure, restore the patient to health and vigor. We wish to call the attention of all to these facts, that the Invigorator is compounded by a physician who has sued it in his practice for the past twenty years with a success almost credulous, and that it is entirely vegetable, being composed wholly of grams.

credinious, and that it is entirely vegetable, being composed wholly of grams.

Some idea of the strength of these gums may be formed when it is known one bottle of the Invigorator contains as much strength as one hundred doses of Calomel without an y of its deleterious effects.

We know there is nothing now before the American public, prepared with such skill by a scientific man, particularly for diseases of the Liver, as Dr. Sanford's Invigorator, or other article in the world, simply because it rest; on its own merit. To convince all by trial that it is all its proprietors claim it to be, if any of our readers are suffering from such diseases as are described in Dr. Sanford's advertisement, we know of know remedy that will so surely cure them as the

The Invigorator cures sick Headache. Take one or two teaspoonfuls at each attach and it will soon disappear. For an overloaded statusch, or when food rises or sours, take the an overloaded stotiach, or when food rises or sours, take the Invigorator after cuting, and it will not prove disagreeable or oppressive. For flearthurn, Palpitation, or Difficult Breathing, take a tea poonful once or twice daily. For Loss of Appetite, Languor or Listlessness, the medicine is invaluable. It will restore the appetite and make the food digest well. Nightmare, take a teaspoonful on retiring, and the demons of dream-land will all be fairles. After eating a hearty dinner, take a dose of Invigorator and it will relieve all oppression or fullness. The Invigorator as Liver Remedy of unequaled virtue, acting directly on that organ, curing Dyspepsia, Janniice, Billions Attacks, Dysentery, Piles, Worms, and all Female Obstructions, for which it has an equal.

We know there is nothing now before the American pub-lic prepared with such skill by a scientific man, particular-ly for diseases of the Liver, as i.r. Sanford's Invigorator, or Liver Remedy. It has attained a reputation second to no other article in the wor d, simply because it reats on its own merit. To convince all by trial that it is all its proprietors claim it to be, if any of our readers are suffering from such diseases as are described in Dr. Sanford's advertisement, we know of no remedy that will so surely cure them as the nvigorator.

There has lately been brought to our notice a medicine that seems to possess wonderful, curative and healing properties in discuses of the Liver, Stomach and Digestive Organs. It came to us with so many testimonials in its favor that we have noted its effects in some of the worst cases of continual dibility, caused by deranged liver, and in every instance the effect was to relieve or give a permanent cure, Dr. Sanford's Invigorator, or Liver Remedy is what we refer to. We always have been credulous about cures by patent medicines, but we are convinced that this medicine, for family use, is not overrated by the host of recommendation, it has. Our advice is, for all troubled with Indigestion, Publity or Howel Complaint, to get a bottle and try it; our word for it, relief will be experienced.

Blessings to the invalue who use Dr. Sanford's invigorator, for it will relieve them of their pains as soon as it is taken into their stomach. Pain and misery cannot exist where the invigorator is used, for it will assurely drive them away, as daylight will banish dockness, of this there can b, no doubt to these whe try it, for it carries conviction with every dose taken. Another evidence is the thousands of certificates from those who use it of have been cured by it, Tro one bottle, it it does not behavilt, then we are mistaken.

DRAR MADAM.—The reputation of the Medical Discovery, in curing all kind of humors, is as well established by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most shiffful physicians and the most careful Druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of the curative power, in relieving all, and curing most of these diseases in which you are unfortunately so liable. That mest exeruciating disease to an affectionate mother,

NURSING SORE MOUTH,
