SPRECH OF SEAATOR FOUGLAS. The telegraph inferms us of the fact that the Hon. Stephen A. Douglas delivered his great speech on the Kansas question on Monday evening in the Senate. Every available spot in and about the Senate Chamber was packed, to hear the favorite son of Illinois, We have no doubt the effort of the Little Giant is equal to his most finished efforts, and will add to his reputation as a statesman and orator. The public will lock with interest for the reprint of this speech by the press of the

country.

HISS MENDING. We are informed by advertisement and handbill of a meeting to be held this evening in City Hall, which will be addressed by John W Forney, Esq., and Will A. Stokes, Esq. The meeting is called by Democrats, and will

doubtiess be largely attended, as this Kansas question is now at its pinching point, and excites the attention of the entire community We shall give our opinion in full upon this movement to-morrow.

Buried Alive. A letter dated Holland, Erie county, Pa. March, 15. says :--- ' A very afflictive dispensction of Providence has taken place within twenty miles of this place. A Presbyterian minister named Reed was going to attend a meeting of the presbytery. He stopped over night with another minister at a private house. Mr. Reed was taken with a fit in the night, and it was supposed he had died. The other minister being in a hurry to get to the meeting in season had him buried the next day. Or his return from meeting heleft word at Oxford that their minister was dead and buried. His friends went immediately to get his remains and bring them to Oxford, when to their great sorrow they discovered that he had been buried alive. The cover of the coffin wes split, and his shroud was completely torn off, and turned nearly on his face. He was a

Mr. Howard maintained that there was nothing clearer than that the admission of a new State was in the nature of a contract. .
